

(g) Applicant must also submit a description of its process for:

(1) Identifying and rehabilitating properties listed on or eligible for listing on the National Register of Historic Places;

(2) Identifying properties that are located in a floodplain or wetland;

(3) Identifying properties located within the Coastal Barrier Resources System; and

(4) Coordinating with other public and private organizations and programs that provide assistance in the rehabilitation of historic properties (Stipulation I, D, of the PMOA, RD Instruction 2000–FF, available in any Rural Development State Office).

(h) The applicant must also submit evidence of the State Historic Preservation Office's (SHPO) concurrence in the proposal, or in the event of nonconcurrence, a copy of SHPO's comments together with evidence that the applicant has received information from the Advisory Council on Historic Preservation's advice as to how the disagreement might be resolved, and a copy of any advice provided by the Council.

(i) The applicant must submit written statements and related correspondence reflecting compliance with § 1944.674 (a) and (c) of 7 CFR part 1944, subpart N regarding consultation with local government leaders in the preparation of its program and the consultation with local and state government pursuant to the provisions of Executive Order 12372.

(j) The applicant is to make its statement of activities available to the public for comment prior to submission to Rural Development pursuant to § 1944.674 (b) of 7 CFR part 1944, subpart N. The application must contain a description of how the comments (if any were received) were addressed.

(k) The applicant must submit an original and one copy of Form RD 400–1, "Equal Opportunity Agreement," and Form 400–4, "Assurance Agreement," in accordance with § 1944.676 of 7 CFR part 1944, subpart N.

Applicants should review 7 CFR part 1944, subpart N for a comprehensive list of all application requirements.

#### IV. Selection Criteria

The Rural Development State Offices will utilize the project selection criteria for applicants in accordance with § 1944.679.

In addition to the criteria established in 7 CFR part 1944.679 and in an effort to implement USDA's nationwide initiative to promote renewable energy and energy conservation, Rural Development (RD) has adopted

incentives for energy generation and energy conservation. Participation in these nationwide initiatives is voluntary, but is strongly encouraged.

**Energy Generation.** Applicants will be awarded points if the proposal includes the installation of energy generation systems to be funded by a third party. The proposal must include an overview of the energy generation system being proposed. Evidence that an energy generation system has been funded by a third party and that it has a quantifiable positive impact on energy consumption will be required. (5 points)

**Energy Conservation.** Applicants will be awarded points to construct (or substantially rehabilitate) housing that earns the ENERGY STAR label for new residential construction. Units earning the ENERGY STAR label must be independently verified to meet guidelines for energy efficiency as set by the U.S. Environmental Protection Agency. All procedures used in verifying a unit for the ENERGY STAR label must comply with National Home Energy Ratings System (HERS) guidelines. ENERGY STAR guidelines for residential construction apply to homes that are three stories or less and single or low-rise multi-family residential buildings.

The Applicant will include in the narrative an explanation of how they plan to incorporate ENERGY STAR. Construction plans pertaining to energy efficiency must be developed with, reviewed, and accepted by a HERS certified rater, the contractor, and the owner. Progress inspections must be made at appropriate times by a HERS certified rater to ensure that the housing is being constructed or rehabilitated according to ENERGY STAR specifications. In order to receive final payment, applicants will be required to submit the appropriate rating reports from the HERS rater to RD as evidence that the housing has been constructed to meet the standards of ENERGY STAR. In the event that housing does not meet ENERGY STAR guidelines for new residential construction, the Agency shall, at its discretion, deduct 5 points from future funding proposals. For further information about ENERGY STAR, see <http://www.energystar.gov> or call the following toll-free numbers: (888) 782–7939 or (888) 588–9920 (TTY). (5 points)

In the event more than one preapplication receives the same amount of points, those preapplications will then be ranked based on the actual percentage figure used for determining the points. Further, in the event that preapplications are still tied, then those pre-applications still tied will be ranked

based on the percentage for HPG fund use (low to high). Further, for applications where assistance to rental properties or cooperatives is proposed, those still tied will be further ranked based on the number of years the units are available for occupancy under the program (a minimum of 5 years is required).

For this part, ranking will be based from most to least number of years. Finally, if there is still a tie, then a lottery system will be used.

Dated: April 12, 2007.

### International Trade Administration (A–580–816)

#### **Corrosion–Resistant Carbon Steel Flat Products from Korea: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:** Victoria Cho at (202) 482–5075, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On September 29, 2006, the U.S. Department of Commerce ("Department") published a notice of initiation of the administrative review of the antidumping duty order on corrosion-resistant carbon steel flat products from Korea, covering the period August 1, 2005 to July 31, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 57465 (September 29, 2006). The preliminary results of this review are currently due no later than May 3, 2007.

##### **Extension of Time Limit of Preliminary Results**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Section

751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. This review covers three companies, and to conduct the sales and cost analyses for each company requires the Department to gather, analyze and verify a significant amount of information pertaining to each company's sales practices, manufacturing costs and corporate relationships. Given the number and complexity of issues in this case, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 120 days. Therefore, the preliminary results are now due no later than August 31, 2007. The final results continue to be due 120 days after publication of the preliminary results.

Dated: April 11, 2007.

**Stephen J. Claeys,**

*Deputy Assistant Secretary for Import Administration.*

#### Notice of Amended Final Results of Antidumping Duty Administrative Review: Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof from the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On March 21, 2007, the U.S. Department of Commerce (the Department) published the final results of the administrative review of the antidumping duty order on floor-standing, metal-top ironing tables and certain parts thereof (ironing tables) from the People's Republic of China (PRC), covering the period of review (POR) February 3, 2004, through July 31, 2005. See *Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof from the People's Republic of China: Final Results and Final Rescission, In Part, of Antidumping Duty Administrative Review*, 72 FR 13239 (March 21, 2007) (*Final Results*). We are amending our Final Results to

correct ministerial errors made in the calculations of the dumping margins for Since Hardware (Guangzhou) Co., Ltd. (Since Hardware), pursuant to section 751(h) of the Tariff Act of 1930, as amended (the Act).

**EFFECTIVE DATE:** April 19, 2007.

**FOR FURTHER INFORMATION CONTACT:**

Kristina Horgan or Bobby Wong, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-8173 or (202) 482-0409, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On March 21, 2007, the Department published the *Final Results* and corresponding issues and decision memorandum. See Memorandum to David M. Spooner, Assistant Secretary for Import Administration, from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, titled *Issues and Decision Memorandum for the Final Results in the First Administrative Review of Floor-standing, Metal-top Ironing Tables and Certain Parts Thereof from the People's Republic of China* (March 12, 2007).

On March 27, 2007, Since Hardware filed a timely allegation that the Department made certain ministerial errors in the *Final Results*. On March 27, 2007, petitioner Home Products International, Inc. filed rebuttal comments to the ministerial error allegations submitted by Since Hardware. No other interested party submitted ministerial error allegations or comments.

#### Scope of Order

For purposes of this review, the product covered consists of floor-standing, metal-top ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. The subject tables are designed and used principally for the hand ironing or pressing of garments or other articles of fabric. The subject tables have full-height leg assemblies that support the ironing surface at an appropriate (often adjustable) height above the floor. The subject tables are produced in a variety of leg finishes, such as painted, plated, or matte, and they are available with various features, including iron rests, linen racks, and others. The subject ironing tables may be sold with or without a pad and/or cover. All types and configurations of floor-standing, metal-top ironing tables are covered by this review.

Furthermore, this scope specifically covers imports of ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. For purposes of this review, the term "unassembled" ironing table means a product requiring the attachment of the leg assembly to the top or the attachment of an included feature such as an iron rest or linen rack. The term "complete" ironing table means product sold as a ready-to-use ensemble consisting of the metal-top table and a pad and cover, with or without additional features, e.g. iron rest or linen rack. The term "incomplete" ironing table means product shipped or sold as a "bare board" – i.e., a metal-top table only, without the pad and cover – with or without additional features, e.g. iron rest or linen rack. The major parts or components of ironing tables that are intended to be covered by this order under the term "certain parts thereof" consist of the metal top component (with or without assembled supports and slides) and/or the leg components, whether or not attached together as a leg assembly. The scope covers separately shipped metal top components and leg components, without regard to whether the respective quantities would yield an exact quantity of assembled ironing tables.

Ironing tables without legs (such as models that mount on walls or over doors) are not floor-standing and are specifically excluded. Additionally, tabletop or countertop models with short legs that do not exceed 12 inches in length (and which may or may not collapse or retract) are specifically excluded.

The subject ironing tables were previously classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.20.0010. Effective July 1, 2003, the subject ironing tables are classified under new HTSUS subheading 9403.20.0011. The subject metal top and leg components are classified under HTSUS subheading 9403.90.8040. Although the HTSUS subheadings are provided for convenience and for Customs and Border Protection (CBP) purposes, the Department's written description of the scope remains dispositive.

#### Ministerial Errors

A ministerial error is defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), and further clarified in 19 CFR 351.224(f) as "an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error
