Type of Review: New.

Title: Conversion Magnet Schools Evaluation.

Frequency: On Occasion.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 94.

Burden Hours: 1,062.

Abstract: The Conversion Magnet Schools Evaluation studies the impact

of federally funded elementary magnet schools on the academic achievement of students who attend them, and on minority group isolation in the schools. The first phase of the study investigates the feasibility of conducting rigorous research using experimental or quasi-experimental designs to explore the relationship between magnet programs and student achievement both for students who attend magnet schools as their neighborhood schools and for students from other neighborhoods who must apply for admission. Collection and analysis of student data will proceed if the studies are found to be feasible. The evaluation will inform policymakers and researchers on the effectiveness of magnet schools as an educational approach and a type of school choice.
