

5M, Comparison of 2004 and 2009 Noise Contours; Table 6–2, Summary of Noise Monitoring Date; Table 6–3, Noise Monitor Sites Ranked by Triangulated Distance from the Aircraft; Table 6–4, Noise Monitor Sites Ranked by Distance from the Ground Path of the Aircraft; Figure 6.2, Noise Monitoring Data vs. INM Prediction; Figure 6.3, Noise Exposure vs. Distance from Aircraft; Figure 6.4, Noise Exposure vs. Distance from Aircraft Ground Path; Table 6.5, Shreveport Regional Airport Air Carrier/Air Taxi/Commuter Schedule; Table 6.6, Air Cargo Arrivals/Departures; Exhibit 6A, Noise Monitoring Locations.

The FAA has determined that these maps for the Shreveport Regional Airport are in compliance with applicable requirements. This determination is effective on January 12, 2007. The FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of FAR part 150. Such determination does not constitute approval of the applicant's data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under § 150.21 of FAR part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Shreveport Regional Airport, also

effective on January 12, 2007.

Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before July 11, 2007.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, § 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration, Louisiana/New Mexico Airports Development Office, Room 692, 2601 Meacham Boulevard, Fort Worth, TX 76137–4298; Director of Airports, Shreveport Airport Authority, 5103 Hollywood Avenue, Suite 300, Shreveport, LA 71109.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Fort Worth, Texas, January 12, 2007.

Kelvin L. Solco,

Manager, Airports Division.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Docket No. FHWA–2007–26825]

Agency Information Collection Activities: Request for Comments for New Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA has forwarded the information collection request described

in this notice to the Office of Management and Budget (OMB) for approval of a new information collection. We published a **Federal Register** Notice with a 60-day public comment period on this information collection on November 3rd, 2006. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by February 21, 2007.

ADDRESSES: You may send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention DOT Desk Officer. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. All comments should include the Docket number FHWA–2006–26825.

FOR FURTHER INFORMATION CONTACT: Kenneth Petty, 202–366–6654, or Jody McCullough, 202–366–2825, Office of Planning, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC, 20590. Office hours are from 7:45 a.m. to 4:15 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Transportation, Community, and System Preservation Program Grant Application. Transportation Planning Excellence Awards Nomination Form.

Background: Transportation, Community, and System Preservation Program Grant Application: Section 1117 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) provides funding for the Transportation, Community, and System Preservation (TCSP) Program. The TCSP Program is a comprehensive initiative of research and grants to investigate the relationships between transportation, community, and system preservation plans and practices and identify sector-based initiatives to improve such relationships. States, metropolitan planning organizations, local governments, and tribal governments are eligible for discretionary grants to carry out eligible projects to integrate

transportation, community, and system preservation plans and practices that:

- Improve the efficiency of the transportation system of the United States.
- Reduce environmental impacts of transportation.
- Reduce the need for costly future public infrastructure investments.
- Ensure efficient access to jobs, services, and centers of trade.
- Examine community development patterns and identify strategies to encourage private sector development patterns and investments that support these goals.

The 2-page TCSP grant application is the tool used to collect the necessary information needed to successfully submit eligible TCSP Program projects to the Secretary of Transportation for approval and for the distribution of the funds to the States. The TCSP grant application includes three parts: A) Project Information—General contact and funding information, B) Project Abstract—Overview of the purpose and intent of project, and C) Project Narrative—Description of the project and the expected results.

The TCSP Program is a discretionary program. However, beginning in FY 2000, the projects awarded TCSP Program funding have been designated by Congress. In order to comply with Congressional-designation, the Federal Highway Administration (FHWA) Division offices will continue to be asked to identify the intended recipient of the TCSP designated grant. The specified grant recipient would then be asked to complete the grant application each fiscal year that they receive TCSP funding. The participants will have a choice of providing their information by means of the Internet or a printed application.

Transportation Planning Excellence Awards Nomination Form: The Transportation Planning Excellence Awards (TPEA) program is a biennial awards program developed by the FHWA and the Federal Transit Administration (FTA) to recognize outstanding initiatives across the country to develop, plan, and implement innovative transportation planning practices. The program is co-sponsored by the American Planning Association.

The on-line TPEA nomination form is the tool for submitters to nominate a process, group, or individual involved in a project or process that has used the FHWA and/or the FTA funding sources to make an outstanding contribution to the field of transportation planning. The information about the process, group, or individual provided by the submitter may be shared and published if that submission is selected for an award.

The TPEA is a biennial awards program and individuals will be asked to submit nominations via the online form every two years. The participants will provide their information by means of the Internet.

Respondents: For the TCSP Program, States, metropolitan planning organizations, local governments, and tribal governments may apply in which approximately 100 participants have responded annually. For the TPEA, 150 participants are expected to apply in the first and third year, because it is a biennial program.

Frequency: For the TCSP Program, grant applications are solicited on an annual basis. For the TPEA, nominations are solicited biennially.

Estimated Average Burden per Response: For the TCSP Program, 90 minutes. For the TPEA Program, approximately 60 minutes.

Estimated Total Annual Burden Hours: For the TCSP Program, 150 hours annually. For the TPEA, 150 hours in the first year and 150 hours in the third year.

Electronic Access: Internet users may access all comments received by the U.S. DOT Dockets, Room PL-401, by using the universal resource locator: <http://dms.dot.gov>, 24 hours each day, 365 days each year. Please follow the instructions online for more information and help.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: January 16, 2007.

James R. Kabel,
Chief, Management Programs and Analysis,
Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Office of Hazardous Materials Safety; Notice of Application for Special Permits

AGENCY: Pipeline and Hazardous Materials Safety Administration, DOT.

ACTION: List of Applications for Special Permits.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein. Each mode of transportation for which a particular special permit is requested is indicated by a number in the "Nature of Application" portion of the table below as follows: 1—Motor vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo aircraft only, 5—Passenger-carrying aircraft.

DATES: Comments must be received on or before February 21, 2007.

Address Comments to: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.

FOR FURTHER INFORMATION CONTACT: Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street, SW., Washington, DC or at <http://dms.dot.gov>.

This notice of receipt of applications for special permits is published in accordance with part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on January 16, 2007.

Delmer E. Billings,
Director, Office of Hazardous Materials,
Special Permits & Approvals.

NEW SPECIAL PERMIT

Application No.	Docket No.	Applicant	Regulation(s) affected	Nature of special permit thereof
14452-N	Martek Biosciences Corporation, Winchester, KY.	49 CFR 173.241	To authorize the transportation in commerce of certain Division 4.2 hazardous materials in non-DOT specification bulk containers. (Mode 1)
