Following distribution of the SD, Commission staff will hold two scoping meetings on March 12, 2007, to receive input on the appropriate scope of the environmental analysis. The first meeting will be with the resource agencies to focus on their concerns and the second meeting will be with the general public to receive their input. Each meeting is open and the public and agencies may attend either or both meetings. The times and locations of these meetings are as follows:

Agency Scoping Meeting

Date: March 12, 2007.

Time: 9 a.m. to 11:30 a.m. (CST).

Location: Missouri Department of Natural Resources, Elm Street Conference Center, 1738 East Elm Street, Jefferson City, Missouri 65102.

Public Scoping Meeting

Date: March 12, 2007.

Time: 7 p.m. to 9 p.m. (CST).

Location: Lesterville High School, State Highway 21, Lesterville, Missouri 63654.

At the scoping meetings, Commission staff will: (1) Summarize the environmental issues tentatively identified for analysis in the environmental document; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the Commission's NEPA document, including viewpoints in opposition to, or in support of, staff's preliminary views expressed in the SD; (4) determine the resource issues to be addressed in the NEPA document; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis. Staff will also be soliciting input on potential measures that could be implemented to minimize construction-related impacts. The meetings will be recorded by a stenographer and become part of the formal record for this project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meetings and assist Commission staff in defining and clarifying the

issues to be addressed in the NEPA document. Interested parties may also file written scoping comments. All such comments (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The deadline for filing scoping comments is April 11, 2007.
