

mail (return receipt requested), by personal delivery, or by other means which allows verification of the fact and date of receipt. EPA, however, has determined that in the present circumstances the use of a **Federal Register** notice is the only practical and efficient way to contact affected businesses and to furnish the notice of opportunity to submit comments. The Agency's determination to follow this course was made in recognition of the large number of businesses included in the pertinent universe. Publication in the **Federal Register** also dispenses with the requirement of orally informing a responsible representative of the business that it should expect to receive a written notice, and requesting the business to contact the EPA office if the written notice has not been received within a few days, so that EPA may furnish a duplicate notice. *40 CFR 2.204(e)(3)*.

4. Submission of Your Response in the English Language

All responses to this notice must be in the English language.

5. The Effect of Failure To Respond to This Notice

In accordance with *40 CFR 2.204(e)(1)* and *2.205(d)(1)*, EPA will construe your failure to furnish timely comments in response to this notice as a waiver of your business's claim(s) of confidentiality for any information in the documents identified in this notice.

6. What To Include in Your Comments

If you believe that some or all of the information contained in the types of documents which are described in this notice and which are currently, or may become, subject to FOIA requests, is entitled to confidential treatment, please specify which portions of the information you consider confidential. Information not specifically identified as subject to a confidentiality claim will be disclosed to the requestor without further notice to you.

For each item or class of information that you identify as being subject to your claim, please answer the following questions, giving as much detail as possible:

1. For what period of time do you request that the information be maintained as confidential, *e.g.*, until a certain date, until the occurrence of a specified event, or permanently? If the occurrence of a specific event will eliminate the need for confidentiality, please specify that event.

2. Information submitted to EPA becomes stale over time. Why should the information you claim as

confidential be protected for the time period specified in your answer to question no. 1?

3. What measures have you taken to protect the information claimed as confidential? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?

4. Is the information contained in any publicly available material such as the Internet, publicly available data bases, promotional publications, annual reports, or articles? Is there any means by which a member of the public could obtain access to the information? Is the information of a kind that you would customarily not release to the public?

5. Has any governmental body made a determination as to the confidentiality of the information? If so, please attach a copy of the determination.

6. For each category of information claimed as confidential, *explain with specificity* why release of the information is likely to cause substantial harm to your competitive position. Explain the specific nature of those harmful effects, why they should be viewed as substantial, and the causal relationship between disclosure and such harmful effects. How could your competitors make use of this information to your detriment?

7. Do you assert that the information is submitted on a voluntary or a mandatory basis? Please explain the reason for your assertion. If the business asserts that the information is voluntarily submitted information, whether and why disclosure of the information would tend to lessen the availability to EPA of similar information in the future.

8. Any other issue you deem relevant.

Please note that *you bear the burden of substantiating your confidentiality claim*. Conclusory allegations will be given little or no weight in the determination. If you wish to claim any of the information in your response as confidential, you must mark the response "CONFIDENTIAL" or with a similar designation, and must bracket all text so claimed. Information so designated will be disclosed by EPA only to the extent allowed by, and by means of, the procedures set forth in, *40 CFR part 2, subpart B*. If you fail to claim the information as confidential upon submission, it may be made available to the public without further notice to you.

III. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI*. Do not submit this information to EPA through *www.regulations.gov* or e-mail. Please submit this information by mail to the address identified in the **ADDRESSES** section of today's notice. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. Information so marked will not be disclosed except in accordance with procedures set forth in *40 CFR part 2, subpart B*. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket.

2. *Tips for Preparing Your Comments*. When submitting comments, remember to:

- Identify the notice by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- Provide specific examples to illustrate your concerns, and suggest alternatives.
- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- Make sure to submit your comments by the comment period deadline identified.

A. How Can I Get Copies of Related Information?

1. *Docket.* EPA has established a docket for this committee under Docket ID No. EPA-HQ-OW-2004-0041 in the EPA Docket Center (EPA/DC). In addition to electronic access through www.regulations.gov, public inspection of the docket materials will be available by appointment. Appointments may be made by calling (202) 566-1744. The public reading room is in EPA West, Room 3334 at 1301 Constitution Ave., N.W., Washington, DC.

2. *Electronic Access.* You may access this **Federal Register** document through the EPA Internet under the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>. An electronic version of the public docket is available through <http://www.regulations.gov>. You may use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search", then, key in

the appropriate docket identification number, EPA-HQ-OW-2004-0041. You may also view the meeting material on the website, www.epa.gov/waterscience/methods/det/.

B. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number (OW-2004-0041) in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, or an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment, and it allows EPA to contact you if further information on the substance of the comment is needed or if your comment cannot be read due to technical difficulties. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of the comment will be included as part of the comment placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. EDOCKET. Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to <http://www.regulations.gov> and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, <http://www.epa.gov>, select "Information Sources", "Dockets". Once in the system, select "search" and then key in Docket ID No., EPA-HQ-OW-2004-0041. The system is an anonymous access system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. E-mail. Comments may be sent by electronic mail (e-mail) to OW-Docket@epa.gov, Attention Docket ID No., EPA-HQ-OW-2004-0041. In

contrast to EPA's electronic public docket, EPA's e-mail system is not an anonymous access system. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. Disk or CD ROM. You may submit comments on a disk or CD ROM mailed to the mailing address identified in Section I.B.2 of this notice. These electronic submissions will be accepted in Word, or rich text files. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: U.S. Environmental Protection Agency, OW Docket, EPA Docket Center (EPA/DC), Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attention Docket ID No., OW-2004-0041.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Center (EPA/DC), 1301 Constitution Ave., NW., Washington, DC. Attention Docket ID No., OW-2004-0041 (Note: this is not a mailing address). Such deliveries are only accepted during the docket's normal hours of operation as identified in Section I.A.1 of this notice. For those wishing to make public comments, it is important to note that EPA's policy is that comments, whether submitted electronically or on paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket. Public comments submitted on computer disks mailed or delivered to the docket will be transferred to EPA's electronic public docket. Written public comments mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket.
