33 CFR Part 165

[CGD08-06-023]

RIN 1625-AA11

Regulated Navigation Area; Atchafalaya River, Berwick Bay, Berwick Bay, LA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to remove both paragraph (f)(4) and the note located at the end of the section from 33 CFR 165.811. Coast Guard Vessel Traffic Service (VTS) Berwick Bay has determined that the Southern Pacific Railroad (SPRR) Bridge visual displays are no longer necessary due to updated VTS technologies and procedures that actively inform towing vessels that the rules of 33 CFR 165.811 are in effect at the time of entry into the VTS. This action will relieve the owner of the SPRR Bridge and the Coast Guard from maintaining antiquated visual displays and related equipment.

DATES: Comments and related material must reach the Coast Guard on or before January 26, 2007.

ADDRESSES: You may mail comments and related material to Commander (dpw), Eighth Coast Guard District, 500 Poydras Street, New Orleans, LA 70130-3310. Background and Purpose

BNSF Railway Company, the owner of the Southern Pacific Railroad (SPRR) Bridge, has requested to change visual displays requirements for the SPRR Bridge set forth in 33 CFR 165.811. In September 2005, the visual displays atop the SPRR Bridge were destroyed by Hurricane Rita and have not been restored. Prior to their destruction, the visual displays consisted of two vertically arranged red balls by day and two vertically arranged flashing white lights by night. The displays were maintained by the bridge owner and were activated upon direction by the Coast Guard Vessel Traffic Service (VTS) Berwick Bay during high water periods as specified in 33 CFR 165.811. Prior to the current implementation of VTS Berwick Bay, the use of visual displays on the SPRR Bridge served as the primary means of advising towing vessels that the provisions of 33 CFR 165.811 were in effect, or were anticipated to be placed into effect, in order to reduce the risk of mishaps involving towing vessels and the local bridges crossing the waterway.
