

called area management, suggests managing in discrete, finite areas with specific measures tailored to those areas. A second proposal suggests allocating points to commercial fishing vessels that will be deducted based on catch. The committee will also discuss a proposal for a limited entry program for party/charter vessels fishing in the Gulf of Maine. Other business may also be discussed. Committee recommendations will be forwarded to the Council for action at a future date.

Although non-emergency issues not contained in this agenda may come before these groups for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard (see ADDRESSES) at least 5 working days prior to the meeting date.
