

should be applied, if the resulting offense level is higher. The Commission concluded that operation of the cross reference would capture the harms associated with the aggravated forms of this offense referenced at 18 U.S.C. 1039(d) or (e). Finally, the amendment expands the scope of the existing three-level enhancement in the guideline to include cases in which the defendant is convicted under 18 U.S.C. 1039(d) or (e). Thus, in cases where the cross reference does not apply, application of the enhancement will capture the increased harms associated with the aggravated offenses.
