SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55085; File No. SR-NYSEArca-2006-37]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change as Modified by Amendment No. 1 Thereto To Trade the StreetTRACKS Dow Jones Global Titans Index Fund Pursuant to Unlisted Trading Privileges

January 11, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 18, 2006, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. On January 4, 2007, the Exchange amended the proposed rule change ("Amendment No. 1").³ This order provides notice of the proposed rule change, as modified by Amendment No. 1, and approves the proposed rule change as amended on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange, through its wholly owned subsidiary NYSE Arca Equities, Inc. ("NYSE Arca Equities") proposes to trade shares ("Shares") of the streetTRACKS® Dow Jones Global Titans Index Fund (Symbol: DGT) ("Fund") pursuant to unlisted trading privileges ("UTP") based on NYSE Arca Equities Rule 5.2(j)(3).

The text of the proposed rule change is available on the Exchange's Web site (<http://www.nysearca.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In Amendment No. 1 the Exchange provided additional information relating to the dissemination of the index value and the estimates of the value of the fund shares.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to trade Shares of the Fund pursuant to UTP. The Fund is comprised of 50 common stocks, which are chosen by Dow Jones based on a multi-factor methodology. The Fund invests in foreign securities, including non-U.S.-dollar-denominated securities traded outside the United States and dollar-denominated securities of foreign issuers traded in the United States. The Fund's investment objective is to replicate as closely as possible, before expenses, the performance of the Dow Jones Global Titans Index ("Index"), using an indexing investment approach. The net asset value ("NAV") for the Fund is calculated by the Fund's custodian, State Street Global Advisors. After calculation, such NAV is disseminated by the American Stock Exchange LLC ("Amex") and is available to the public through the Fund's distributor, State Street Capital Markets, LLC. The NAV is also available to National Securities Clearing Corporation ("NSCC") participants through data made available from NSCC. The NAV of the Fund is determined each business day, normally at the close of regular trading of the New York Stock Exchange ("NYSE").

The Commission previously approved the original listing and trading of the Shares on Amex.⁴ The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. The trading hours for the Shares on the Exchange are the same as those set forth in NYSE Arca Equities

Rule 7.34, except that the Shares will not trade during the Opening Session (4 a.m. to 9:30 a.m. Eastern Time) unless the Indicative Optimized Portfolio Value ("IOPV") is calculated and disseminated during that time.

Quotations for and last sale information regarding the Shares are disseminated through the Consolidated Quotation System. The value of the Index is updated intra-day on a real-time basis as individual component securities of the Index change in price. The intra-day value of the Index is disseminated every 15 seconds throughout Amex's trading day. In addition, a value for the Index is disseminated once each trading day, based on closing prices in the relevant exchange market.

To provide updated information relating to the Shares for use by investors, professionals, and persons wishing to create or redeem them, Amex disseminates through the facilities of the Consolidated Tape Association ("CTA") the IOPV for the Fund as calculated by a securities information provider. The IOPV is disseminated on a per-share basis every 15 seconds during regular Amex trading hours of 9:30 a.m. to 4 p.m. or 4:15 p.m. Eastern Time depending on the time Amex specifies for the trading of the Shares.

The Fund includes companies trading in markets with trading hours overlapping Amex's regular trading hours. During the overlap period, an IOPV calculator updates an IOPV every 15 seconds to reflect price changes in the principal foreign markets, and converts such prices into U.S. dollars based on the currency exchange rates. When the foreign market or markets are closed but Amex is open for trading, the IOPV is updated every 15 seconds to reflect changes in currency exchange rates.

The IOPV may not reflect the value of all securities included in the Index. In addition, the IOPV does not necessarily reflect the precise composition of the current portfolio of securities held by the Fund at a particular point in time. Therefore, the IOPV on a per-share basis disseminated during the NYSE's regular trading hours should not be viewed as a real time update of the NAV of the Fund, which is calculated only once a day. The IOPV is intended to closely approximate the value per share of the portfolio of securities for the Fund and provide for a close proxy of the NAV at a greater frequency for investors.

The Commission has granted the Fund an exemption from certain prospectus delivery requirements under Section 24(d) of the Investment

Company Act of 1940 ("1940 Act.")⁵ Any product description used in reliance on the Section 24(d) exemptive order will comply with all representations made and all conditions contained in the Fund's application for orders under the 1940 Act.⁶

In connection with the trading of the Shares, the Exchange would inform ETP Holders in an Information Circular of the special characteristics and risks associated with trading the Shares, including how they are created and redeemed, the prospectus or product description delivery requirements applicable to the Shares, applicable Exchange rules, how information about the value of the underlying Index is disseminated, and trading information. In addition, before an ETP Holder recommends a transaction in the Shares, the ETP Holder must determine that the Shares are suitable for the customer as required by NYSE Arca Equities Rule 9.2(a)-(b).

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products to monitor trading in the Shares. The Exchange represents that these procedures are adequate to monitor Exchange trading of the Shares.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act⁷ in general and Section 6(b)(5) of the Act⁸ in particular in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments and perfect the mechanisms of a free and open market, and to protect investors and the public interest. In addition, the Exchange believes that the proposal is consistent with Rule 12f-5 under the Act⁹ because it deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Written comments on the proposed rule change were neither solicited nor received.

The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2006-37 and should be submitted on or before February 12, 2007.

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁰ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹¹ which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general to protect investors and the public interest. The Commission believes that this proposal should benefit investors by increasing competition among markets that trade the Shares.

In addition, the Commission finds that the proposal is consistent with Section 12(f) of the Act,¹² which permits an exchange to trade, pursuant to UTP, a security that is listed and registered on another exchange.¹³ The Commission notes that it previously approved the listing and trading of the Shares on Amex.¹⁴ The Commission also finds that the proposal is consistent with Rule 12f-5 under the Act,¹⁵ which provides that an exchange shall not extend UTP to a security unless the exchange has in effect a rule or rules providing for transactions in the class or type of security to which the exchange extends UTP. The Exchange has represented that it meets this requirement because it deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,¹⁶ which sets forth Congress' finding that it is in the

public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotations for and last sale information regarding the Shares are disseminated through the Consolidated Quotation System. Furthermore, an IOPV calculator updates the IOPV every 15 seconds to reflect price changes in the principal foreign markets and converts such prices into U.S. dollars based on the current currency exchange rate. When the foreign market or markets are closed but Amex is open for trading, the IOPV is updated every 15 seconds to reflect changes in currency exchange rates. NYSE Arca Equities Rule 7.34 describes the situations when the Exchange would halt trading when the IOPV or the value of the Index underlying one of the Funds is not calculated or widely available.

The Commission notes that, if the Shares should be delisted by Amex, the original listing exchange, the Exchange would no longer have authority to trade the Shares pursuant to this order.

In support of this proposal, the Exchange has made the following representations:

1. The Exchange's surveillance procedures are adequate to monitor the trading of the Shares.
2. In connection with the trading of the Shares, the Exchange would inform ETP Holders in an Information Circular of the special characteristics and risks associated with trading the Shares.
3. The Information Circular would inform participants of the prospectus or product delivery requirements applicable to the Shares.

This approval order is conditioned on the Exchange's adherence to these representations.

The Commission finds good cause for approving this proposal before the thirtieth day after the publication of notice thereof in the **Federal Register**. As noted previously, the Commission previously found that the listing and trading of the Shares on Amex is consistent with the Act.¹⁷ The Commission presently is not aware of any regulatory issue that should cause it to revisit that earlier finding or preclude the trading of the Shares on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposal should benefit investors by creating, without undue delay, additional

¹⁰ In approving this rule change, the Commission notes that it has considered the proposal's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹¹ 15 U.S.C. 78f(b)(5).

¹² 15 U.S.C. 78f(f).

¹³ Section 12(a) of the Act, 15 U.S.C. 78l(a), generally prohibits a broker-dealer from trading a security on a national securities exchange unless the security is registered on that exchange pursuant to Section 12 of the Act. Section 12(f) of the Act excludes from this restriction trading in any security to which an exchange "extends UTP." When an exchange extends UTP to a security, it allows its members to trade the security as if it were listed and registered on the exchange even though it is not so listed and registered.

competition in the market for the Shares.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁸ that the proposed rule change (SR-NYSEArca-2006-37), as modified by Amendment No. 1, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁹

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NYSE Arca has substantially prepared summaries, set forth in Sections A, B,

and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Arca is proposing to amend its Schedule in order to make the following changes to certain fees and charges that are assessed to OTP Holders and OTP Firms. The Exchange also proposes making minor technical changes to the Schedule at this time.

Royalty Fees

The Exchange proposes to eliminate the \$0.10 per contract Royalty Fee on options traded on the following ETFs: the Russell 1000 Index Fund (IWB); the Russell 1000 Value Index Fund (IWD); the Russell 2000 Index Fund (IWM); the Russell 2000 Value Index Fund (IWN); the Russell 2000 Growth Fund (IWO); and the Russell Midcap Index fund (IWR). As of January 1, 2007, the Exchange will no longer assess the \$0.10 per contract on any transactions involving the aforementioned ETFs.

The Exchange proposes to begin assessing a \$0.10 per contract Royalty Fee on options traded on the following ETFs: the Financial Select Sector SPDR (XLF); the Technology Select Sector SPDR (XLK); and the Healthcare Select Sector SPDR (XLV). The Exchange also proposes a \$0.15 per contract Royalty Fee on options traded on the Russell 2000 Index (RUT). The Exchange will begin assessing these fees on transactions in the aforementioned ETFs as of January 1, 2007.

Marketing Fees

The Exchange presently assesses Market Makers⁶ a per contract Marketing Fee on all transactions involving public customer orders. For orders in the NASDAQ-100 Tracking Stock (QQQQ), the Exchange charges Market Makers \$0.95 per contract; in the Standard and Poor’s Depository Receipts (SPY), the Exchange charges \$1.00 per contract. In all other issues, the Exchange charges Market Makers \$0.45 per contract. The Exchange now proposes to amend the fee it charges on non-QQQQ and non-SPY transactions to \$0.65 cents per contract. The fee on QQQQ and SPY orders will remain the same. The increased Marketing Fee will be used to attract additional order flow to the Exchange, thereby allowing NYSE Arca to remain competitive with other

⁶ Market Maker, as defined in NYSE Arca Rule 6.1(b)(29) and NYSE Arca Rule 6.1A(a)(4).
