January 10, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Carthage to Perryville Project—Phase III involving construction and operation of facilities by CenterPoint Energy Gas Transmission Company (CenterPoint) in Red River Parish, Louisiana and Panola County, Texas (Project).¹ This EA will be used by the Commission in its decision-making process to determine whether the Project is in the public convenience and necessity.
