

2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from the other country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

Panel Decision: On January 5, 2007, the binational panel issued its decision in the review of the final results of the affirmative antidumping duty determination made by the International Trade Administration (ITA) respecting Certain Softwood Lumber Products from Canada (Secretariat File No. USA-CDA-2002-1904-02). Because the Panel concluded that the October 12, 2006 revocation of the antidumping order rendered moot this proceeding and all motions pending at the time of revocation, the Panel grants the motion to dismiss.

The panel has directed the Secretary to issue a Notice of Final Panel Action on the 11th day following the issuance of the decision.

Dated: January 8, 2007.

Caratina L. Alston,

United States Secretary, NAFTA Secretariat.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 010807C]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Groundfish Management Team (GMT) will hold a working meeting, which is open to the public.

DATES: The GMT meeting will be held Tuesday, January 30, 2007, from 8:30 a.m. until business for the day is completed. The GMT meeting will reconvene Wednesday, January 31 2007, through Thursday, February 1, 2007, from 8:30 a.m. until business for the day is completed.

ADDRESSES: The GMT meeting will be held at the National Marine Fisheries Service, NOAA Western Regional Center's Sand Point Facility, Northwest Region Office, Building 1, HR Conference Room, 7600 Sand Point Way NE, Seattle, WA 98115-0070, (206) 526-6150.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, Oregon 97220-1384.

FOR FURTHER INFORMATION CONTACT: Mr. John DeVore, Groundfish Management Coordinator; telephone: 503-820-2280.

SUPPLEMENTARY INFORMATION: The primary purpose of the GMT working meeting is to elect officers (chair and vice-chair), update commercial bycatch models with new West Coast Groundfish Observer Program data, evaluate recreational impact projection models and consider methodology recommendations, consider recommendations for inseason adjustments to 2007 groundfish fisheries, evaluate the updated whiting fishery bycatch projection model, consider recommendations for implementing regulations for the shoreside whiting fishery for 2008 and beyond, plan 2007 GMT meetings and activities, and consider recommendations for developing a trawl individual quota (TIQ) program. The GMT will elect officers during a closed session at the start of the meeting on Tuesday, January 30 and will convene their open public meeting no later than 10:30 a.m. The GMT will discuss TIQ issues and recommendations on Thursday, February 1 regardless of progress on other agenda issues during the first two days of the meeting. The GMT may also address other assignments relating to groundfish management. No management actions will be decided by the GMT. The GMT's role will be development of recommendations for consideration by the Council at its March meeting in Sacramento, California.

Although non-emergency issues not contained in the meeting agenda may come before the GMT for discussion,

those issues may not be the subject of formal GMT action during this meeting. GMT action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the GMT's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at 503-820-2280 at least five days prior to the meeting date. Entry to the NOAA Western Regional Center's Sand Point Facility requires visitors to show a valid picture ID and register with security. A visitor's badge, which must be worn while at the NOAA Western Regional Center's Facility, will be issued to non-Federal employees participating in the meeting.

Dated: January 8, 2007.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF DEFENSE

Office of the Secretary

Publication of Housing Price Inflation Adjustment under 50 U.S.C. App. 531

AGENCY: DoD, Office of the Under Secretary (Personnel and Readiness).

ACTION: Notice.

SUMMARY: The Servicemembers Civil Relief Act, as codified at 50 U.S.C. App. 531, prohibits a landlord from evicting a Service member (or the Service member's family) from a residence during a period of military service except by court order. The law as originally passed by Congress applied to dwellings with monthly rents of \$2400 or less. The law requires the Department of Defense to adjust this amount annually to reflect inflation, and to publish the new amount in the **Federal Register**. We have applied the inflation index required by the statute. The maximum monthly rental amount for 50 U.S.C. App. 531(a)(1)(A)(ii) as of January 1, 2007, will be \$2720.95.

EFFECTIVE DATE: January 1, 2007.

FOR FURTHER INFORMATION CONTACT: Colonel C. Garcia, Office of the Under

Secretary of Defense for Personnel and Readiness, (703) 697-3387.

Dated: January 5, 2007.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8267-5]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Denver Regional Landfill South, Weld County, CO

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to a state operating permit.

SUMMARY: This document announces that the EPA Administrator has responded to a citizen petition asking EPA to object to a Clean Air Act (Act) title V operating permit issued by the Colorado Department of Public Health and Environment (CDPHE). Specifically, the Administrator has denied the March 9, 2006 petition submitted by Rocky Mountain Clean Air Action and Jeremy Nichols (Petitioners) to object to the March 1, 2006 operating permit issued to Denver Regional Landfill South (DRLS).

Pursuant to section 505(b)(2) of the Act, a petitioner may seek judicial review of EPA's denial of a petition in the United States Court of Appeals for the appropriate circuit. Any petition for review shall be filed within 60 days from the date this notice appears in the **Federal Register**, pursuant to section 307 of the Act.

ADDRESSES: You may review copies of the final order, the petition, and other supporting information at the EPA Region 8 Office, 999 18th Street, Suite 200, Denver, Colorado 80202-2466, and following the relocation of Region 8 at 1595 Wynkoop Street, Denver, Colorado 80202-1129. EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the copies of the final order, the petition, and other supporting information. You may view the hard copies Monday through Friday, 8 a.m. to 4 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before visiting. Additionally, the final order for Denver Regional Landfill South is

available electronically at: <http://www.epa.gov/region7/programs/artd/air/title5/petitiondb/petitiondb2006.htm>.

FOR FURTHER INFORMATION CONTACT:

Christopher Razzazian, Office of Partnership and Regulatory Assistance, EPA, Region 8, 999 18th Street, Suite 200, Denver, Colorado 80202-2466, (303) 312-6648, razzazian.christopher@epa.gov.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review, and object to, as appropriate, a title V operating permit proposed by a state permitting authority. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator, within 60 days after the expiration of the EPA review period, to object to a title V operating permit if EPA has not done so. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period, or the grounds for the issues arose after this period.

On March 9, 2006, EPA received a petition from Petitioners requesting that EPA object to the title V operating permit for Denver Regional Landfill South. The request was based on various allegations related to permit-specific procedural and substantive issues. The following is a summary of the main objections raised by the Petitioners: (1) Colorado did not respond to significant comments Petitioners raised during a second comment period on the permit, which resulted in deficiencies in the permit; (2) the operating permit fails to ensure compliance with the New Source Performance Standards (NSPS) for municipal solid waste landfills; (3) the operating permit fails to ensure compliance with startup, shutdown, and malfunction plan requirements in relation to the control of hazardous air pollutants; and (4) the operating permit contains an inappropriate exemption from emission limits during upset conditions and thus, fails to ensure compliance with applicable requirements related to NAAQS and PSD increments.

On December 22, 2006, the Administrator issued an order denying the petition. The order explains the reasons behind EPA's conclusion to deny the petition for objection on all grounds.

Dated: December 28, 2006.

Robert E. Roberts,

Regional Administrator, Region 8.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[OW-FRL-8268-1]

Beaches Environmental Assessment and Coastal Health Act

AGENCY: Environmental Protection Agency.

ACTION: Notice of Availability of Grants for Implementation of Coastal Recreation Water Monitoring and Public Notification under the Beaches Environmental Assessment and Coastal Health Act.

SUMMARY: The Beaches Environmental Assessment and Coastal Health (BEACH) Act, signed into law on October 10, 2000, amended the Clean Water Act (CWA), to incorporate provisions to reduce the risk of illness to users of the Nation's recreational waters. Section 406(b) of the CWA, as amended by the BEACH Act, authorizes the U.S. Environmental Protection Agency (EPA) to award program development and implementation grants to eligible States, Territories, Tribes, and local governments to support microbiological monitoring of coastal recreation waters, including the Great Lakes, that are adjacent to beaches or similar points of access used by the public. BEACH Act grants also support development and implementation of programs to notify the public of the potential exposure to disease-causing microorganisms in coastal recreation waters. EPA encourages coastal and Great Lakes States and Territories to apply for BEACH Act grants for program implementation (referred to as implementation grants) to implement effective and comprehensive coastal recreation water monitoring and public notification programs. EPA also encourages coastal and Great Lakes Tribes to apply for BEACH Act grants for program development (referred to as development grants) to develop effective and comprehensive coastal recreation water monitoring and public notification programs.

DATES: States and Territories must submit applications on or before April 11, 2007. Eligible Tribes should notify the relevant Regional BEACH Act grant coordinator of their interest in applying on or before March 12, 2007. Upon receipt of a Tribe's notice of interest,
