

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60 Day-07-05CV]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 and send comments to Joan Karr, CDC Acting Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the

agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Survey of 911 Emergency Treatment for Heart Disease and Stroke—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC has a responsibility to monitor and reduce death and disability due to heart disease and stroke and needs information concerning Emergency Medical Services (EMS) practices to effectively coordinate national public health interventions. The proposed project will enhance CDC's understanding of the field practices of local emergency medical services (EMS) provider organizations and state level administration and oversight, and

provide interaction with important stakeholders for partnering and cooperation. A survey will be conducted with approximately 2,250 local EMS departments focusing on standards of emergency care, treatment protocols, administrative oversight, training, certification, and service area characteristics. The survey sample includes all local EMS provider organizations in nine states (FL, MA, KS, MT, NM, PA, OR, SC, AR). The data collected will provide important insights into the "state of the practice" of pre-hospital emergency medical services related to cardiac and stroke care specifically. The study also will cover organizational and administrative aspects of EMS at the state and sub-state district level in the same nine states, major public and private stakeholders in the conduct of EMS, technical support issues, and practices related to positive outcomes in pre-hospital cardiac and stroke emergency care. Data analysis will include a compilation of the practices in use and comparison of organizational and administrative configurations.

There are no costs to respondents except their time to participate in the survey. The total estimated annualized burden hours are 563.

ESTIMATE OF ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Survey of Local Level EMS agencies in nine states	2250	1	15/60	563

Dated: January 29, 2007.

Joan F. Karr,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

[60 Day-07-0215]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and

Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 and send comments to Joan Karr, CDC Acting Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the

use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

National Death Index (NDI) 2007-2009, (OMB No. 0920-0215, Expiration 11/30/2007)—Extension—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 306 of the Public Health Service (PHS) Act (42 U.S.C. 242k), as amended, authorizes that the Secretary of Health and Human Services (DHHS), acting through NCHS, shall collect statistics on the extent and nature of illness and disability of the population of the United States.

The National Death Index (NDI) is a national data base containing

identifying death record information submitted annually to NCHS by all the state vital statistics offices, beginning with deaths in 1979. Searches against the NDI file provide the states and dates of death, and the death certificate numbers of deceased study subjects.

Using the NDI Plus service, researchers have the option of also

receiving cause of death information for deceased subjects, thus reducing the need to request copies of death certificates from the states. The NDI Plus option currently provides the International Classification of Diseases (ICD) codes for the underlying and multiple causes of death for the years

1979–2004. Health researchers must complete five administrative forms in order to apply for NDI services, and submit records of study subjects for computer matching against the NDI file. A three-year clearance is requested. There is no cost to respondents except for their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hrs)	Total burden (in hrs)
Government researcher	48	1	2	96
University researcher	60	1	2	120
Private industry researcher	12	1	2	24
Total	240

Dated: January 29, 2007.

Joan F. Karr,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

President's Committee for People With Intellectual Disabilities; Notice of Meeting

AGENCY: President's Committee for People With Intellectual Disabilities (PCPID), HHS.

ACTION: Notice of Quarterly Meeting.

DATES: Thursday, February 15, 2007, from 9 a.m. to 4:30 p.m., and Friday, February 16, 2007, from 8 a.m. to 1 p.m. The entire meeting of PCPID will be open to the public.

ADDRESSES: The meeting will be held in Room 800 of the Hubert H. Humphrey Building, 200 Independence Avenue, SW., Washington, DC 20201. Individuals who will need accommodations for a disability in order to attend the meeting (*e.g.*, interpreting services, assistive listening devices, materials in alternative format such as large print or Braille) should notify Ericka Alston via email at éalston@acf.hhs.gov, or via telephone at 202-619-0634 no later than February 8, 2007. We will attempt to meet requests made after that date, but cannot guarantee availability. All meeting sites are barrier free.

Meeting Registration: The meeting is open to the public, but attendance is limited to the space available. Persons wishing to attend this meeting must register by contacting Ericka Alston at the email address or telephone number listed in the **ADDRESSES** section of this notice by 12 p.m. EST on February 14, 2007. For those unable to participate in person, audio of the Thursday, February 15 proceedings may be accessed via telephone by dialing 888-396-9926, passcode 54979, and requires no pre-registration.

Agenda: Day One—The subcommittees will each present a panel of experts in their respective fields of public awareness, housing and research applications. Presentations will also be given on asset development and people with intellectual disabilities and the criminal justice system.

Agenda: Day Two—The Committee will hear a briefing on Disabilityinfo.gov and then spend the remainder of the meeting in work groups for the purpose of planning the annual report to the President.

FOR FURTHER INFORMATION CONTACT: Sally D. Atwater, Executive Director, President's Committee for People with Intellectual Disabilities, Aerospace Center Office Building, Suite 701, 901 D Street, SW., Washington, DC 20447. Telephone: 202-619-0634, Fax: 202-205-9591. E-mail: satwater@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: PCPID acts in an advisory capacity to the President and the Secretary of Health and Human Services on a broad range of topics relating to programs, services and supports for persons with intellectual disabilities. The Committee, by Executive Order, is responsible for evaluating the adequacy of current

practices in programs, services and supports for persons with intellectual disabilities, and for reviewing legislative proposals that impact the quality of life experienced by citizens with intellectual disabilities and their families.

Dated: January 16, 2007.

Sally D. Atwater,

Executive Director, President's Committee for People with Intellectual Disabilities.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) has submitted the following information collection to the Office of Management and Budget (OMB) for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission describes the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and includes the actual data collection instruments FEMA will use.
