

instructions in the public participation section below.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. By becoming a commentor, your concerns will be addressed in the EA and considered by the Commission. You should focus on the potential environmental effects of the proposal, alternatives to the proposal, and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your letter to: Philis Posey, Acting Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.
- Label one copy of the comments for the attention of Gas Branch 3.
- Reference Docket No. CP07-90-000.
- Mail your comments so that they will be received in Washington, DC on or before April 30, 2007.

The Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create a free account which can be created on-line.

We may mail the EA for comment. If you are interested in receiving it, please return the Information Request (Appendix 3). If you do not return the Information Request, you will be taken off the mailing list.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding, or "intervenor". To become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214). Intervenorship has the right to seek rehearing of the Commission's decision. Motions to Intervene should be electronically submitted using the Commission's eFiling system at <http://www.ferc.gov>. Persons without Internet access should send an original and 14 copies of their motion to the Secretary of the Commission at the address indicated previously. Persons filing Motions to

Intervene on or before the comment deadline indicated above must send a copy of the motion to the Applicant. All filings, including late interventions, submitted after the comment deadline must be served on the Applicant and all other intervenors identified on the Commission's service list for this proceeding. Persons on the service list with e-mail addresses may be served electronically; others must be served a hard copy of the filing.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Environmental Mailing List

An effort is being made to send this notice to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. This includes all landowners who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within distances defined in the Commission's regulations of certain above-ground facilities. By this notice we are also asking governmental agencies, especially those in Appendix 2, to express their interest in becoming cooperating agencies for the preparation of the EA.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to

the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Finally, public meetings or site visits will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Philis J. Posey,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12628-001]

The City of Nashua, IA; Notice of Intent To File License Application, Filing of Pre-Application Document, and Approving Use of the Traditional Licensing Process

March 28, 2007.

a. *Type of Filing:* Notice of Intent to File License Application and Request to Use the Traditional Licensing Process.

b. *Project No.:* 12628-001.

c. *Dated Filed:* January 18, 2007.

d. *Submitted By:* The City of Nashua, Iowa.

e. *Name of Project:* Cedar Lake Dam Hydroelectric Project.

f. *Location:* The project would be located at the existing Cedar Lake Dam, on the Cedar River, in Chickasaw County, Iowa. The project would not occupy any Federal land.

g. *Filed Pursuant to:* 18 CFR 5.3 of the Commission's regulations.

h. *Potential Applicant Contact:* Ms. Rebecca Neal, The City of Nashua, 402 Main Street, Nashua, IA 50658; (641) 435-4156.

i. *FERC Contact:* Michael Watts, (202) 502-6123, or michael.watts@ferc.gov.

j. The City of Nashua filed its request to use the Traditional Licensing Process on January 18, 2007. The City of Nashua provided public notice of its request on January 31, 2007. In a letter dated March 23, 2007, the Director of the Office of Energy Projects approved the City of Nashua's request to use the Traditional Licensing Process.

k. With this notice, we are initiating informal consultation with: (a) The U.S. Fish and Wildlife Service under section 7 of the Endangered Species Act; and (b) the Iowa State Historic Preservation Officer, as required by section 106, National Historical Preservation Act, and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

l. The City of Nashua filed a Pre-Application Document (PAD; including

a proposed process plan and schedule) with the Commission, pursuant to 18 CFR 5.6 of the Commission's regulations.

m. A copy of the PAD is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site (<http://www.ferc.gov>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCONlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in paragraph h.

Register online at <http://ferc.gov/esubscribenow.htm> to be notified via e-mail of new filing and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Philis J. Posey,

Acting Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OH-164-1; FRL-8294-5]

Adequacy Status of the Dayton-Springfield, OH, Submitted 8-Hour Ozone Redesignation and Maintenance Plan for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the motor vehicle emissions budgets (MVEBs) for 8-hour ozone in Dayton-Springfield (Clark, Greene, Miami, and Montgomery Counties), Ohio—which were submitted as part of a redesignation request and maintenance plan for this area—are adequate for conformity purposes. As a result of our finding, Dayton-Springfield must use the MVEBs from the submitted 8-hour ozone redesignation and maintenance plan for future conformity determinations.

DATES: This finding is effective April 18, 2007.

FOR FURTHER INFORMATION CONTACT: Anthony Maietta, Life Scientist, Criteria Pollutant Section (AR-18J), Air Programs Branch, Air and Radiation Division, United States Environmental

Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8777, Maietta.anthony@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, whenever "we", "us" or "our" is used, we mean EPA.

Background

Today's action is simply an announcement of a finding that we have already made. EPA Region 5 sent a letter to the Ohio Environmental Protection Agency on February 9, 2007, stating that the 2005 and 2018 MVEBs in the Dayton-Springfield area are adequate. Ohio submitted the budgets as part of the 8-hour ozone redesignation request and maintenance plan for this area. This submittal was announced on EPA's conformity Web site, and received no comments: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>, (once there, click on "What SIP submissions are currently under EPA adequacy review?").

The 2005 and 2018 MVEBs, in tons per day (tpd), for volatile organic compounds (VOC) and oxides of nitrogen (NO_x) for Dayton-Springfield are as follows:

	2005 MVEB (tpd)	2018 MVEB (tpd)
VOC	29.19	14.73
NO _x	63.88	21.42

Transportation conformity is required by section 176(c) of the Clean Air Act. EPA's conformity rule requires that transportation plans, programs, and projects conform to state air quality implementation plans and establishes the criteria and procedures for determining whether or not they do. Conformity to a State Implementation Plan (SIP) means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). We have described our process for determining the adequacy of submitted SIP budgets in our July 1, 2004, preamble starting at 69 FR 40038, and we used the information in these resources while making our adequacy determination. Please note that an adequacy review is separate from EPA's completeness review, and it also should not be used to prejudge EPA's ultimate approval of the SIP. Even if we find a

budget adequate, the SIP could later be disapproved.

The finding and the response to comments are available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>.

Authority: 42 U.S.C. 7401-7671q.

Dated: March 21, 2007.

Gary Gulezian,

Acting Regional Administrator, Region 5.

ENVIRONMENTAL PROTECTION AGENCY

[OH-165-1; FRL-8294-7]

Adequacy Status of the Parkersburg, Steubenville-Weirton, Lima, Wheeling, and Canton, OH, Submitted 8-Hour Ozone Redesignation and Maintenance Plans for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this action, EPA is notifying the public that EPA has found that the motor vehicle emissions budgets (MVEBs) for 8-hour ozone for five areas in the State of Ohio, submitted as part of the redesignation and maintenance plans for these areas, are adequate for conformity purposes. As a result of our finding, the Parkersburg (Washington County), Steubenville-Weirton (Jefferson County), Lima (Allen County), Wheeling (Belmont County), and Canton (Stark County) areas must use the MVEBs from the submitted 8-hour ozone redesignation and maintenance plans for future conformity determinations.

DATES: This finding is effective April 18, 2007.

FOR FURTHER INFORMATION CONTACT: Anthony Maietta, Life Scientist, Criteria Pollutant Section (AR-18J), Air Programs Branch, Air and Radiation Division, United States Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8777, Maietta.anthony@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, whenever "we", "us" or "our" is used, we mean EPA.

Background

Today's action is simply an announcement of findings that we have already made. On December 28, 2006,
