BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Availability of a Tiered Final Environmental Impact Statement Containing a Draft Air Quality General Conformity Determination for the Proposed Construction of a Dredged Material Containment Facility in the Patapsco River, at Masonville, Baltimore City, MD

AGENCY: Department of the Army, U.S.
Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with
requirements of the National
Environmental Policy Act (NEPA), the
U.S. Army Corps of Engineers (USACE),
Baltimore District, has prepared a Final
Environmental Impact Statement (FEIS)
for the proposed construction of a
dredged material containment facility
(DMCF) by the Maryland Port
Administration (MPA). This FEIS was
prepared as part of the submission of
MPA's application for a Department of
the Army permit to construct the facility

in the Patapsco River, Baltimore City,
MD. This application will be evaluated
pursuant to Section 10 of the Rivers and
Harbors Act of 1899 and Section 404 of
the Clean Water Act.

The preferred alternative is for the
construction of a stone, sand, and
cofferdam structure that would impact
approximately 131 acres of waters of the
United States, including jurisdictional
wetlands. The structure would be
initially constructed to 10 feet above the
mean lower low water (MLLW)
elevation, with a future temporary
elevation to 42 feet above MLLW, and
an ultimate elevation of 36 feet above
MLLW. The project would also include
mechanical dredging of approximately
1.5 million cubic yards of overburden
material within the footprint of the
proposed disposal site, and the
placement of this material at the Hart
Miller Island disposal site, Baltimore
County, MD. On-site (Masonville
borrow) and offsite borrow material
(Seagirt borrow material and upland
borrow) would be used for the
construction of the containment facility.
The Seagirt borrow material would
come from the Seagirt Marine Terminal
Access Channel deepening and
widening project. The Draft EIS was
advertised in the **Federal Register** on
May 19, 2006 (71 FR 29128). A
supplement to the Draft EIS was
advertised in the **Federal Register** on
June 30, 2006 (71 FR 37545). The need
to prepare a Supplement was due to the
applicant's proposal to change the
source of borrow material for the
proposed construction of the preferred
alternative to include the use of suitable
material dredged from the Seagirt
Marine Terminal Access Channels. The
FEIS evaluates the construction of a
DMCF with a footprint of 141 acres,
which includes 131 acres of tidal open
water and wetlands. The DMCF would
be constructed to an initial height of 10
feet above MLLW and then raised to a
height of 42 feet above MLLW before
being graded to a final height of 36 feet
MLLW, which would be the same height
as the adjacent land. A detailed
description of the proposed project and
effects to the human environment are
discussed in the FEIS for the Masonville
DMCF. The FEIS outlines measures the
applicant may implement to address
impacts to air quality resulting from
activities described in the permit
application.

ADDRESSES: Please send written
comments to the U.S. Army Corps of
Engineers, Baltimore District, Attn: Mr.
Jon Romeo, CENAB-OP-RMN, P.O. Box
1715, Baltimore, MD 21203-1715. You
may submit electronic comments to

jon.romeo@usace.army.mil. Your comments must be contained in the body of your message; please do not send attached files. Please include your name and address in your message.

FOR FURTHER INFORMATION PLEASE

CONTACT: Mr. Jon Romeo, (410) 962-6079.

SUPPLEMENTARY INFORMATION: The FEIS integrates analyses and consultation required by the National Environmental Policy Act (NEPA), Section 10 of the Rivers and Harbors Act of 1899, Section 401 and Section 404 of the Clean Water Act, Section 7 of the Endangered Species Act, the Clean Air Act, the U.S. Fish and Wildlife Coordination Act, Section 106 of the National Historic Preservation Act, and the Magnuson-Stevens Fishery Conservation and Management Act. All appropriate documentation (i.e., Section 7 and Section 106 coordination letters and public and agency comments) have been obtained and are included as part of the FEIS. In compliance with the Clean Air Act, a Draft Air Quality General Conformity Determination has been completed and is available in the FEIS for public comment. The USACE has preliminarily determined that the General Conformity Analysis prepared for the proposed Masonville Dredged Material Containment Facility (DMCF) dated November 17, 2006, with the compensation proposed, conforms to the General Conformity requirements of the Clean Air Act. A final determination will be made no sooner than thirty (30) days from the date of this notice. The decision on whether or not to issue a Department of the Army permit for this project will be based on an evaluation of the probable impact, including cumulative impacts, of the proposed activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit, which may reasonably be expected to accrue from the proposal, will be balanced against it reasonably foreseeable detriments. All factors that may be relevant to the proposal are considered as part of the evaluation process. Factors relevant to the proposed project include: Conservation, economics, aesthetics, general environmental concerns, wetlands, cultural values, fish and wildlife values, flood hazards, floodplain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water and air quality, hazardous, toxic, and radioactive substances, threatened and endangered species, regional geology energy needs, food and fiber production, safety,

environmental justice, cumulative impacts and the general needs and welfare of the public.

Vance G. Hobbs,

Chief, Maryland Section Northern.

DEPARTMENT OF DEFENSE

Department of the Navy

Meeting of the U.S. Naval Academy Board of Visitors

AGENCY: Department of the Navy, DOD.

ACTION: Notice of partially closed meeting.

SUMMARY: The U.S. Naval Academy Board of Visitors will meet to make such inquiry, as the Board shall deem necessary into the state of morale and discipline, the curriculum, instruction, physical equipment, fiscal affairs, and academic methods of the Naval Academy. The meeting will include discussions of personnel issues at the Naval Academy, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. The executive session of this meeting will be closed to the public.

DATES: The open session of the meeting will be held on Tuesday, June 5, 2007, from 8 a.m. to 11:10 a.m. The closed Executive Session will be held from 11:10 a.m. to 12:15 p.m.

ADDRESSES: The meeting will be held at the United States Naval Academy, Annapolis, Maryland.

FOR FURTHER INFORMATION CONTACT: Major Craig C. Clemans, Executive Secretary to the Board of Visitors, Office of the Superintendent, U.S. Naval Academy, Annapolis, MD 21402-5000, 410-293-1503.

SUPPLEMENTARY INFORMATION: This notice of meeting is provided per the Federal Advisory Committee Act (5 U.S.C. App. 2). The executive session of the meeting will consist of discussions of personnel issues at the Naval Academy and internal Board of Visitors matters. The proposed closed session from 1030-1215 will include a discussion of new and pending courts-martial and state criminal proceedings involving the Midshipmen attending the Naval Academy to include an update on the pending/ongoing sexual assault cases, rape cases, etc. The proposed closed session from 1030-1215 will include a discussion of new and pending administrative/minor disciplinary infractions and nonjudicial punishments involving the Midshipmen

attending the Naval Academy to include but not limited to individual honor/conduct violations within the Brigade. Discussion of such information cannot be adequately segregated from other topics, which precludes opening the executive session of this meeting to the public. Accordingly, the Secretary of the Navy has determined in writing that the meeting shall be partially closed to the public because it will be concerned with matters listed in section 552b(c), (5), (6), (7) and of title 5, United States Code.

Dated: May 7, 2007.

L.R. Almand,

Office of the Judge Advocate General, Administrative Law Division, Federal Register Liaison Officer.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 10, 2007.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6)
