Description: BLS requests OMB approval to conduct interviews to replenish the pretest sample of the National Longitudinal Survey of Youth 1979 cohort (NLSY79). The NLSY79 is a nationally representative survey of people who were born in the years 1957 to 1964 and lived in the U.S. when the survey began in 1979. NLSY79 participants were interviewed annually from 1979 to 1994 and have been interviewed every two years since 1994. The focus of the survey is labor market experiences, but the survey also covers topics that affect or are affected by labor market activity. These topics include education, training, marital and family relationships, fertility, childcare, health, substance use, and others.

Prior to each round of the NLSY79, a pretest has been conducted with a separate, smaller sample to help ensure the proper functioning of questionnaires, procedures, and systems and to rectify any problems before the main fielding of the NLSY79. Over time, the size of the pretest sample has declined significantly, and the characteristics of pretest participants now differ so sharply from the characteristics of most NLSY79 participants that the pretest no longer is a useful tool to detect and remedy problems with the survey. For this reason, BLS and its contractors have decided to replenish the pretest sample. The process of replenishing the sample requires new sample members to be interviewed for about 15 minutes during the summer of 2007. The information obtained from this interview will be used for an input file during the NLSY79 Round 23 pretest that is planned for October 2007. Because the NLSY79 is longitudinal, the questions that respondents are asked in one round sometimes depend on the responses they provided in previous rounds. The summer 2007 interview is necessary to obtain information that will enable all

questions to function properly in the October 2007 pretest.

AGENCY: Office of Federal Procurement Policy.

SUMMARY: The Office of Management and Budget (OMB) is hereby publishing the attached memorandum to the heads of executive departments and agencies concerning the determination of the maximum benchmark compensation amount that will be allowable under government contracts during contractors' FY 2007—\$597,912. Memorandum for the Heads of Executive Departments and Agencies

Subject: Determination of Executive Compensation Benchmark Amount, Pursuant

to Section 39 of the Office of Federal Procurement Policy, (OFPP) Act (41 U.S.C. 435), as amended.

This memorandum sets forth the benchmark compensation amount as required by Section 39 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 435), as amended. Under Section 39, the benchmark compensation amount is the median amount of the compensation provided for all senior executives of benchmark corporations for the most recent year for which data is available. The benchmark compensation amount established by Section 39 limits the allowability of compensation costs under government contracts. The benchmark compensation amount does not limit the compensation that an executive may otherwise receive. This amount is based on data from commercially available surveys of executive compensation that analyze the relevant data made available by the Securities and Exchange Commission. More specifically, as required by Section 39 of the OFPP Act, the data used is the median (50th percentile) amount of compensation accrued over a recent 12 month period for the top five highest paid executives of publicly traded companies with annual sales over \$50 million. After consultation with the Director of the Defense Contract Audit Agency, we have determined pursuant to the requirements of Section 39 that the benchmark compensation amount for contractors' Fiscal Year 2007 is \$597,912. This amount is for Fiscal Year 2007 and subsequent contractor fiscal years, unless and until revised by OFPP. The benchmark compensation amount applies to contract costs incurred after January 1, 2007, under covered contracts of both the defense and civilian procurement agencies as specified in Section 39 of the OFPP Act (41 U.S.C. 435), as amended.

Questions concerning this memorandum may be addressed to Laura Auletta, Office of Federal Procurement Policy, at (202) 395–3256.
