## DEPARTMENT OF DEFENSE

### Department of the Navy

[No. USN-2007-0028]

#### Proposed Collection; Comment Request

**AGENCY:** Department of the Navy, DoD.

**ACTION:** Notice.

**SUMMARY:** In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the United States Naval Academy announces the submission of a new public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by June 19, 2007.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Mail: Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301-1160.

**Instructions:** All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** To request more information or to obtain a copy of the proposal and associated collection instruments, write to the Commandant of Midshipmen, Operations Office, United States Naval Academy, 101 Buchanan Road, Annapolis, MD 21402-5101, or contact Captain Gary Williams, telephone (410) 293-7125.

**Title; Associated Form; and OMB Number:** United States Naval Academy Sponsor Application; OMB Control Number 0703-TBD.

**Needs and Uses:** This collection of information is necessary to determine the eligibility and overall compatibility between sponsor applicants and Fourth Class Midshipmen at the United States Naval Academy. An analysis of the information collection is made by the Sponsor Program Director during the process in order to best match sponsors with Midshipmen.

**Affected Public:** Individuals or households; Federal government.

**Annual Burden Hours:** 800.

**Number of Respondents:** 800.

**Responses Per Respondent:** 1.

**Average Burden Per Response:** 1 hour.

**Frequency:** Annually.

#### SUPPLEMENTARY INFORMATION:

##### Summary of Information Collection

The sponsor program matches first-year students with families in the community for a semblance of home away from the rigors of the academy.

The application is used to evaluate and match sponsor families with incoming midshipmen of similar interests.

Dated: April 12, 2007.

**Patricia L. Toppings,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

## DELAWARE RIVER BASIN COMMISSION

### Notice of Commission Meeting and Public Hearing

Notice is hereby given that the Delaware River Basin Commission will hold an informal conference followed by a public hearing on Thursday, May 10, 2007. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the Commission's office building, located at 25 State Police Drive in West Trenton, New Jersey.

The conference among the commissioners and staff will begin at 10:15 a.m. Topics include a presentation on the status of the Flood Mitigation Task Force report and recommendations; a presentation on a revised proposal for a Flexible Flow Management Plan (FFMP) for the New York City Delaware Basin Reservoirs for potential consideration by the Commission at its meeting in July; a presentation on PCB Trackdown for the Camden County Municipal Utilities Authority; and a presentation on proposed modifications to the Commission's office building to improve energy efficiency and reduce cost.

The subjects of the public hearing to be held during the 1:30 p.m. business meeting include the dockets listed below:

1. *Pen Argyl Municipal Authority D-75-28 CP-2.* An application for approval to upgrade the Pen Argyl Municipal Authority WWTP. The WWTP design capacity will remain at 0.95 mgd. The project involves replacement of the existing contact aeration/trickling filter processes with a sequencing batch reactor process. The treatment process change is needed to improve nutrient removal. The WWTP will continue to discharge to an un-named tributary of Waltz Creek in the Martins Creek Watershed, which is located within the drainage area to a section of the non-tidal Delaware River known as the Lower Delaware, which is classified as Special Protection Waters. The WWTP serves the Borough of Pen Argyl and portions of Plainfield and Washington Townships, all located within Northampton County, Pennsylvania.

2. *Mt. Airy #1, LLC D-77-58-3.* An application to modify an existing wastewater treatment plant to replace aged equipment and provide more reliable operation of the treatment facility. The modifications include installation of new fine screening equipment to replace the comminutor; replacement of the existing air supply system, including the blowers and air diffusers in the aeration basins; installation of new alum, polymer, alkalinity and sodium hypochlorite systems for process control and disinfection; construction of a new sludge holding tank; and miscellaneous improvements to controls, power supply and alarms throughout the treatment facility. No change is proposed to the existing effluent limits or design capacity of 0.220 million gallons per day. The project effluent discharges to Forest Hills Run in the drainage area of DRBC Special Protection Waters. The project is located at the former Mount
