

C. Public reporting burden for this collection is estimated to average 0.5 hours for Schedule A and 1.5 hours for Schedule B. The estimated burden includes the total time necessary to provide the requested information. In your opinion, how accurate is this estimate?

D. The agency estimates that the only cost to a respondent is for the time it will take to complete the collection. Will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with the information collection?

E. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

F. Does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

As a Potential User of the Information To Be Collected

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the levels of detail to be collected?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternate sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.

Statutory Authority: Section 3507(j)(1) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13).

Issued in Washington, DC, January 23, 2007.

Jay H. Casselberry,

Agency Clearance Officer, Energy Information Administration.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-62-000AES Sparrows Point LNG, LLC; Docket Nos. CP07-63-000, CP07-64-000, CP07-65-000, Mid-Atlantic Express, LLC]

Notice of Applications for Certificates of Public Convenience and Necessity and Section 3 Authorization

January 23, 2007.

Take notice that on January 8, 2007, AES Sparrows Point LNG, LLC, (AES Sparrows Point) filed an application in Docket No. CP07-62-000 pursuant to Section 3(a) of the Natural Gas Act (NGA), and Parts 153 and 380 of the Commission's regulations for authorization to site, construct and operate a liquefied natural gas (LNG) receiving terminal and associated facilities to be located in Baltimore County, Maryland as a place of entry for the importation of LNG.

Also take notice that on January 8, 2007, Mid-Atlantic Express, LLC, (Mid-Atlantic Express) filed pursuant to Section 7(c) of the NGA and the Commission's regulations; (1) an application in Docket No. CP07-53-000 for a certificate of public convenience and necessity; (i) authorizing Mid-Atlantic Express to construct, own and operate the Mid-Atlantic Express's pipeline under Part 157, Subpart A, (ii) approving the pro forma Tariff submitted as Exhibit P of the application, and (iii) approving the proposed initial rates for pipeline transportation services; (2) an application in Docket No. CP07-54-000, for a blanket certificate authorizing Mid-Atlantic Express to engage in certain self-implementing routine activities under Part 157, Subpart F; and (3) an application in Docket No. CP07-55-000, for a blanket certificate authorizing Mid-Atlantic Express to transport natural gas, on an open access and self-implementing basis, under Part 284, Subpart G.

Any questions regarding these applications should be directed to Christopher H. Diez, AES Sparrows Point LNG, LLC & Mid-Atlantic Express, LLC, 140 Professional Parkway, Suite A, Lockport, New York 14094.

These filings are available for review at the Commission's Washington, DC offices or may be viewed on the Commission's Web site at <http://www.ferc.gov/> using the "e-Library" link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact

FERC Online Support at ferconlinesupport@ferc.gov or Telephone: 202-502-6652; Toll-free: 1-866-208-3676; or for TTY, contact (202) 502-8659.

AES Sparrows Point seeks authorization to site, construct and operate a new LNG import terminal LNG Terminal, with an initial delivery capacity of 1.5 billion cubic feet per day of natural gas, to be located at the Sparrows Point industrial complex in Baltimore County, Maryland. AES Sparrows Point's proposed LNG Terminal would be located on an about 80 acre parcel located at the Sparrows Point industrial complex, which is situated on the Sparrows Point peninsula extending into the Chesapeake Bay east of the Port of Baltimore. The LNG Terminal would include facilities to receive LNG from ocean-going LNG ships, store the LNG onshore in full-containment tanks, re-vaporize the LNG, and then deliver pipeline quality natural gas to the Mid-Atlantic Express pipeline.

Mid-Atlantic Express seeks authorization to construct and operate an 88-mile natural gas pipeline that will transport regasified LNG from the Terminal to interconnections with three existing interstate pipelines in the vicinity of Eagle, Pennsylvania. Mid-Atlantic Express conducted an open season for firm transportation capacity on its proposed pipeline and AES Mid-Atlantic LNG Marketing, LLC, an affiliate of Mid-Atlantic Express, submitted a bid for the entire capacity of the Pipeline and was accepted as the sole customer of the project at this point. Mid-Atlantic Express estimates that the cost of its pipeline facilities will be about \$415 million. The details of Mid-Atlantic Express's proposed transportation services and the derivation of the initial recourse rates for those services are shown in Exhibit P of Mid-Atlantic Express's filing.

AES Sparrows Point and Mid-Atlantic Express propose to commence service in late 2010. AES Sparrows Point and Mid-Atlantic Express request that the Commission issue a final order in these proceedings by November 1, 2007 to enable them to begin construction in a timely manner to achieve their proposed in-service date.

On April 3, 2006, the Commission staff granted AES Sparrows Point's and Mid-Atlantic Express's request to utilize the Pre-Filing Process and assigned Docket No. PF06-22-000 to staff activities involving Sparrows Point LNG's and Mid-Atlantic Express's combined project. Now, as of the filing of Sparrows Point LNG's and Mid-Atlantic Express's applications on

January 8, 2007, the Pre-Filing Process for this project has officially concluded. And while the PF docket number is now closed, all of the information contained in the Pre-Filing Process will become part of the LNG terminal authorization and pipeline certificate proceeding(s). From this time forward, Sparrows Point LNG's and Mid-Atlantic Express's proceedings will be conducted in Docket Nos. CP07-62-000, CP07-63-000, CP07-64-000, and CP07-65-000 as noted in the caption of this Notice. All future correspondence should refer to these CP docket numbers only.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this Project. First, any person wishing to obtain legal status by becoming a party to the proceeding for this project should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10) by the comment date, below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene to have comments considered. The second way to participate is by

filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project and/or associated pipeline. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 285.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-filing" link. The Commission strongly encourages electronic filings.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project and associated pipeline. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed pipeline and balances that against the non-environmental benefits to be provided by the project.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Comment Date: February 14, 2007.

Magalie R. Salas,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP07-139-000]

Algonquin Gas Transmission, LLC; Notice of Proposed Changes in FERC Gas Tariff

January 23, 2007.

Take notice that on January 19, 2007, Algonquin Gas Transmission, LLC (Algonquin) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the tariff sheets listed in Appendix A to the filing to be effective February 19, 2007.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call
