#### SUPPLEMENTARY INFORMATION:

##### Background on Viticultural Areas

###### *TTB Authority*

Section 105(e) of the Federal Alcohol Administration Act (the FAA Act, 27 U.S.C. 201 *et seq.*) requires that alcohol beverage labels provide consumers with adequate information regarding product identity and prohibits the use of misleading information on those labels. The FAA Act also authorizes the Secretary of the Treasury to issue regulations to carry out its provisions. The Alcohol and Tobacco Tax and Trade Bureau (TTB) administers these regulations.

Part 4 of the TTB regulations (27 CFR part 4) allows the establishment of definitive viticultural areas and the use of their names as appellations of origin on wine labels and in wine advertisements. Part 9 of the TTB regulations (27 CFR part 9) contains the list of approved viticultural areas.

###### *Definition*

Section 4.25(e)(1)(i) of the TTB regulations (27 CFR 4.25(e)(1)(i)) defines a viticultural area for American wine as a delimited grape-growing region distinguishable by geographical features, the boundaries of which have been recognized and defined in part 9 of the regulations. These designations allow vintners and consumers to attribute a given quality, reputation, or other characteristic of a wine made from grapes grown in an area to its geographic origin. The establishment of viticultural areas allows vintners to describe more accurately the origin of their wines to consumers and helps consumers to identify wines they may purchase. Establishment of a viticultural area is neither an approval nor an endorsement by TTB of the wine produced in that area.

##### *Requirements*

Section 4.25(e)(2) of the TTB regulations outlines the procedure for proposing an American viticultural area and provides that any interested party may petition TTB to establish a grape-growing region as a viticultural area. Section 9.3(b) of the TTB regulations requires the petition to include—

- Evidence that the proposed viticultural area is locally and/or nationally known by the name specified in the petition;

- Historical or current evidence that supports setting the boundary of the proposed viticultural area as the petition specifies;

- Evidence relating to the geographic features, such as climate, soils, elevation, and physical features, that distinguish the proposed viticultural area from surrounding areas;

- A description of the specific boundary of the proposed viticultural area, based on features found on United States Geological Survey (USGS) maps; and

- A copy of the appropriate USGS map(s) with the proposed viticultural area's boundary prominently marked.

##### **Paso Robles Westside Petition**

TTB has received a petition from Holland & Knight LLP, San Francisco, California, proposing the establishment of the “Paso Robles Westside” American viticultural area in northern San Luis Obispo County, California. The petition was filed on behalf of 21 vintners and grape growers with interests in the proposed viticultural area, which is located approximately 20 miles east of the Pacific Ocean and 180 miles south of San Francisco. There are, according to the petitioner, approximately 2,425 acres within the proposed viticultural area currently dedicated to commercial vineyards.

##### *Relationship to Existing Viticultural Areas*

The proposed 179,622-acre Paso Robles Westside viticultural area is entirely within the existing 609,564-acre Paso Robles viticultural area (27 CFR 9.84), which in turn is entirely within the existing, multi-county Central Coast viticultural area (27 CFR 9.75). The Bureau of Alcohol, Tobacco and Firearms (ATF), TTB's predecessor agency, established the Paso Robles viticultural area in 1983 (see T.D. ATF-148, 48 FR 45239, October 4, 1983). In 1996, ATF expanded the Paso Robles viticultural area along its western boundary, increasing the viticultural area's size from approximately 557,000 acres to 609,564 acres (see T.D. ATF-377, 61 FR 29952, June 13, 1996).
