SUMMARY: (Applicants For a Cooperative Agreement Should Read This Notice In Its Entirety): The U.S. Department of Labor (USDOL), Veterans' Employment and Training Service (VETS), announces a cooperative agreement competition under 38 U.S.C. Section 2021, as added by Section 5 of Public Law 107-95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 authorizes programs to expedite the reintegration of homeless veterans into the labor force.

In order to assist the USDOL-VETS in carrying out 38 U.S.C. 2021, it is announcing the availability of funds for a cooperative agreement to assist in developing a National Technical Assistance Center (NTAC) for the Homeless Veterans' Reintegration Program (HVRP). The primary objective of the HVRP NTAC will be to provide general technical assistance on veterans' homelessness programs and issues to existing HVRP grantees (approximately 80 grantees nationwide), potential HVRP applicants, employers, Veterans Service Organizations, Federal, State, and local agency partners, non-profit organizations (including faith-based and community organizations), the general public, and other interested stakeholders. Successful applicant(s) will assist USDOL-VETS by providing general technical assistance and guidance to eligible HVRP entities relating to assistance for homeless

veterans under the HVRP and related programs that assist homeless veterans.

Applicants will also be responsible for developing, conducting, and documenting extensive outreach efforts to national, state, and local employers to increase their awareness of HVRP and its objectives in order to increase job opportunities for homeless veterans. Applicants will also be responsible for assisting USDOL-VETS by contacting current HVRP grantees in order to extract, document, and share at least 20 best HVRP practices with other HVRP grantees and potential applicants. Finally, applicants will assist USDOL-VETS by conducting general research and studies as determined by USDOL-VETS.

Entities that are interested in assisting USDOL-VETS in providing technical assistance are to be aware that historically the HVRP annually receives thousands of nationwide inquiries via telephone, written correspondence, and e-mail concerning homeless veterans and HVRP in general. The awardee(s) will be responsible for answering 100 percent of these technical assistance inquiries.

Applicants are to be aware of and assist USDOL-VETS and their grantees in implementing the HVRP objectives: (1) To provide services to assist in reintegrating homeless veterans into meaningful employment within the labor force, and (2) to stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans.

Under this solicitation for cooperative agreement(s) covering Program Year (PY) 2007, VETS anticipates that up to \$500,000 will be available for a cooperative agreement award(s) up to a maximum total award of \$500,000. Depending on the quality and content of the applications received, USDOL-VETS expects to award one (1) to (2) cooperative agreements. This notice contains all of the necessary information and forms to apply for funding. The period of performance for this PY 2007 cooperative agreement(s) will be July 1, 2007 through June 30, 2008. Two (2) optional years of additional funding may be available, depending upon Congressional appropriations, the agency's decision to exercise the optional year(s) of funding, and awardee(s) satisfactory technical and financial performance.

I. Funding Opportunity Description

The U.S. Department of Labor (USDOL), Veterans' Employment and Training Service (VETS), announces a cooperative agreement competition

under 38 U.S.C. Section 2021, as added by Section 5 of Public Law 107-95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 authorizes programs to expedite the reintegration of homeless veterans into the labor force. In order to assist the USDOL-VETS in carrying out 38 U.S.C. 2021, it is announcing the availability of funds for a cooperative agreement to assist in developing a National Technical Assistance Center (NTAC) for the Homeless Veterans' Reintegration Program (HVRP). The HVRP NTAC primary objective will be to provide general technical assistance and guidance to existing HVRP grantees (approximately 80 grantees nationwide), potential HVRP applicants, employers, Veterans Service Organizations, Federal, State, and local agency partners, non-profit organizations (including faith-based and community organizations), the general public, and other interested stakeholders seeking information on veterans' homelessness programs, issues, concerns, and referrals for additional information and assistance.

This USDOL-VETS cooperative agreement(s) anticipates substantial involvement between USDOL-VETS and the awardee(s) during the performance of this project. Involvement will include collaboration and participation by USDOL-VETS in the overall direction of the project throughout the period of the award(s). The USDOL-VETS will provide expertise and guidance in decisions involving strategic planning (including development of a proactive plan to deliver technical assistance to existing HVRP grantees), allocation of resources, key personnel decisions, development and revision of public information materials, and analysis and implementation of evaluation findings.

1. Program Concept and Emphasis

In order to increase the quality and quantity of HVRP applications received, U.S. DOL-VETS will provide successful applicant(s) with general guidelines on how to gather and electronically disseminate technical assistance and guidance to eligible HVRP entities. In order to assist and increase capacity building of existing HVRP grantees, successful applicant(s) will be responsible for instructing and assisting current HVRP grantees on identifying additional funding resources for similar and/or complimentary homeless veterans programs.

Guidance will be provided to successful awardee(s) as they assist USDOL-VETS by developing, conducting, and documenting extensive outreach efforts to national, state, and

local employers to increase their awareness of HVRP and its objectives in order to potentially increase job opportunities for homeless veterans.

Guidance will be provided to successful awardee(s) as they assist USDOL-VETS by interviewing current HVRP grantees (via face-to-face, telephone, written correspondence, or e-mail communications) in order to extract, document, publish, and share their best practices with other HVRP grantees and potential HVRP grantees.

Entities that are interested in assisting USDOL-VETS in providing technical assistance are to be aware that historically the HVRP receives several thousand nationwide inquiries yearly via telephone, written correspondence, and e-mail concerning homeless veterans and HVRP in general. The awardee(s) will be responsible for answering 100 percent of these technical assistance inquiries.

In order to provide timely information and updates, it is recommended that successful applicant(s) have an Internet-based Web site (or develop a website within 30 calendar days of receiving an award) with clearly stated information relative to homelessness, veterans, and homeless veterans' issues, concerns. Successful applicant(s) will plan to gather and electronically disseminate technical assistance information through this Web site and identify additional resources for assistance that can be readily assessed by current HVRP grantees, potential applicants, Veterans Service Organizations, non-profit organizations (including faith-based and community organizations), Federal, State, and local agency partners, the general public, and other interested stakeholders. USDOL-VETS will provide suggestions and guidance to the awardee(s) the structure and content of the website and will seek authorization to link to the successful awardee(s) webpage directly from the USDOL-VETS Web page at <http://www.dol.gov/vets> as a resource for HVRP technical assistance purposes.

Applicants are to assist USDOL-VETS in implementing the HVRP objectives: (1) To provide services to assist in reintegrating homeless veterans into meaningful employment within the labor force, and (2) to stimulate the development of effective service delivery systems addressing the complex problems facing homeless veterans.

2. Scope and Program Design

Successful applicants will assist U.S. DOL-VETS in improving the awareness of HVRP and increasing the quality of the general technical assistance

provided to existing HVRP grantees. Successful applicants will assist U.S. DOL-VETS in providing outreach to national, state, and local employers for the purpose of increasing employer awareness of the HVRP and its objectives in order to increase job opportunities for homeless veterans. Successful applicants will assist USDOL-VETS by interviewing existing HVRP grantees in an effort to extract at least twenty (20) HVRP best practices and summarize their efforts in Word or WordPerfect format to be accessible at both the applicants and the U.S. DOL-VETS Web sites.

Successful applicant(s) must plan to support the travel and associated costs of sending at least one (1) representative to periodic meetings with USDOL-VETS staff in Washington, DC (at least twice per year). Successful applicant(s) will assist U.S. DOL-VETS by planning to attend and provide general HVRP information at conference(s) sponsored by the USDOL-VETS and other USDOL agency partners such as the Employment and Training Administration, the Office of Disability Employment Policy, Office of Faith-Based and Community Initiatives, and other federal agency partners such as the Department of Veterans' Affairs, Department of Housing and Urban Development, and Department of Health and Human Services, and various other social service provider organizations that target similar grantees that provide services to homeless persons, veterans, and homeless veterans.

II. Award Information

1. Type of Funding Instrument

Successful applicant(s) will be granted a one (1) year cooperative agreement award with optional funding for an additional two (2) years depending on successful performance and the availability of funds.

Note: Selection of an organization as an awardee(s) does not constitute final approval of the application and budget as submitted. Before or shortly after the actual cooperative agreement is awarded, USDOL may enter into negotiations about such items as program components, staffing, and funding levels, and administrative systems in place to support the cooperative agreement implementation. If the negotiations do not result in a mutually acceptable submission, the Grant Officer reserves the right to terminate the negotiation and decline to fund the application or terminate the award.

2. *Funding Levels:* The total funding available for this Cooperative Agreement(s) to assist USDOL-VETS in developing a National Technical Assistance Center for HVRP purposes is up to \$500,000. Depending on the

quality and content of the applications received, it is anticipated that one (1) or two (2) awards will be made under this solicitation. Awards are expected to range from \$75,000 to a maximum of \$500,000. The Department of Labor reserves the right to negotiate the amounts to be awarded under this competition. Please be advised that proposals will be evaluated in part on cost/value and that requests exceeding \$500,000 will be considered non-responsive and will not be evaluated. If there are any residual programmatic funds, the Department of Labor reserves the right to select for funding the next highest scoring applicant(s) on the competitive list developed for this solicitation up to one (1) year after the initial performance period begins or June 30, 2008.

3. *Period of Performance:* The period of performance will be for the twelve (12) month period of July 1, 2007 to June 30, 2008, unless modified in writing by the Grant Officer. It is expected that successful applicant(s) will begin program operations under this solicitation on July 1, 2007. All program funds must be obligated by June 30, 2008; a limited amount of funds may be obligated and reserved for any follow-up activities and closeout.

4. *Optional Year Funding:* Should Congress appropriate additional funds for HVRP purposes, VETS may consider up to two (2) additional years of optional funding. The Government does *not*, however, guarantee optional year funding for any awardee(s). In deciding whether to exercise any optional year(s) of funding, VETS will consider awardee(s) performance during the previous period of operations as follows:

A. The awardee(s) will be responsible for providing timely responses (within 5 working days) to at least 85% of all the technical assistance inquiries received and within 10 working days for the remaining 15% of inquiries received.

B. The awardee(s) must have complied with all terms identified in the Solicitation for Cooperative Agreement(s), award document, and General and Special Provisions; and

C. All program and fiscal reports must have been submitted to the Grant Officer Technical Representative by the established due dates and the awardee(s) must verify these reports for accuracy purposes.

III. Eligibility Information

1. *Eligible Applicants:* Applications for funds will be accepted from non-profit organizations, including faith-based and community organizations.

- If claiming 501(c)(3) status, the Internal Revenue Service statement indicating 501(c)(3) status approval must be submitted.

- However, entities organized under Section 501(c)(4) of the Internal Revenue Code are not eligible to receive funds under this announcement. Section 18 of the Lobbying Disclosure Act of 1995, Public Law 104-65, 109 Stat. 691 (2 U.S.C. 1611) prohibits instituting an award, grant, or loan of federal funds to 501(c)(4) entities that engage in lobbying.

2. *Cost Sharing:* Cost sharing and matching funds are not required.

3. Other Eligibility Criteria

Legal rules pertaining to inherently religious activities by organization that receive Federal Financial Assistance. Neutral, non-religious criteria that neither favor nor disfavor religion will be employed in the selection of award recipient(s) and must be employed by awardee(s). The government is generally prohibited from providing direct financial assistance for inherently religious activities. These award funds may not be used for religious instruction, worship, prayer, proselytizing or their inherently religious activities. In this context, the term direct financial assistance means financial assistance that is provided directly by a government entity or an intermediate organization, as opposed to financial assistance that an organization receives as the result of the genuine and independent private choice of a beneficiary. In other contexts, the term "direct" financial assistance may be used to refer to financial assistance that an organization receives directly from the Federal government (also known as "discretionary" assistance), as opposed to assistance that it receives from a State or local government (also known as "indirect" or "block" grant assistance). The term "direct" has the former meaning throughout this paragraph.

Any application received at the Office of Procurement Services after 5 p.m. ET, May 14, 2007, will not be considered unless it is received before the award is made and:

- It is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the U.S. Department of Labor at the address indicated; or
- It was sent by registered or certified mail not later than the fifth calendar day before May 14, 2007; or

- It was sent by U.S. Postal Service Express Mail Next Day Service—Post Office to Addressee, not later than 5 p.m. at the place of mailing two (2) working days, excluding weekends and Federal holidays, prior to May 14, 2007.

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date will be processed as if mailed late. "Postmark"

means a printed, stamped or otherwise placed impression (*not* a postage meter machine impression) that is readily identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on the date of mailing. Therefore applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper. Applications cannot be accepted by e-mail or facsimile machine.

The only acceptable evidence to establish the date of mailing of a late application sent by U.S. Postal Service Express Mail Next Day Service—Post Office to Addressee is the date entered by the Post Office clerk on the "Express Mail Next Day Service—Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined above. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the U.S. Department of Labor is the date/time stamp of the Procurement Services Center on the application wrapper or other documentary evidence or receipt maintained by that office. Applications sent by other delivery services, such as Federal Express, UPS, etc., will also be accepted.

All applicants are advised that U.S. mail delivery in the Washington, DC area has been erratic due to security concerns. All applicants must take this into consideration when preparing to meet the application deadline, as you assume the risk for ensuring a timely submission, that is, if, because of these mail problems, the Department does not receive an application or receives it too late to give proper consideration, even if it was timely mailed, the Department is not required to consider the application.

4. Intergovernmental Review: Not Applicable.

5. Funding Restrictions:

A. Proposals exceeding \$500,000 will be considered non-responsive and will not be evaluated.

B. Pre-award costs will not be reimbursed unless specifically agreed upon in writing by the Department of Labor.

C. Entities described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are not eligible to receive funds under this announcement because Section 18 of

the Lobbying Disclosure Act of 1995, Public Law No. 104-65, 109 Stat. 691, prohibits the award of Federal funds to these entities.

D. Limitations on Administrative and Indirect Costs

- Administrative costs, which consist of all direct and indirect costs associated with the supervision and management of the program, are limited to and may not exceed 20% of the total cooperative agreement award. Indirect costs claimed by the applicant must be based on a federally approved rate. A copy of the current negotiated approved and signed indirect cost negotiation agreement must be submitted with the application. Furthermore, indirect costs are considered a part of administrative costs for HVRP purposes and, therefore, may not exceed 20% of the total cooperative agreement award. If the applicant does not presently have an approved indirect cost rate, a proposed rate with justification may be submitted. Successful applicants will be required to negotiate an acceptable and allowable rate within 90 days of cooperative agreement award with the appropriate USDOL Regional Office of Cost Determination or with the applicant's cognate agency for indirect cost rates (See Office of Management and Budget Web site at: <http://www.whitehouse.gov/omb/grants/attach.html>).

V. Application Review Information

Cooperative Agreement applications will be evaluated on the applicant's capability to perform the work, technical approach, individual staff experience and qualifications, and applicant's past performance as described below in Section V.1. Based on these evaluations, a Competitive Range consisting of the most highly rated proposals will be established.

Applicants are advised that the Grant Officer will make the selection of award(s) for a cooperative agreement after a careful evaluation of the proposals by a panel of evaluators chosen by USDOL-VETS and the Grant Officer. Each panelist will evaluate the proposals for technical acceptability using a range of scores assigned to each factor as described below in Section V.1. The scores for each area in Section V.I. below will then be added and ranked in numerical order. The grant review panel will score each applicant's proposal based on the grant applicant's responses to the overall requirements as outlined in this Solicitation for Cooperative Agreement(s) and the selection criteria in Section V.I., and recommend a proposal(s) based on the highest score.

1. *Application Evaluation Criteria:* Applications may receive up to 100 total points based on the following criteria:

A. Applicant's Overall Plan and Capability to assist USDOL-VETS by developing and maintaining a HVRP National Technical Assistance Center under a Cooperative Agreement (30 points)

The Government will evaluate each applicant's overall plan and capability to assist USDOL-VETS by developing and maintaining a HVRP National Technical Assistance Center on the basis of its proposed strategy for providing technical assistance on a nation-wide or similar basis. In making this evaluation, the government will consider an applicant's: (1) Knowledge of the content of the work in terms of constituent activities, their inputs and outputs, and their interrelationships and interdependencies; (2) recognition of the appropriate sequence and realistic duration of the work activities; (3) knowledge of the appropriate types of resources required to perform the work activities; (4) familiarity with the difficulties, uncertainties, and risks associated with the work; and (5) knowledge of the personnel qualifications necessary to the performance of the work.

B. Technical Approach (25 points).

The applicant's technical approach should reflect a clear understanding of the HVRP program and innovative approaches in assisting the USDOL-VETS in successful accomplishment of all phases of this Solicitation for Cooperative Agreement(s), specifically, operational plan, design, implementation, project management and monitoring, and reporting. The applicant should demonstrate a clear understanding of each phase, task, and subtask.

The Government will evaluate the applicant's knowledge and ability, based upon a clear understanding and articulation of the components of the HVRP, to assist U.S. DOL-VETS in promoting awareness of the HVRP in a positive, knowledgeable manner to other social service providers, local, state, and national employers, as well as to the general public. Applicants must provide a description of approaches (with examples) that the applicant would use in assisting U.S. DOL-VETS in developing and implementing a National Technical Assistance Center for HVRP purposes. The applicant must demonstrate active communications and strong relationships with other organizations providing services to veterans and homeless veterans or other similar type group of persons.

The Government will review the following factors:

- The applicant's proposed work plan addresses all of the tasks and subtasks listed in this Solicitation for Cooperative Agreement(s).

- The applicant's proposed sequencing, scheduling, and timely completion of tasks/subtasks by phases demonstrates an understanding of the objectives and the applicant's critical role in assisting the government in implementation of the HVRP objectives.

- The applicants' understanding of its role in assisting USDOL-VETS in providing general technical assistance and guidance to HVRP grantees, potential applicants, Veterans Service Organizations, non-profit organizations (including faith-based and community organizations), other federal agencies, the general public, and other interested stakeholders.

- The applicant's understanding of its role in relation to parties other than USDOL-VETS federal and contractor staff, i.e., employers, organizations that support veterans, State Workforce Agencies, the Disabled Veterans' Outreach Program and Local Veterans' Employment Representative staff, Workforce Development programs, and other USDOL-VETS contractors and consultants.

C. Individual Staff Experience and Qualifications (25 points).

This section of the proposal must provide sufficient information to judge the quality and competence of staff proposed to assist USDOL-VETS in developing and maintaining the National Technical Assistance Center for HVRP purposes and to assure that it meets the required qualifications. Successful applicants will have staff that already possess (or are capable of acquiring within a short time period) knowledge of homeless veterans, the HVRP program, and other related programs for veterans and homeless veterans (such as: The Department of Veterans Affairs Grants and Per Diem Programs, Department of Housing and Urban Development grant programs and their Continuums of Care, Stand Down Events, etc.). The proposal must include the current employment status of personnel proposed to work under this cooperative agreement, i.e., whether these personnel are currently employed by the applicant or whether their employment is dependent upon award and planned recruitment.

The Government, in its evaluation of the applicant's proposal, will place considerable emphasis on the applicant's commitment of personnel qualified for the work involved in accomplishing the assigned tasks.

Accordingly, the following information must be furnished:

1. The names of the proposed Project Director and other staff to be assigned under this Cooperative Agreement;

2. A resume for all professional personnel which must include the individual's current employment status and previous work experience, including position title, dates in position, duties performed, employing organization, education, and training.

D. Applicant's Past Performance (20 Points).

Successful applicants must describe their past experience in providing technical assistance on a nation-wide basis (or similar basis) concerning the homeless veteran population, the HVRP program, Stand Down Events, and/or other similar type programs for veterans and homeless veterans or other similar type persons. Applicants must describe their role, duties, and responsibilities and to what extent they were involved in providing technical assistance on a nation-wide (or similar basis) on programs for veterans, homeless veterans, or other similar type persons. The application review panel and the Grant Officer will determine the relevance and extent of past performance information provided by each applicant.

2. Review and Selection Process

Applications will be reviewed by a Department of Labor application review panel using the point scoring system specified above in Section V(1). The application review panel will assign a score after objectively and carefully evaluating each responsive application and all responsive applications will be ranked based on this score. The ranking will be the primary means of identifying applicants as potential awardee(s). The application review panel will establish a competitive range, based upon the proposal evaluation, for the purpose of selecting qualified applicants. For this solicitation, the minimum acceptable score for consideration is 70, but the competitive range may be set higher.

The Grant Officer will make a final selection based on the application review panel findings and application scores. The application review panel's findings and recommendations are solely advisory in nature and not binding on the Grant Officer.

A cost realism analysis will be performed by the application review panel. The purpose of this analysis is to screen all applicant cost proposals to ensure expenses are allocable, allowable, and reasonable. Determinations of allowable costs will be made in accordance with the

applicable Federal cost principles, e.g., Non-Profit Organizations—OMB Circular A-122. Unallowable costs are those charges to an award that a grantor agency or its representatives determine are not to be allowed in accordance with the applicable Federal Cost Principles or other conditions contained in the cooperative agreement award. If the application review panel concludes that the cost proposal contains an expense(s) that is not allocable, allowable, and/or reasonable, they will inform the Grant Officer and he/she may request a revision to the application.

The Government reserves the right to ask the applicant for clarification on any aspect of the cooperative agreement application. The Grant Officer may consult with Department of Labor staff on any potential awardee(s) concerns. The Grant Officer's determination for award under this solicitation is the final agency action.

Anticipated Announcement and Award Dates
