AGENCY: Southwestern Power Administration, DOE.

ACTION: Notice of Rate Order.

SUMMARY: Pursuant to Delegation Order Nos. 00-037.00, effective December 6, 2001, and 00-001.00B, effective July 28, 2005, the Deputy Secretary has approved and placed into effect on an interim basis Rate Order No. SWPA-57, which increases the power rate for the Robert Douglas Willis Hydropower Project (Willis) pursuant to the following Willis Rate Schedule:

Rate Schedule RDW-06, Wholesale Rates for Hydro Power and Energy Sold to Sam Rayburn Municipal Power Agency (Contract No. DE-PM75-85SW00117)

The effective period for the rate schedule specified in Rate Order No. SWPA-57 is January 1, 2007, through September 30, 2010.

FOR FURTHER INFORMATION CONTACT: Mr. Forrest E. Reeves, Assistant Administrator, Office of Corporate Operations, Southwestern Power Administration, Department of Energy, One West Third Street, Tulsa, Oklahoma 74103, (918) 595-6696, gene.reeves@swpa.gov.

SUPPLEMENTARY INFORMATION: The existing hydroelectric power rate for the Robert Douglas Willis project is \$648,096 per year. The Federal Energy Regulatory Commission approved this rate on a final basis on June 21, 2006, for the period January 1, 2006, through September 30, 2009. The 2006 Willis Power Repayment Studies indicate the need for an increase in the annual rate by \$167,484 or 25.8 percent beginning January 1, 2007.

The Administrator, Southwestern Power Administration (Southwestern) has followed Title 10, Part 903 Subpart A, of the Code of Federal Regulations, "Procedures for Public Participation in Power and Transmission Rate Adjustments and Extensions" in

connection with the proposed rate schedule. On August 10, 2006, Southwestern published notice in the **Federal Register** (71 FR 45820), of a 60-day comment period, together with a combined Public Information and Comment Forum, to provide an opportunity for customers and other interested members of the public to review and comment on a proposed rate increase for the Willis project. The public forum was canceled when no one expressed an intention to participate. Written comments were accepted through October 10, 2006. One comment was received from Gillis & Angley, Counsellors at Law, on behalf of Sam Rayburn Municipal Power Agency and the Vinton Public Power Authority, which stated that they had no objection to the proposed rate adjustment.

Information regarding this rate proposal, including studies and other supporting material, is available for public review and comment in the offices of Southwestern Power Administration, One West Third Street, Tulsa, Oklahoma 74103.

Following review of Southwestern's proposal within the Department of Energy, I approved Rate Order No. SWPA-57, on an interim basis, which increases the existing Robert D. Willis rate to \$815,580, per year, for the period January 1, 2007, through September 30, 2010.
