BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP00-6-014]

Gulfstream Natural Gas System, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Gulfstream Phase III Pipeline Project

March 30, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas pipeline facilities proposed by Gulfstream Natural Gas System, L.L.C. (Gulfstream) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major

federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of approximately 34.30 miles of 30-inch-diameter pipeline and associated aboveground facilities in Martin County and Palm Beach County, Florida. The pipeline would commence at Gulfstream's existing Station 712 in Martin County and would terminate at a newly constructed Station 705 that would connect to the proposed Florida Power & Light Company (FPL) West County Energy Center (WCEC) in Palm Beach County. Gulfstream has executed firm service agreement with FPL to deliver 345,000 decatherms per day (Dth/d) of natural gas to the WCEC for a primary term of 23 years. Approximately 7.15 miles of the proposed pipeline route follows the Line 700 route previously certificated by the Commission in February 2001 under Docket No. CP00-006.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Copies of the EA have been mailed to federal; state; and local agencies; public interest groups; individuals who have requested the EA; libraries; newspapers; and parties to this proceeding.

Any person wishing to comment on the EA may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your comments to: Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426;
- Label one copy of the comments for the attention of the Gas Branch 3;
- Reference Docket No. CP00-6-014; and
- Mail your comments so that they will be received in Washington, DC on or before April 30, 2007.

The Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions

on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create a free account which can be created by clicking on "Sign-up."

Comments will be considered by the Commission but will not serve to make the commenter a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision.

You do not need intervenor status to have your comments considered.
