Various Administrative Changes to the USAID Acquisition Regulations (AIDAR)

AGENCY: United States Agency for International Development.

ACTION: Final rule.

SUMMARY: The U.S. Agency for International Development (USAID) is amending its Agency for International Development Acquisition Regulation (AIDAR) to: Remove all references to Office of Personnel Management's (OPM) obsolete Executive Service (ES–6) as the contract employee salary threshold and replace with revised terminology; revise the Medical Evacuation (MEDEVAC) Services clause and provisions by deleting the requirement for contractors to purchase MEDEVAC services insurance through a USAID centrally awarded contract; remove clause 752.7016 FAMILY PLANNING AND POPULATION ASSISTANCE ACTIVITIES (AUG 1986); and update the title of Office of Procurement (OP) to Office of Acquisition and Assistance (OAA) throughout.

DATES: This rule is effective July 18, 2007 without further action, unless adverse comment is received by May 21, 2007. If adverse comment is received, USAID will publish a timely withdrawal of the rule in the **Federal Register**. Submit comments on or before May 21, 2007.

ADDRESSES: Submit comments, identified by title of the Proposed Action, and RIN number by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

SUPPLEMENTARY INFORMATION: Public Participation:

All comments will be made available for public review without change, including any personal information provided, from 3 workdays after receipt to finalization of action at <http://www.Regulations.gov>.

A. Background

The AIDAR reflects agency policy regarding the maximum annual rate of personnel compensation for contractor employees. The threshold beyond which contract employees' salaries require contracting officer approval is currently stated as being equivalent to OPM's ES–6 level. In 2003, Public Law 108–136 replaced the SES grade structure with a single, open-range "payband"; therefore, the use of the ES–6 level as the threshold for contracting officer approval is no longer possible. USAID has established a new threshold, the "USAID Contractor Salary Threshold" or "USAID CST," which is set forth in the agency's ADS Chapter 302 on Direct Contracting. The change to the AIDAR deletes all references to OPM's obsolete Executive Service (ES–6) level or "ES–6 policy" and replaces it with this updated terminology.

Emergency medical evacuation services are for individuals involved in accidents or suffering a sudden illness at a time when adequate medical facilities are not available at post. USAID implemented AIDAR 752.228–70 "Medical Evacuation (MEDEVAC) Services (Mar 1993)", Appendix D—General Provision 25 "Medical Evacuation (MEDEVAC) Services (Jul 1993)", and Appendix J—General Provision 21 "Medical Evacuation (MEDEVAC) Services (Jul 1993)" which required contractors use USAID's central contract to purchase MEDEVAC

insurance for employees. The central contract incorporated a volume discount for these services, thereby saving insurance costs to the Agency. However, after more than ten years' experience with the centrally-awarded MEDEVAC contract, we have concluded that the difference in rates the Agency obtained through the competitive contracting process and the rates the insurance providers were offering to the general public was negligible and that continuing the central MEDEVAC contract was no longer in the Agency's best interest. USAID did not re-compete a new contract when the last MEDEVAC contract expired in 2003; therefore, the requirement is obsolete. The entire clause and general provisions are revised both to remove the reference to the USAID central MEDEVAC services contract and to update the language overall.

The clause AIDAR 752.7016 FAMILY PLANNING AND POPULATION ASSISTANCE ACTIVITIES (AUG 1986) is removed and the section reserved as the clause was made obsolete by guidance issued under Public Law 105-277 (FY 1999 Foreign Operations Appropriations Act). The Act established new statutory requirements for voluntary family planning projects, known as the Tiaht Amendment. The Tiaht Amendment has been included in all subsequent Foreign Operations Appropriations Acts and its requirements will be incorporated by a proposed rule at a later date.

This document also amends the AIDAR to make editorial changes deleting all references to Office of Procurement (M/OP) and replacing with Office of Acquisition and Assistance (M/OAA).

B. Regulatory Planning and Review

This is not a significant regulatory action and, therefore, is not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

C. Regulatory Flexibility Act

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), USAID has considered the economic impact of the rule and has determined that its provisions would not have a significant economic impact on a substantial number of small entities.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the AIDAR do not impose

information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*
