SUPPLEMENTARY INFORMATION: In June 2006, the construction of the new Postal Service Processing and Distribution Center in southwest Philadelphia, Pennsylvania was completed. With the opening of this new facility, the Postal Service is vacating much of its property in west Philadelphia. According to Section 106 of the National Historic Preservation Act of 1966 (NHPA), federal agencies including the Postal Service, are required to take into account the effects of their undertakings on historic properties, and afford the Advisory Council on Historic Preservation, the State Historic Preservation Officer, the public, and other consulting parties, a reasonable opportunity to comment on those undertakings.

Consistent with the disposition of its properties and as required by Section 106 of NHPA, the Postal Service is serving notice of this undertaking and is seeking comments from the public on the disposition of three properties: the Main Post Office, the Truck Terminal Annex, and the fourteen acre parking lot. The Postal Service will continue to maintain operations and ownership at the Vehicle Maintenance Facility located at the southwest corner of Chestnut and 30th streets; this building is not part of the disposition.

The Main Post Office building, constructed from 1931-1935, stands prominently at the southeast corner of Market and 30th streets, and it extends a full city block south to Chestnut Street and east to Schuylkill Avenue. It is six stories in height and encompasses 927,183 gross square feet. The Main Post Office building is listed on the National Register of Historic Places. The Truck Terminal Annex building, constructed in 1962, is situated on the southeast corner of Chestnut and 30th streets, and it extends a full city block south to Walnut Street and east to Schuylkill Avenue. The building is a three-story structure and measures 171,902 gross square feet. The third piece of property in this disposition of Postal Service properties is a fourteen acre parking lot that is situated south of the Truck Terminal Annex building, south of Walnut Street, east of the Schuylkill Expressway and Amtrak railroad, and west of rail High Line.

In May 2007, the Postal Service plans to convey the Main Post Office to the University of Pennsylvania or its assignee, and the Truck Terminal Annex building and the fourteen acres of land

to the University of Pennsylvania. The Postal Service is in consultation with the Pennsylvania State Historic Preservation Officer and the Advisory Council on Historic Preservation and all improvements will meet the Secretary of the Interior Standards for Historic Rehabilitation. Interested persons may obtain more detailed information about this action at the retail store located in the main branch at 2970 Market Street, Philadelphia PA.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of Information Collection

Earnings Information Request; OMB 3220-0184; RRB Form G-19-F

Under Section 2 of the Railroad Retirement Act, an annuity is not payable, or is reduced for any month(s) in which the beneficiary works for a railroad or earns more than prescribed amounts. The provisions relating to the reduction or non-payment of annuities by reason of work are prescribed in 20 CFR part 230.

To obtain the information needed to determine if an annuity is not payable to an *applicant* because of earnings in excess of prescribed amounts, the RRB uses a series of basic application forms used to request specific information related to an annuitant's past, present and future earnings. To determine information needed for determining reductions in, or non-payment of, annuities currently being paid to *annuitants*, the RRB primarily relies on earnings information received from the Social Security Administration under the terms of a computer matching agreements.

The RRB utilizes Form G-19-F, *Earnings Information Request*, to obtain earnings information that either had not

been previously reported or erroneously reported by a beneficiary. If a respondent fails to complete the form, the RRB may be unable to pay them benefits. One response is requested of each respondent.

In order to enhance program integrity, the RRB proposes to revise Form G-19-F to expand a current item that requests information about the annuitant's employer to include the employer's identification number (EID). Other minor non-burden impacting editorial changes are also proposed.

The RRB estimates that 900 G-19-F's are completed annually at an estimated completion time of eight minutes per response. Total respondent burden is estimated at 120 hours.

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or send an e-mail to Ronald.Hodapp@RRB.GOV. Written comments should be received within 60 days of this notice.

Charles Mierzwa,
Clearance Officer.
