The subcommittee meetings will be open to the public for approximately one hour at the start of each meeting to discuss the general status of the program. The remaining portion of each subcommittee meeting will be closed to the public for the review, discussion, and evaluation of initial and renewal projects.

The closed portion of each meeting involves discussion, examination, reference to staff and consultant critiques of research protocols. During this portion of each subcommittee meeting, discussion and recommendations will deal with qualifications of personnel conducting the studies, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, as well as research information, the premature disclosure of which could significantly frustrate implementation of proposed

agency action regarding such research projects.

As provided by subsection 10(d) of Public Law 92-463, as amended, closing portions of these subcommittee meetings is in accordance with 5 U.S.C. 552b(c)(6) and (9)(B).
