Boorim Corporation	58.79

Assessment

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), because we have the reported entered value of DMC's U.S. sales, we have calculated importer-specific assessment rates for DMC based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those sales. For Boorim, Dae Kyung, Dine, and Dosko, we will instruct CBP to liquidate entries at the rates indicated above. The Department will issue appraisal instructions directly to CBP. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States, as well as any companies for which we are rescinding the review based on claims of no shipments. In such instances, we will instruct CBP to liquidate unreviewed entries at the All Others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of SSSC from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates indicated above; (2) for

previously investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, or in the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 2.49 percent, the All Others rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

David M. Spooner,

Assistant Secretary for Import Administration.

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Engage stakeholders in a dialogue on the increased use of European standards in the Middle East and North Africa and market access for U.S. exporters. Invite public comment on this subject.

SUMMARY: The use of European standards in the Middle East and North Africa is growing. The European Union (EU) is providing technical assistance and building ties to harmonize regulations and standards so as to facilitate trade between the EU and these regions. This meeting will provide U.S. industry an opportunity to exchange their experiences and express their views on this subject.

DATES: The date of the meeting is Thursday, February 15, 2007.

SUPPLEMENTARY INFORMATION: For more than ten years the European Commission has offered technical assistance to a broad group of countries in institution building, developing regulatory and administrative infrastructure, and support for conformity assessment, market surveillance, and metrology organizations. Europe's financial and technical support makes countries more

open to using European standards and facilitates two-way trade between these markets. Ties between the EU and specific markets in the region are also being solidified through partnership agreements with CEN, the European Committee for Standardization, and through affiliate membership in CENELEC, the European Committee for Electrotechnical Standardization. CEN's Partner Standardization Body (PSB) agreements, which some Middle Eastern and North African countries are considering signing, typically have a clause that requires signatories to withdraw conflicting national standards from the market. Israel is considering a partnership agreement with CEN and an affiliation with CENELEC. Egypt and Tunisia are the only other Middle East or North African countries known to have signed a partnership agreement with CEN. Tunisia is also an affiliate of CENELEC.

The Department of Commerce cordially invites all interested stakeholders to attend a public meeting on the presence of European standards in the Middle East and North Africa. The meeting is an opportunity for interested parties to provide information and input to the U.S. government on how this trend in standardization affects market access for U.S. goods in the region. Key government officials working directly on this issue from various agencies will be in attendance.

Date: Thursday, February 15, 2007.

Time: 10 a.m.–12 p.m.

Where: U.S. Department of Commerce, 14th and Constitution Avenue, NW.

The Education Primary seat, which was vacated by the previously appointed representative before the end of the term, should expect to serve until February 2008.

DATES: Applications are due by February 23, 2007.

ADDRESSES: Application kits may be obtained from the following Web address; <http://www.montereybay.noaa.gov/sac/2007/recruit07v1/011607covlet.html>, or through the Sanctuary office at 299 Foam Street, Monterey, CA 93940. Completed applications should be sent to the same address.

SUPPLEMENTARY INFORMATION: The MBNMS Advisory Council was established in March 1994 to assure continued public participation in the management of the Sanctuary. Since its establishment, the Advisory Council has played a vital role in decisions affecting the Sanctuary along the central California coast.

The Advisory Council's twenty voting members represent a variety of local user groups, as well as the general public, plus seven local, State and Federal governmental jurisdictions. In addition, the respective managers or superintendents for the four California National Marine Sanctuaries (Channel

Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary and the Monterey Bay National Marine Sanctuary) and the Elkhorn Slough National Estuarine Research Reserve sit as non-voting members.

Four working groups support the Advisory Council: The Research Activity Panel ("RAP") chaired by the Research Representative, the Sanctuary Education Panel ("SEP") chaired by the Education Representative, the Conservation Working Group ("CWG") chaired by the Conservation Representative, and the Business and Tourism Activity Panel ("BTAP") chaired by the Business/Industry Representative, each dealing with matters concerning research, education, conservation and human use. The working groups are composed of experts from the appropriate fields of interest and meet monthly, or bi-monthly, serving as invaluable advisors to the Advisory Council and the Sanctuary Superintendent.

The Advisory Council represents the coordination link between the Sanctuary and the state and federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the central California coastal and marine ecosystems.

The Advisory Council functions in an advisory capacity to the Sanctuary Superintendent and is instrumental in helping develop policies, program goals, and identify education, outreach, research, long-term monitoring, resource protection, and revenue enhancement priorities. The Advisory Council works in concert with the Sanctuary Superintendent by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Superintendent in achieving the goals of the Sanctuary program within the context of California's marine programs and policies.
