

economic impact on a substantial number of small entities as defined by the act.

No Takings Implications

This final directive has been analyzed in accordance with the principles and criteria contained in Executive Order 12360, Governmental Actions and Interference with Constitutionally Protected Property Rights, and it has been determined that it would not pose the risk of a taking of private property as they are limited to the establishment of administrative procedures.

Energy Effects

This final directive has been analyzed under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. It has been determined that it does not constitute a significant energy action as defined in the Executive order.

Civil Justice Reform

This final directive has been reviewed under Executive Order 12988, Civil Justice Reform. This final directive will direct the work of Forest Service employees and is not intended to preempt any state and local laws and regulations that might be in conflict or that would impede full implementation of this directive. The directive would not retroactively affect existing permits, contracts, or other instruments authorizing the occupancy and use of National Forest System lands and would not require the institution of administrative proceedings before parties may file suit in court challenging its provisions.

Unfunded Mandates

Pursuant to Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), which the President signed into law on March 22, 1995, the effects of this final directive on state, local, and tribal governments, and on the private sector have been assessed and do not compel the expenditure of \$100 million or more by any state, local, or tribal government, or anyone in the private sector. Therefore, a statement under section 202 of the act is not required.

Federalism

The agency has considered this final directive under the requirements of Executive Order 13132, Federalism. The agency has made an assessment that the final directive conforms with the federalism principles set out in this Executive order; would not impose any significant compliance costs on the states; and would not have substantial

direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Moreover, this final directive addresses the land management planning process on national forests, grasslands, or other units of the National Forest System, which do not directly affect the states.

Consultation and Coordination With Indian Tribal Governments

This final directive does not have tribal implications as defined by Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, and therefore, advance consultation with tribes is not required.

Controlling Paperwork Burdens on the Public

This final directive does not contain any record keeping or reporting requirements or other information collection requirements as defined in 5 CFR part 1320 and, therefore, impose no paperwork burden on the public. Accordingly, the review provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and implementing regulations at 5 CFR part 1320 do not apply.

Conclusion

This final directive provides consistent interpretation of the 2005 planning rule for line and staff officers, and interdisciplinary teams. Therefore, the agency can fulfill its commitment to improve public involvement and decisionmaking associated with developing, amending, or revising a land management plan.

Forest Service

Notice of New Fee Site; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108-447)

AGENCY: Chugach National Forest, USDA Forest Service.

ACTION: Notice of New Fee Site.

SUMMARY: The Chugach National Forest will begin charging a fee for the overnight use and occupancy of new campsites and a fee for rental of the new group use pavilion at the Childs Glacier Recreation Area. Projected fees will range from \$10 to \$30 per night for existing walk in and new campsites and \$75 and \$150 per day for the new group use pavilion. No Campgrounds currently exist on the Cordova Ranger District. The Childs Glacier Recreation Area redevelopment project, 2005–2006, will provide this new facility for public use. Funds from the rental will be used for the continued operation and maintenance of Childs Glacier Recreation Area.

DATES: Childs Glacier Campground will become available for use August, 2007.

ADDRESSES: Forest Supervisor, Chugach National Forest, 3301 "C" Street, Suite 300, Anchorage, AK 99503.

FOR FURTHER INFORMATION CONTACT: Robert Behrends, Public Services Staff Officer, Cordova Ranger District, 907–424–4729.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

Childs Glacier Recreation Area is located on the 700,000 acre Copper River Delta and is the most visited site on the Cordova Ranger District. The site is situated in a unique setting beside a large glacier where ice chunks frequently calve into the world renowned Copper River. Currently campground rental on the Chugach National Forest ranges from \$10–\$22 per night and \$130 per day for pavilion rental. A projected range of fees from \$10 to \$30 per night for camping and \$75 to \$150 per day for the pavilion is both reasonable and acceptable for a new campground and group use facility providing a unique recreation experience in a dynamic setting in Alaska.

Dated: January 24, 2007.

Joe Meade,

Chugach National Forest Supervisor.

Clad Steel Plate from Japan; Final Results of the Expedited Sunset Review (Second Review) of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 2, 2006, the Department of Commerce (the Department) initiated the second sunset review of the antidumping duty order on clad steel plate from Japan pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On the basis of a notice of intent to participate and a complete substantive response filed on behalf of the domestic interested parties, and no response from respondent interested parties, the Department conducted an expedited sunset review of the antidumping duty order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B). As a result of this sunset review, the Department finds that revocation of the order would be likely to lead to continuation or recurrence of dumping

at the levels indicated in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: January 31, 2007.

FOR FURTHER INFORMATION CONTACT: Nichole Zink or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0049 and (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 2, 2006, the Department of Commerce initiated a sunset review of the antidumping duty order on clad steel plate from Japan pursuant to section 751(c) of the Act. *See Initiation of Five-year (Sunset) Reviews*, 71 FR 57921 (October 2, 2006) (*Notice of Initiation*). The Department received a notice of intent to participate from the domestic parties, Mittal Steel USA (Mittal Steel) and United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC (USW), within the deadline specified in 19 CFR 351.218(d)(1)(i). Mittal Steel claims interested party status under section 771(9)(C) of the Act as a domestic manufacturer of clad steel plate. USW claims interested party status under section 771(9)(D) of the Act as a certified union or recognized union group of workers which is representative of an industry engaged in the manufacture, production, or wholesale in the United States of clad steel products.

The Department received a complete substantive response from Mittal Steel within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We did not receive a substantive response from respondent interested parties in this proceeding. As a result, pursuant to 19 CFR 351.218(e)(1)(iii)(C), the Department determined that it was appropriate to conduct an expedited 120-day sunset review of this antidumping duty order.

Scope of the Order

The scope of this order is all clad¹ steel plate of a width of 600 millimeters

¹ Cladding is the association of layers of metals of different colors or natures by molecular interpenetration of the surfaces in contact. This limited diffusion is characteristic of clad products and differentiates them from products metalized in other manners (e.g., by normal electroplating). The various cladding processes include pouring molten cladding metal onto the basic metal followed by rolling; simple hot-rolling of the cladding metal to ensure efficient welding to the basic metal; any
