RIN 0607-AA42

2010 Census Redistricting Data Program Commencement of Phase 2: The Voting District/Block Boundary Suggestion Project

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of program.

SUMMARY: This notice announces the commencement of Phase 2 of the 2010 Census Redistricting Data Program: The Voting District/Block Boundary Suggestion Project. This second phase specifically provides States the opportunity to submit their voting districts (election precincts, wards, etc.) to the Bureau of the Census (Census Bureau) for the development of data products by voting district in the Phase 3 release of the 2010 Census Redistricting Data. In addition to providing the Census Bureau with their voting districts, States may opt to provide the Census Bureau with their suggestions for the 2010 Census tabulation block inventory. States may choose to participate in one or both options during Phase 2. Participation in Phase 2 is voluntary.

DATES: Comments on this notice must be received by May 21, 2007. The deadline for States to notify the Census Bureau that they wish to participate in the Phase 2: Voting District/Block Boundary Suggestion Project is December 15, 2007.

ADDRESSES: Please direct all written comments on this notice to the Director, U.S. Census Bureau, Room 8H001, mail stop 0100, Washington, DC 20233-0001.

FOR FURTHER INFORMATION CONTACT: Catherine C. McCully, Chief of the Census Redistricting Data Office, U.S. Census Bureau, Room 8H019, Washington, DC 20233, telephone (301) 763-4039.

SUPPLEMENTARY INFORMATION: Under the provisions of Public Law 94-171 (Title 13, United States Code (U.S.C.), Section 141(c)), the Director of the Census Bureau is required to provide the "officers or public bodies with initial

responsibility for legislative apportionment or districting of each State * * * " with the opportunity to specify geographic areas (for example, voting districts, wards, and election precincts) for which they wish to receive decennial census population totals for the purpose of reapportionment and redistricting.

By April 1 of the year following the decennial census, the Secretary is required to furnish the State officials or their designees with population counts for counties, cities, census blocks, and State-specified congressional districts, legislative districts, and voting districts.

In accordance with the provisions of Title 13, U.S.C. Section 141(c), and on behalf of the Secretary of Commerce, the Director announces the commencement of Phase 2 of the 2010 Census Redistricting Data Program. The purpose of this notice is to provide further information on the commencement of the 2010 Census Redistricting Data Program, Phase 2 Voting District/Block Boundary Suggestion Project. Future notices will address the remaining phases of this 2010 Program.

The 2010 Census Redistricting Data Program¹ was initially announced on May 13, 2004, in the **Federal Register** (69 FR 26547). This notice described the program that the Census Bureau proposed to adopt for the 2010 Census. In addition, Phase 1 of the 2010 Census Redistricting Data Program was initially announced in a second **Federal Register** notice on February 15, 2005 (70 FR 7713). This notice described the procedures to be followed under Phase 1 for States to submit their legislative districts (House and Senate) to the Census Bureau for the development of data products by legislative district. For additional background information on these notices, please consult the **Federal Register** issues referenced above. Phase 1 was concluded on January 4, 2007, with the release of data re-tabulated from Census 2000 SF-1 (100% data) and SF-3 (sample data) for State legislative districts nationwide (50 States, the District of Columbia, and the Commonwealth of Puerto Rico).

Beginning in the summer of 2007 and by separate letter, the Director of the Census Bureau will invite each State to participate in Phase 2, the Voting District/Block Boundary Suggestion Project. This phase will include a verification step prior to release of the Phase 3 data. For each State responding by December 15, 2007 that it wishes to

¹ As in the 1990 and 2000 censuses, the 2010 Census Redistricting Data Program is being partitioned into several phases. State participation in Phases 1 and 2 of the 2010 Redistricting Data Program under 13 U.S.C. 141 is voluntary.

participate in Phase 2, the Census Bureau will provide one county of data for that State from the MAF/TIGER Database and a copy of the MAF/TIGER Partnership Software (MTPS) to enable the State to begin work on Phase 2. States are not required to use the MTPS; however, they are required to provide their Phase 2 submission to the Census Bureau electronically in Census Bureau specified formats. During this time, the Census Bureau will provide training in the use of the MTPS and assist the States in preparing for the remaining counties within each State, scheduled for later in the fall of 2008. The States will have the opportunity to verify the inclusion of their voting districts and suggested tabulation block boundary features during 2009 and early 2010, to ensure the voting district boundaries that will be used by the Census Bureau are consistent with their submissions.

The Census Bureau will continue to communicate with each State to ensure that the States are well informed on the benefits of working with the Census Bureau towards a successful 2010 Census. In addition, the Redistricting Data Office will continue to work with each State to ensure it is prepared to participate in Phase 2 and Phase 3: Delivery of the Decennial 2010 Census Redistricting Data. Every State, regardless of its participation in Phase 2, will receive the official redistricting data sets, as required by Pub. L. 94-171.

Executive Order 12866

This notice has been determined to be not significant under Executive Order 12866.

Dated: April 17, 2007.

Charles Louis Kincannon,

Director, Bureau of the Census.

Foreign-Trade Zones Board

Order No. 1509

Expansion of Foreign-Trade Zone 123, Denver, Colorado, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the City and County of Denver, grantee of Foreign-Trade Zone 123, submitted an application to the Board for authority to expand FTZ 123 to include a site (766 acres) at the Great Western Industrial Park (Site 3) in the Windsor, Colorado, area, adjacent to the

Denver Customs and Border Protection port of entry (FTZ Docket 28–2006; filed 7/12/06);

Whereas, notice inviting public comment was given in the **Federal Register** (71 FR 39296, 7/12/06), and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders:

The application to expand FTZ 123 is approved, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 10th day of April 2007.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign–Trade Zones Board.

Attest:

Andrew McGilvray,

Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign–Trade Zones Board

Order No. 1510

Approval for Expansion of Subzone 208A, and of Expanded Manufacturing Authority, Pfizer Inc (Pharmaceutical Products), Groton, Connecticut

Pursuant to its authority under the Foreign–Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign–Trade Zones Board (the Board) adopts the following Order:

Whereas, the New London Foreign Trade Zone Commission, grantee of FTZ 208, has requested authority on behalf of Pfizer Inc (Pfizer) to expand the subzone and scope of manufacturing authority at Subzone 208A at the Pfizer pharmaceutical manufacturing plant in Groton, Connecticut (FTZ Docket 31–2006, filed 7/20/06);

Whereas, notice inviting public comment has been given in the **Federal Register** (71 FR 43107, 7/31/06); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby approves the expansion of the subzone and the scope of authority under zone procedures within Subzone 208A for the manufacture of pharmaceutical products at the Pfizer Inc plant located in Groton, Connecticut, as described in the application and the **Federal Register** notice, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 10th day of April 2007.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign–Trade Zones Board.

Attest:

Andrew McGilvray,

Executive Secretary.

International Trade Administration

A–201–805

Certain Circular Welded Non–Alloy Steel Pipe and Tube from Mexico: Notice of Preliminary Intent to Rescind Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Conduit S.A. de C.V. (Conduit), a Mexican producer of certain circular welded non–alloy steel pipe and tube (pipe and tube), the Department of Commerce (the Department) initiated a new shipper review of the antidumping duty order on pipe and tube from Mexico. The period of review covers November 1, 2005, through April 30, 2006. Based on our findings at verification, the Department preliminarily determines that the merchandise Conduit sold and entered into the United States was not subject merchandise. Because the respondent has consequently made no sales or shipments of the subject merchandise to the United States during the period of review, we preliminarily intend to rescind this new shipper review.

EFFECTIVE DATE: April 20, 2007.

FOR FURTHER INFORMATION CONTACT: John Drury or Patrick Edwards, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230;

telephone: (202) 482–0195 or (202) 482–8029, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published an antidumping duty order on pipe and tube from Mexico on November 2, 1992. *See Notice of Antidumping Duty Order: Circular Welded Non–Alloy Steel Pipe from Mexico*, 57 FR 49453 (November 2, 1992). On May 26, 2006, the Department received a timely request from Conduit, in accordance with 19 CFR § 351.214(c), to initiate a new shipper review of the antidumping duty order on pipe and tube from Mexico. Pursuant to 19 CFR § 351.214(b), Conduit certified that it is both the exporter and producer of the subject merchandise, that it did not export subject merchandise to the United States during the period of the investigation, and that since the investigation was initiated, it has never been affiliated with any exporter or producer who exported the subject merchandise to the United States. Conduit also submitted documentation establishing the date on which the shipment that was the basis for this new shipper review was first entered for consumption, the volume shipped, and the date of its first sale to an unaffiliated customer in the United States.

The Department published the initiation of the new shipper review of the antidumping duty order on pipe and tube from Mexico on July 10, 2006. *See Circular Welded Non–Alloy Steel Pipe and Tube from Mexico: Initiation of New Shipper Antidumping Duty Review*, 71 FR 38851 (July 10, 2006).

Scope of the Order

The merchandise under review is circular welded non–alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low–pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A–53 specifications. Standard pipe may also be used for light load–bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load–bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related
