

SUPPLEMENTARY INFORMATION: On November 10, 2005, notice was published in the Federal Register (70 FR 68398) that a request for a scientific research permit to take shortnose sturgeon had been submitted by Dr. Boyd Kynard. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

Dr. Boyd Kynard, of the S.O. Conte Anadromous Fish Research Center, is permitted to conduct scientific research to determine up and downstream migrations, habitat use, spawning periodicity, seasonal movements, and growth of shortnose sturgeon in the Connecticut River (from Agawan to Montague, MA), and in the Merrimack River (at Haverhill, MA), and in the Androscoggin River (ME). In addition, Dr. Kynard is authorized to take a total of 1,000 fertilized eggs annually from each of the following rivers: Kennebec River and Androscoggin River (ME); Merrimack River (MA); Hudson River (NY); Delaware River (DE); Potomac River (MD); and Santee-Cooper River (SC). The permit is authorized for a duration of 5 years.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of the endangered species which is the subject of this permit, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

SUPPLEMENTARY INFORMATION: The Advisory Committee on Student Financial Assistance is established under Section 491 of the Higher Education Act of 1965 as amended by Public Law 100-50 (20 U.S.C. 1098). The Advisory Committee serves as an independent source of advice and counsel to the Congress and the Secretary of Education on student financial aid policy. Since its inception, the congressional mandate requires the Advisory Committee to conduct objective, nonpartisan, and independent analyses on important aspects of the student assistance programs under Title IV of the Higher Education Act, and to make recommendations that will result in the maintenance of access to postsecondary education for low- and middle-income students. In addition, Congress expanded the Advisory Committee's mission in the Higher Education Amendments of 1998 to include several important areas; Access, Title IV modernization, distance education, and early information and needs assessment. Specifically, the Advisory Committee is to review, monitor and evaluate the Department of Education's progress in these areas and report recommended improvements to Congress and the Secretary.

The Advisory Committee has scheduled the hearing on Monday, March 5 in Santa Clarita, CA to conduct activities related to its congressionally

requested study to make textbooks more affordable (Textbook Study). This one-year study, which was requested by the U.S. House of Representatives Committee on Education and Labor (formerly Education and the Workforce), will investigate further the problem of rising textbook prices; determine the impact of rising textbook prices on students' ability to afford a postsecondary education; and make recommendations to Congress, the Secretary, and other stakeholders on what can be done to make textbooks more affordable for students. Over the course of the study, the Committee will conduct three field hearings that will include testimony from stakeholders around the country who are currently working to make textbooks more affordable for students.

The proposed agenda includes expert testimony and discussions by prominent higher education community leaders, state representatives, and institutions that will share what they are doing to make textbooks more affordable for students. The Advisory Committee will also conduct a public comment and discussion session.

The Advisory Committee invites the public to submit written comments on the Textbook Study to the following e-mail address: ACSFA@ed.gov.
