Surface Management

AGENCY: Bureau of Land Management, Interior.

ACTION: Advance notice of proposed rulemaking.

SUMMARY: This advance notice of proposed rulemaking is related to the Bureau of Land Management (BLM) surface management regulations for mining operations authorized by the Mining Law. In a previous Federal district court proceeding, environmental groups challenged the BLM's regulations on surface management under the Mining Law in 43 CFR subpart 3809, issued by the Department in 2001, in part, because the regulations did not require fair market value payment for the use of Federal lands for mining operations when the lands are "invalidly claimed" or unclaimed under the Mining Law. For the most part, the court upheld the 3809 regulations, but remanded them in part to the Department "for evaluation, in light of Congress's expressed policy goal for the United States to 'receive fair market value of the use of the public lands and their resources.'" This advance notice of proposed rulemaking is intended to assist the BLM in the evaluation ordered by the Court.

DATES: You must submit your comments by April 24, 2007. The BLM may not necessarily consider or include in the Administrative Record for the advance notice of proposed rulemaking comments that the BLM receives after the close of the comment period or comments delivered to an address other than those listed below (see **ADDRESSES**).
