Plan of Operations, Environmental Assessment, and Draft Wetlands Statement of Findings, Big Thicket National Preserve, TX

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of availability of a Plan of Operations, Environmental Assessment, and draft Wetlands Statement of Findings for a 30-day public review at Big Thicket National Preserve.

SUMMARY: Notice is hereby given in accordance with Section 9.52(b) of Title 36 of the Code of Federal Regulations, Part 9, Subpart B, that the National Park Service (NPS) has received from Seismic Assistants, Ltd., a Plan of Operations to conduct the Knight Phase IV 3-D Seismic Survey within the Big Sandy Creek Corridor, Turkey Creek and Village Creek Corridor Units of Big Thicket National Preserve, in Hardin and Tyler Counties, Texas. The NPS has prepared an Environmental Assessment and a draft Wetlands Statement of Findings for this proposal.

DATES: The above documents are available for public review and comment through June 6, 2007.

ADDRESSES: The Plan of Operations, Environmental Assessment, and draft Wetlands Statement of Findings are available for public review and comment at <http://parkplanning.nps.gov> and in the Office of the Superintendent, Todd Brindle, Big Thicket National Preserve, 6044 FM 420, Kountze, Texas 77625. Copies of the documents are available upon request from the contact listed below.

FOR FURTHER INFORMATION CONTACT: Mr. Haigler "Dusty" Pate, Oil and Gas Program Manager, Big Thicket National Preserve, 6044 FM 420, Kountze, Texas 77625, Telephone: 409 951-6822, e-mail at Haigler_Pate@nps.gov.

SUPPLEMENTARY INFORMATION: If you wish to comment on the Plan of Operations, Environmental Assessment, and draft Wetlands Statement of Findings, you may mail comments to the name and address above or post

comments online at <http://parkplanning.nps.gov/>. The documents will be on public review for 30 days. Our practice is to make comments, including names, home addresses, home phone numbers, and e-mail addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Dated: April 7, 2007.

National Park Service

General Management Plan, Rosie the Riveter/World War II Home Front National Historical Park, Contra Costa County, CA; Notice of Termination of the Environmental Impact Statement

SUMMARY: The National Park Service is terminating preparation of an Environmental Impact Statement (EIS) for the General Management Plan, Rosie the Riveter/World War II Home Front National Historical Park, Richmond, California. A Notice of Intent to prepare the EIS for the General Management Plan (GMP) was published in the **Federal Register** on March 26, 2002. The National Park Service has since determined that an Environmental Assessment (EA) rather than an EIS is the appropriate environmental documentation for the GMP; this determination includes due consideration of all public comment and other agency information received during the public scoping period.

Background: The Rosie the Riveter/World War II Home Front National Historical Park includes the Ford

Assembly Building, the Richmond Shipyard #3 (currently known as the Port of Richmond, Terminals 5, 6 and 7), the Maritime and Ruth Powers Child Development Centers, Atchison Village housing, Kaiser Field Hospital, Fire Station 67A, the Rosie the Riveter Memorial, the S.S. Red Oak Victory, and city parks referred to in the authorizing legislation as Shimada Peace Memorial Park, Westshore Park (now known as Lucretia Edwards Park), Sheridan Observation Point Park, Vincent Park, and the Bay Trail-Esplanade. The National Park Service (NPS) does not own or manage these sites, but is authorized to interpret the story of Rosie the Riveter and the World War II home front, conduct and maintain oral histories, operate an education center, provide visitor services, provide technical assistance, enter into agreements to support preservation and interpretation, and acquire certain structures from willing sellers. The NPS will collaborate with the public and private owners of these sites to plan for and encourage their preservation and use.

Pub. L. 106-352 requires the GMP to include a plan to preserve the historic setting of the Rosie the Riveter/World War II Home Front National Historical Park, which must be jointly developed and approved by the City of Richmond. Accordingly, the GMP will establish the overall direction for the park, setting a broad vision and management goals for managing this partnership park for the next 15 to 20 years. The plan was originally scoped as an EIS. No concerns or issues expressed during public scoping and preliminary development of the GMP convey either the potential for controversy or identify potential for significant impacts.

In the GMP effort to date the cooperating park partners and NPS planning team have developed three alternatives for the historical park. All three alternative visions support preserving the historic scene while providing different approaches for visitors to experience and learn about Rosie the Riveter and the American World War II Home Front. Initial analysis of the alternatives has revealed neither major effects nor significant or unacceptable impacts on the human environment, nor any potential for impairing park resources and values. Potential impacts as may arise from implementing any of the alternatives are expected to range from negligible to moderate in magnitude. All the GMP alternative visions provide for preserving the historic scene with the NPS providing technical assistance to help support the decisions and actions

of the park partners. All uses expected to occur under any of the alternative visions are deemed to be appropriate. For these reasons the NPS determined the intensity of conservation planning and environmental impact analysis needed for the GMP is an EA.

SUPPLEMENTARY INFORMATION: The draft GMP and EA will be integrated; the combined document is expected to be distributed for a 60-day public review and comment period in the summer/fall of 2007. The NPS will notify the public by mail, Web site postings, local and regional media, and other means, to provide regularly updated information on where and how to obtain a copy of the EA, how to comment on the EA, and the confirmed dates for public meetings to be hosted in Richmond and Oakland during the 60-day public review period. For further information contact Martha Lee, Superintendent, Rosie the Riveter/World War II Home Front National Historical Park, 1401 Marina Way South, Richmond, CA 94804 (telephone: (510) 232-5050; e-mail: Martha_lee@nps.gov).

A decision regarding selection of an alternative vision for the new GMP is expected to be made in the fall/winter of 2007. The official responsible for the final decision is the Regional Director, Pacific West Region, National Park Service. Subsequently the official responsible for implementing the new GMP is the Superintendent, Rosie the Riveter/World War II Home Front National Historical Park.

Dated: March 28, 2007.

Patricia L. Neubacher,

Acting Regional Director, Pacific West Region.
