SUMMARY: The Office of Management and Budget (OMB) is hereby publishing the attached memorandum to the heads of executive departments and agencies concerning the determination of the maximum benchmark compensation amount that will be allowable under government contracts during contractors' FY 2007—\$597,912. This determination is required under Section 39 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 435), as amended. The benchmark compensation amount applies equally to both defense and civilian procurement agencies.

Memorandum for the Heads of Executive Departments and Agencies

Subject: Determination of Executive Compensation Benchmark Amount, Pursuant

to Section 39 of the Office of Federal Procurement Policy, (OFPP) Act (41 U.S.C. 435), as amended.

This memorandum sets forth the benchmark compensation amount as required by Section 39 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 435), as amended. Under Section 39, the benchmark compensation amount is the median amount of the compensation provided for all senior executives of benchmark corporations for the most recent year for which data is available. The benchmark compensation amount established by Section 39 limits the allowability of compensation costs under government contracts. The benchmark compensation amount does not limit the compensation that an executive may otherwise receive. This amount is based on data from commercially available surveys of executive compensation that analyze the relevant data made available by the Securities and Exchange Commission. More specifically, as required by Section 39 of the OFPP Act, the data used is the median (50th percentile) amount of compensation accrued over a recent 12 month period for the top five highest paid executives of publicly traded companies with annual sales over \$50 million. After consultation with the Director of the Defense Contract Audit Agency, we have determined pursuant to the requirements of Section 39 that the benchmark compensation amount for contractors' Fiscal Year 2007 is \$597,912. This amount is for Fiscal Year 2007 and subsequent contractor fiscal years, unless and until revised by OFPP. The benchmark compensation amount applies to contract costs incurred after January 1, 2007, under covered contracts of both the defense and civilian procurement agencies as specified in Section 39 of the OFPP Act (41 U.S.C. 435), as amended.

Questions concerning this memorandum may be addressed to Laura Auletta, Office of Federal Procurement Policy, at (202) 395–3256.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. NARA published a notice of proposed collection for these information collections on January 17, 2007 (72 FR 2018 and 2019). No comments were received. NARA has submitted the described information collections to OMB for approval.

In response to this notice, comments and suggestions should address one or more of the following points: (a) Whether the proposed information collections are necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collections; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology; and (e) whether small businesses are affected by this collection. In this notice, NARA is soliciting comments concerning the following information collections:

1. *Title:* Court Order Requirements.

OMB number: 3095-0038.

Agency form number: NA Form 13027.

Type of review: Regular.

Affected public: Veterans and Former Federal civilian employees, their authorized representatives, state and local governments, and businesses.

Estimated number of respondents: 5,000.

Estimated time per response: 15 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 1,250 hours.

Abstract: The information collection is prescribed by 36 CFR 1228.164. In accordance with rules issued by the Office of Personnel Management, the National Personnel Records Center (NPRC) of the National Archives and

Records Administration (NARA) administers Official Personnel Folders (OPF) and Employee Medical Folders (EMF) of former Federal civilian employees. In accordance with rules issued by the Department of Defense (DOD) and the Department of Transportation (DOT), the NPRC also administers military service records of veterans after discharge, retirement, and death, and the medical records of these veterans, current members of the Armed Forces, and dependents of Armed Forces personnel. The NA Form 13027, Court Order Requirements, is used to advise requesters of (1) the correct procedures to follow when requesting certified copies of records for use in civil litigation or criminal actions in courts of law and (2) the information to be provided so that records may be identified.

2. *Title:* Authorization for Release of Military Medical Patient Records, Request for Information Needed to Locate Medical Records, Request for Information Needed to Reconstruct Medical Data, and Questionnaire about Military Service.

OMB number: 3095-0039.

Agency form number: NA Forms 13036, 13042, 13055, and 13075.

Type of review: Regular.

Affected public: Veterans, their authorized representatives, state and local governments, and businesses.

Estimated number of respondents: 79,800.

Estimated time per response: 5 minutes.

Frequency of response: On occasion (when respondent wishes to request information from a military personnel, military medical, and dependent medical record).

Estimated total annual burden hours: 6,650 hours.

Abstract: The information collection is prescribed by 36 CFR 1228.164. In accordance with rules issued by the Department of Defense (DOD) and the Department of Transportation (DOT, U.S. Coast Guard), the National Personnel Records Center (NPRC) of the National Archives and Records Administration (NARA) administers military personnel and medical records of veterans after discharge, retirement, and death. In addition, NPRC administers the medical records of dependents of service personnel. When veterans, dependents, and other authorized individuals request information from or copies of documents in military personnel, military medical, and dependent medical records, they must provide on forms or in letters certain information about the veteran and the nature of the

request. A major fire at the NPRC on July 12, 1973, destroyed numerous military records. If individuals' requests involve records or information from records that may have been lost in the fire, requesters may be asked to complete NA Form 13075, Questionnaire about Military Service, or NA Form 13055, Request for Information Needed to Reconstruct Medical Data, so that NPRC staff can search alternative sources to reconstruct the requested information. Requesters who ask for medical records of dependents of service personnel and hospitalization records of military personnel are asked to complete NA Form 13042, Request for Information Needed to Locate Medical Records, so that NPRC staff can locate the desired records. Certain types of information contained in military personnel and medical records are restricted from disclosure unless the veteran provides a more specific release authorization than is normally required. Veterans are asked to complete NA Form 13036, Authorization for Release of Military Medical Patient Records, to authorize release to a third party of a restricted type of information found in the desired record.

Dated: March 21, 2007.
