SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) Northeast Region manages the Atlantic sea scallop (scallop) fishery of the Exclusive Economic Zone (EEZ) off the East Coast under the Atlantic Sea Scallop Fishery Management Plan (FMP). The regulations implementing the FMP are at 50 CFR part 648. This collection, Amendment 10, was merged with Framework Adjustments 14, 15, 16, 17 and 18 of the FMP.

Amendment 10 included new access area broken trip notification

requirements and access area trip exchange procedures for limited access vessels participating in the Area Access Program.

Framework Adjustments 14 and 15 required occasional scallop vessels that participate in the Area Access Program to install a vessel monitoring system (VMS) unit.

Framework Adjustment 16 required the installation of VMS units on general category scallop vessels participating in the Area Access Program. These vessels are required to declare an access area trip prior to departure and to report daily catch information while on an access area trip.

Framework Adjustment 17 extended the VMS reporting requirements to include the general category vessels that possess or land more than 40 lbs. of scallop meats. The VMS is required to be fully automatic and operational at all times, unless exempted under the power-down exemption. These vessels are required to declare a trip prior to departure and to report daily catch information while on an access area trip.

Framework Adjustment 18 required vessels taking broken trip compensation trips to enter a unique trip identification code into their VMS units prior to departure.

II. Method of Collection

VMS transmissions, paper applications, telephone calls and/or E-mail are required from participants. Facsimile transmission of paper forms, mail, E-mail, and/or express mail are the methods of information submittal.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed renewal of its Senior Corps Project Progress Report (PPR)—reference OMB Control Number 3045-0033, with an expiration date of August 31, 2007. In conjunction with the PPR renewal, the Corporation proposes to make several modifications:

- Streamline the "Data Demographic" section of the collection instrument to reduce frequency and eliminate redundancy; and
- Modify the PPR datasheet frequency schedule from biennial to annual.
