

protection seller relative to a reference obligation issued by an insured institution.

- *Market-based default indicators:* estimates of the likelihood of default by an insured organization that are based on either traded equity or debt prices.

- *Qualitative market indicators or mitigating market factors:* includes considerations such as agency rating outlooks, debt and equity analyst opinions and outlooks, and the relative level of liquidity of any debt and equity issues used to develop market indicators defined above.

Risk Measures Pertaining to Stress Conditions

Ability To Withstand Stress Conditions

- *Concentration measures:* measures of the level of concentrated risk exposures and extent to which an insured institution's capital and earnings would be adversely affected due to exposures to common risk factors such as the condition of a single obligor, poor industry sector conditions, poor local or regional economic conditions, or poor conditions for groups of related obligors (e.g., subprime borrowers).

- *Results of stress tests or scenario analyses:* measures of the extent of capital, earnings, or liquidity depletion under varying degrees of financial stress such as adverse economic, industry, market, and liquidity events.

- *Qualitative and mitigating factors relating to the ability to withstand stress conditions:* includes considerations such as the comprehensiveness of risk identification and stress testing analyses, the plausibility of stress scenarios considered, and the sensitivity of scenario analyses to changes in assumptions.

Loss Severity Indicators

- *Non-deposit liabilities to total liabilities:* the sum of obligations, such as subordinated debt, that would have a subordinated claim to the institution's assets in the event of failure divided by total liabilities.

- *Secured (priority) liabilities to total liabilities:* the sum of claims, such as trade payables and secured borrowings, that would have priority claim to the institution's assets in the event of failure divided by total liabilities.

- *Foreign deposits to total liabilities:* foreign deposits divided by total liabilities.

- *Extent of insured assets held in foreign units:* amount of assets held in foreign offices.

- *Liquidation value of assets:* estimated value of assets, based largely on historical loss rates experienced by the FDIC on various asset classes, in the event of liquidation.

- *Qualitative and mitigating factors relating to loss severity:* includes considerations such as the sufficiency of information and systems capabilities relating to qualified financial contracts and deposits to facilitate quick and cost efficient resolution, the extent to which critical functions or staff are housed outside the insured entity, and prospects for ring-fencing in the event of failure.

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Help America Vote Act (HAVA) Voting Access Annual Report.

OMB No.: New Collection.

Description: An annual report is required by Federal statute (the Help America Vote Act (HAVA) of 2002, Public Law 107-252, Section 291, Payments for Protection and Advocacy Systems, 42 U.S.C. 15461). Each State or Unit of Local Government must prepare and submit an annual report at the end of every fiscal year. The report addresses the activities conducted with the funds provided during the year. The information collected from the annual report will be aggregated into an annual profile of how States have utilized the funds and establish best practices for election officials. It will also provide an overview of the State election goals and accomplishments and permit the Administration on Developmental Disabilities to track voting progress to monitor grant activities.

Respondents: Secretaries of State, Directors, State Election Boards, State Chief Election Officials.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Help America Vote Act (HAVA) Voting Access Annual Report	55	1	24	1,320

Estimated Total Annual Burden Hours: 1,320.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: information@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: February 13, 2007.

Submission for OMB Review; Comment Request

Title: Evaluation of the Refugee Social Service (RSS) and Targeted Assistance Formula Grant (TAG) Programs: Data Collection.

OMB No.: 0970-0296.

Description: The Office of Refugee Resettlement (ORR) within the U.S. Department of Health and Human Services (HHS) funds the Refugee Social Services (RSS) and Targeted Assistance Formula Grant (TAG) programs, which are designed to help refugees achieve economic success quickly following their arrival in the United States through employment services, English-language instruction, vocational training, and other social services. ORR is sponsoring a project to (a) Conduct a comprehensive evaluation of the effectiveness of ORR employability services through RSS and TAG, and (b) propose options for institutionalizing ongoing evaluation and performance assessment into the programs.

ORR is requesting renewal of OMB clearance for a survey of refugees that is collecting data on refugees' employment and earnings outcomes. Survey interviews began in July 2006, and are still ongoing. The survey is being conducted in three cities: Houston, Miami, and Sacramento. The survey relies on a mixed-mode data collection method that involves both telephone and in-person interviews. If individuals cannot be reached by phone, an attempt is made to contact them in person. Three hundred refugees from a randomly selected sample in each site will complete the survey, for a total of 900 refugees.

While locating and interviewing this population was expected to be difficult due to their high mobility, achieving the goal of 900 complete responses needed for reliable analysis, while maintaining reasonable response rates, has proven more time-consuming than expected. As of January 26, 2007, 668 refugees have already completed the survey. Conservatively estimating that slightly more than half of the remaining 232 cases are completed before the current clearance expires, about 100 interviews would be needed during the extension period. Consequently, ORR is requesting clearance to continue the survey past its current expiration date in March 2007.

Respondents: Refugees and related populations that qualify for RSS/TAG services who entered the United States between October 1999 and September 2004.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Survey of Refugees	100	1	0.75	75

Estimated Total Annual Burden Hours: 75
