

## LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION OF ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT ASSISTANCE FOR THE PERIOD MARCH 21, 2007 THROUGH APRIL 20, 2007

Firm	Address	Date petition accepted	Product
Romarc Corporation .....	32 Appletree Lane, Plumsteadville, PA 18949.	3/30/2007	Sheet plastic and structural foam.
Dakota Granite Company .....	14964 484th Ave., Milbank, SD 57252 ....	4/13/2007	Cut stone.
Nisbet Oyster Co., Inc .....	PO Box 338, 7081 Niawaukum St. Hwy 101, Bay Center, WA 98527.	4/2/2007	Shucked fresh oysters.
TMI Industries, Inc .....	PO Box 968, 25 Ware Road, Palmer, MA 01069.	3/27/2007	Machine braided and hand hooked rugs.
Wirefab, Inc .....	75 Blackstone River Road, Worcester, MA 01607.	3/29/2007	Custom steel wire products in hospitality markets.
Lakeshore Technologies, Inc .....	7536 Murray Drive, Cicero, NY 13039 .....	3/28/2007	Medical imaging processing systems and cameras.
Pecos Cantaloupe Shed, Inc .....	2101 Bickley Avenue, Pecos, TX 79772 ..	4/19/2007	Sale and marketing of cantaloupes.
Liberty Hearth, Inc .....	301 Locust Ave., Oakdale, NY 11769 .....	4/18/2007	Frozen baked bagels.
Foulke Family Farm .....	P.O. Box 64, 12145 Elkins Rd., Monmouth, OR 97361.	4/17/2007	Hazelnuts in the shell.
Dakota Lettering, Inc .....	3400 South Sheldon Lane, Sioux Falls, SD 57105.	4/18/2007	Custom apparel designs with screen printing on fabric articles and embroidery advertising.
Tiyoda Serec Corporation .....	342 Compass Circle, Unit 2, N. Kingstown, RI 02852.	4/18/2007	Precision and industrial cleaning machinery.
Snokist Growers .....	12 West Mead, P.O. Box 1587, Yakima, WA 98907-1587.	4/19/2007	Canned pears.
Eastman Hill Holdings, Inc .....	70 Ingersoll Drive, Portland, Maine 04103	4/19/2007	Professional grade lawn and landscaping equipment.
Software Services Group, Ltd. Db a ISODISC.	7030 North 97th Plaza Circle, Omaha, NE 68122.	4/19/2007	Magnetic and optical discs.
P.W. Minor & Son, Inc .....	3 Treadeasy Avenue, Batavia, NY 14021-0678.	4/19/2007	Manufacture of Orthopedic Shoes.
Wening Enterprises, Inc .....	201 E. Industrial Drive, New Haven, MO 63068.	4/19/2007	Tractor trailer suspension parts and sunroofs.

Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Office of Performance Evaluation, Room 7009, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice. Please follow the procedures set forth in § 315.9 of EDA's final rule (71 FR 56704) for procedures for requesting a public hearing. The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: April 24, 2007.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

(Docket T-2-2007)

#### Foreign-Trade Zone 26 – Atlanta, Georgia, Application for Temporary/ Interim Manufacturing Authority, Perkins Shibaura Engines LLC, (Diesel Engines), Griffin, GA

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, requesting temporary/interim manufacturing (T/IM) authority within FTZ 26 at the Perkins Shibaura Engines LLC (Perkins) facility in Griffin, Georgia. The application was filed on April 24, 2007.

The Perkins facility (150 employees) is located at 325 Green Valley Road within the the Green Valley Industrial Park in Griffin (Site 6). In 2006, T/IM authority was approved for Perkins to manufacture compact diesel engines under FTZ procedures for the U.S. market and export (71 FR 16756, 4-4-2006). The approval included authority to assemble up to 30,000 engines annually using certain foreign and

domestic material inputs for a two-year period (expires 2-21-2008).

Based on the FTZ Board's modification of the T/IM procedure in September 2006, the applicant is now requesting additional authority under T/IM procedures for the remainder of its two-year period to assemble up to 50,000 diesel engines (HTSUS 8408.90; 10 - 60 horsepower), with an expanded list of foreign-origin components. The additional foreign components that would be used in the FTZ assembly activity include: rubber tubes/pipes/hoses, reinforced or non-reinforced (HTSUS 4009.11, 4009.31, 4009.32, 4009.41); transmission belts (4010.31, 4010.32); flanges (7307.91); spring/lock washers (7318.21); cotter pins (7318.24); dowel pins and keys, pin springs (7318.29); cooling fans (8414.59); holders (8414.90); air filters (8421.31); gears, gearboxes, speed changers, torque converters, ball/roller screws (8483.40); generators (8511.50); ignition parts (8511.90); electrical switches (8536.50) and connectors (8544.42); and, process control instruments (9032.89) (duty rates: free – 5.8%). Perkins has also submitted a request for permanent FTZ manufacturing authority (which will be docketed with the Board separately),

which separately includes 62 additional component inputs.

FTZ procedures would exempt Perkins from Customs duty payments on the foreign components used in production for export to non-NAFTA countries. On shipments to the U.S. and to NAFTA markets, Perkins could elect the finished engine duty rate (free) for the foreign components used in production when the finished engines are entered for U.S. consumption from the zone. The application indicates that the company would also realize duty deferral and certain logistical/supply chain savings.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2814B, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230-0002. The closing period for receipt of comments is May 30, 2007.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above. For further information, contact Pierre Duy, examiner, at: pierre\_duy@ita.doc.gov, or (202) 482-1378.

Dated: April 24, 2007.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

**Docket 17-2007**

#### **Foreign-Trade Zone 124 – Gramercy, LA, Application for Subzone Status, Candies Shipbuilders, L.L.C., (Shipbuilding)**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of South Louisiana Commission, grantee of FTZ 124, requesting special-purpose subzone status for the shipbuilding facility of Candies Shipbuilders, L.L.C. (Candies), in Houma, Louisiana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on April 20, 2007.

The Candies shipyard (45 acres) is located at 1100 Oak Street in Houma (Terrebonne Parish), Louisiana, about 45

miles southwest of New Orleans. The facility (139 employees) is used for the construction, fabrication, and repair of oceangoing vessels for domestic and international customers. Foreign components that may be used at the Candies shipyard (representing about 15% of finished vessel value) may include bulb flats, windows, doors and watertight doors, engines, winches, anchors, sanitary units, manholes, dynamic positioning systems, electronics, wiring sets and cable (duty rate range: free – 5.0%, *ad valorem*).

FTZ procedures would exempt Candies from Customs duty payments on the foreign components used in export activity. On its domestic sales, the company would not be required to pay applicable Customs duties on the foreign components, or it would be able to elect the duty rate that applies to finished oceangoing vessels (duty free) for the foreign components when the vessels are processed for Customs entry. The manufacturing activity conducted under FTZ procedures would be subject to the "standard shipyard restriction" applicable to foreign-origin steel mill products (e.g., angles, pipe, plate), which requires that full Customs duties be paid on such items. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 29, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to July 16, 2007.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: U.S. Department of Commerce Export Assistance Center, Suite 2710, 2 Canal Street, New Orleans, LA 70130; and, the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2814B, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002.

For further information, contact Pierre Duy, examiner at: pierre\_duy@ita.doc.gov, or (202)482-1378.

Dated: April 20, 2007.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

**(Docket 18-2007)**

#### **Foreign-Trade Zone 110 – Albuquerque, New Mexico, Application for Subzone, Louisiana Energy Services, L.P., (Gas Centrifuge Production Equipment), Lea County, New Mexico**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Albuquerque, grantee of FTZ 110, requesting special-purpose subzone status for the assembly and installation of gas centrifuge production equipment at the facility of Louisiana Energy Services, L.P. (LES), located in Lea County, New Mexico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 20, 2007.

The LES facility (1,000 employees, 543 acres) is located at 275 Andrews Highway, in Lea County, New Mexico. The applicant is requesting authority for the assembly and installation of gas centrifuge production equipment for the enrichment of uranium during construction of the National Enrichment Facility. Components and materials sourced from abroad, representing some 99% of all parts, include: cascade valve frames, pipe work modules, connecting pipes and gas centrifuge parts, all designed as parts of machinery and apparatuses for isometric separation (duty rate 2.6%).

FTZ procedures would allow LES to defer duty on the parts of production equipment until they are incorporated into a finished gas centrifuge, tested and put into use. FTZ designation would further allow LES to utilize certain U.S. Customs and Border Protection procedures, such as weekly entry and direct delivery, resulting in increased efficiencies for its import shipments. The applicant is not requesting FTZ manufacturing authority for the enrichment of uranium, and enrichment activity would not occur in an activated FTZ area. The request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.
