Notice of Extension of Time Limit for Final Results of Antidumping Duty Administrative Review: Steel Concrete Reinforcing Bars from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 23, 2007.

FOR FURTHER INFORMATION CONTACT:

Terre Keaton Stefanova or Katherine Johnson, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1280 or 202-482-4929, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 10, 2006, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the 2004 - 2005 administrative review of the antidumping duty order on steel concrete reinforcing bars from the Republic of Korea. *See Steel Concrete Reinforcing Bar From The Republic of Korea: Notice of Preliminary Results and Preliminary Rescission, in Part, of Antidumping Duty Administrative Review*, 71 FR 59440 (October 10, 2006). The final results for this administrative review are currently due no later than February 7, 2007.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires the Department to issue the final results of the review of an antidumping duty order within 120 days after the date on which the preliminary results are published in the **Federal Register**. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days from the date of publication of the preliminary results.

The Department finds that it is not practicable to complete the final results of this review within the original time limit. Due to the complexity of the issue raised by the petitioners in its case brief regarding the respondents’ reporting of yield strength, a model-match characteristic, the Department requires additional time to properly analyze this issue. Therefore, we are fully extending the deadline for the final results of this review until no later than April 9, 2007, the next business day after 180 days from publication of the preliminary results, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1), 751(a)(3)(A), and 777(i)(1) of the Act.

Dated: January 17, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Certain Tissue Paper Products from the People’s Republic of China: Extension of Time Limit for Preliminary Results of the First Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 23, 2007.

FOR FURTHER INFORMATION CONTACT:

Kristina Horgan or Bobby Wong, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230;

telephone: (202) 482-8173, or (202) 482-0409, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 28, 2006, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on certain tissue paper from the People’s Republic of China (PRC) for the period September 21, 2004, to February 28, 2006. *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 25145 (April 28, 2006).

On October 24, 2006, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(h)(2), the Department extended the deadline for the preliminary results of review until February 16, 2007. *See Certain Tissue Paper Products from the People’s Republic of China: Extension of Time Limit for Preliminary Results of the First Administrative Review*, 71 FR 62249 (October 24, 2006).

On November 6, 2006, the Department reopened the record of the instant review to allow interested parties to submit new factual information. See “Letter To All Interested Parties from James C. Doyle RE: First Administrative Review of Certain Tissue Paper Products from the People’s Republic of China,” dated November 6, 2006. On December 22, 2006, the petitioner submitted a revised, final bracketed version of its timely filed November 13, 2006 submission, which contained comments regarding the Sansico Group’s claim of no shipments.¹ On January 3, 2007, the Sansico Group timely filed comments addressing the petitioner’s December 22, 2006, submission.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Act, and 19 CFR 351.213(h)(1) require the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of the order for which the administrative review was requested, and the final results of the review within 120 days after the date on which the notice of the preliminary results was published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2) allow the Department to extend the 245-day

¹ The Sansico Group claimed it had no shipments of subject merchandise during the POR in a submission dated May 22, 2006.

period to 365 days and the 120-day period to 180 days.

We determine that it is not practicable to complete this administrative review by February 16, 2007. The Department requires additional time to review the recent comments regarding the Sansico Group's claim of no shipments in the instant review. Therefore, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department is extending the time limit for the completion of these preliminary results by an additional 43 days to April 2, 2007, which is the first business day after the additional 43-day extension. The final results, in turn, will be due 120 days after the date of issuance of the preliminary results, unless extended.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: January 12, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Textile and Apparel Products from Vietnam: Import Monitoring Program; Request for Comments

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Request for Public Comment – Import Monitoring of Textile and Apparel Products from Vietnam.

SUMMARY: As a follow-up to its December 4, 2006 request for public comment, the Department of Commerce (the Department) is providing an additional opportunity for the public to comment on the development and implementation of a monitoring program covering imports of textile and apparel products from Vietnam. This monitoring program will remain in place for the duration of this Administration. To help the Department implement the program and, at the same time, be advised of the concerns of all interested stakeholders, the Department is inviting the public to provide further input on the monitoring program and identify issues or considerations that submitters believe are deserving of the Department's attention as the program proceeds. Responses to comments already received by the Department as part of its December 4, 2006 request are also welcome.

DATES: To be most useful, the Department requests that comments be submitted by close of business, January 31, 2007. However, the Department will continue to welcome and solicit additional views and input from all parties on an ongoing basis.

ADDRESSES: Comments may be submitted in writing or electronically. Persons wishing to comment in writing should file, by the date specified above, a signed original and four copies of each set of comments. Written comments should be addressed to David M. Spooner, Assistant Secretary for Import Administration, Room 1870, Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230. Electronic comments should be submitted to *vietnam-texapp-monitor-FRcomments@mail.doc.gov*. Comments should be limited to 25 pages or less.

All comments will be available for public inspection at Import Administration's Central Records Unit, Room B-099, between the hours of 8:30 a.m. and 5 p.m. on business days. The Department will not accept nor consider comments accompanied by a request that a part or all of the material be treated confidentially because of its business proprietary nature or for any other reason. In addition, all comments will be made available to the public in Portable Document Format (PDF) on the Internet at the Import Administration Web site at the following address: <http://ia.ita.doc.gov>. To the extent possible, all comments will be posted within 48 hours. Any questions concerning file formatting, document conversion, access on the Internet, or other electronic filing issues should be addressed to Andrew Lee Beller, Import Administration Webmaster, at (202) 482-0866, e-mail address: *webmaster-support@ita.doc.gov*.

FOR FURTHER INFORMATION CONTACT: Kelly Parkhill at (202) 482-3791.

SUPPLEMENTARY INFORMATION: The Department is instituting an import monitoring program for textile and apparel products from Vietnam. The Department currently monitors imports of textile and apparel products from Vietnam and all other textile and apparel producing countries as part of the regular monitoring and reporting conducted by Import Administration's Office of Textiles and Apparel. This program, which is not meant to inhibit legitimate trade, will supplement those monitoring activities already undertaken by that office and help ensure compliance with the trade remedy laws.

Implementation of the program began on January 11, 2007 when Vietnam became a Member of the World Trade Organization (WTO) and will cease at the end of the current Administration. Five product groups – trousers, shirts, underwear, swimwear and sweaters – have been identified as being of special sensitivity for monitoring purposes and specific products from these broad categories will constitute the initial focus of Import Administration's monitoring efforts. Outreach to interested parties, including domestic textile and apparel producers, workers, retailers, importers and the Government of Vietnam, will continue throughout the monitoring process and products may be added or removed from monitoring as appropriate.

OUTREACH PROCESS: As noted, the outreach process will be ongoing and continue throughout the life of the program. All parties are welcome to meet with or otherwise provide input to the Department. There will be no restrictions on access to the Department or preconditions for comment on the monitoring program. In addition, the Department will establish an electronic hotline – *vietnam-texapp-monitor-hotline@mail.doc.gov* – to make it easier for parties to provide input, raise questions or submit suggestions to the Department about the program. The Department fully anticipates that input from this outreach process will lead to improvements in the monitoring program, as the need arises.

The Department intends to hold a public hearing on the program in Washington, D.C. within the next three months. A separate notice in the **Federal Register** announcing the hearing and providing guidance on participation will be issued no later than 30 days in advance of the hearing. The Department is also considering the possibility of holding a series of field hearings. If held, the Department intends to ensure that the locations of these hearings will be convenient to the broad array of parties that have expressed interest in the monitoring program including domestic textile and apparel producers, workers, retailers and importers. The Department is also examining ways in which access to the hearing(s) may be extended to those unable to attend in person.

The Department also intends to develop an email notification system to provide parties notice of upcoming developments. Those interested in being included in the email notification system should provide the Department with their email address. Email addresses may be submitted in writing
