#### Notice of Inventory Completion: American Museum of Natural History, New York, NY

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains in the possession of the American Museum of Natural History, New York, NY. The human remains were collected from Umatilla County, OR, and Walla Walla County, WA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was made by the American Museum of Natural History professional staff in consultation with representatives of the Confederated Tribes of the Umatilla Reservation, Oregon.

In 1882, human remains representing a minimum of four individuals were collected from sand dunes in Umatilla, Umatilla County, OR. The human remains were purchased by the American Museum of Natural History from Mr. James Terry in 1891. No known individuals were identified. No associated funerary objects are present.

The individuals have been identified as Native American based on their likely association with a Native American village, the presence of cranial reshaping in some of the human remains, and the collector's practice of only collecting cultural items related to Native Americans from the United
