**Standard Instrument Approach Procedures; Miscellaneous Amendments**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment amends Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are

designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective January 9, 2007. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of January 9, 2007.

**ADDRESSES:** Availability of matter incorporated by reference in the amendment is as follows:

*For Examination—*

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Ave., SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which affected airport is located; or

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169, or

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: <http://www.archives.gov/federal-register/code-of-federal-regulations/ibr-locations.html>.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA–200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

**SUPPLEMENTARY INFORMATION:** This amendment to Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) amends Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in the appropriate FAA Form 8260, as modified by the National Flight

Data Center (FDC)/Permanent Notice to Airmen (P–NOTAM), which is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Code of Federal Regulations. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

**The Rule**

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P–NOTAMs.

The SIAPs, as modified by FDC P–NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

**Conclusion**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No.: 0612213340–6339–01]

RIN 0690–AA35

**Civil Monetary Penalties; Adjustments**

**AGENCY:** Office of the Secretary, Commerce.

**ACTION:** Final rule.

**SUMMARY:** This final rule is being issued to adjust civil monetary penalties (CMPs) provided by law within the jurisdiction of the Department of Commerce (the Department). Recent changes to the International Emergency Economic Powers Act (IEEPA), as amended by the USA PATRIOT Improvement and Reauthorization Act of 2005 (Patriot Act), Public Law 109–177, increased the penalties for two violations. The intent of this rule is to

make the Department’s regulations consistent with those changes.

**DATES:** This rule is effective January 9, 2007.

**ADDRESSES:** Office of General Counsel, Department of Commerce, 1401 Constitution Avenue, NW., MS 5876, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Peter Robbins, 202–482–0846.

**SUPPLEMENTARY INFORMATION:** As part of its obligations under the Federal Civil Penalties Inflation Adjustment Act of 1990, Public Law 101–410, as amended by the Debt Collection Improvement Act of 1996, the Department regularly evaluates CMPs to ensure that they continue to maintain their deterrent value and that penalty amounts due to the Federal Government are properly accounted for and collected. Under some circumstances, the Department may also need to adjust a portion of the CMPs within its jurisdiction in order to make them consistent with statutory changes.

The recent Patriot Act adjusted certain CMPs under IEEPA. A civil monetary penalty is defined as any penalty, fine, or other sanction that:

1. Is for a specific monetary amount as provided by Federal law;
2. Is assessed or enforced pursuant to Federal law; and
3. Is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal courts.

This rule adjusts the affected CMPs that are codified at 15 CFR 6.4(a)(4) and 15 CFR 6.4(a)(5) in order to make them consistent with the statutory changes. The actual penalty assessed for a particular violation will continue to be dependent upon a variety of factors.

**Rulemaking Requirements**

It has been determined that this rule is not significant for purposes of Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), the Department for good cause finds that notice and an opportunity for comment required by the Administrative Procedure Act are unnecessary for this rulemaking. It is unnecessary to ask for notice and comment because the USA Patriot Act changed two CMPs within the Department’s jurisdiction. As such, the corresponding changes to the Department’s regulations are wholly non-discretionary. This rule merely
