

Operations, Office 9, titled 2005/2006 antidumping Duty New Shipper Review of the Antidumping Duty Order on Freshwater Crawfish Tail Meat from the People's Republic of China: Bona Fide analysis of the Sale(s) Reported by Weishan Hongrun Aquatic Food Co., Ltd. (February 22, 2007). The Department received no comments on its preliminary decision to rescind the new shipper review of Weishan Hongrun, based on the totality of the circumstances of the sale and the non-*bona fide* nature of the transaction.

Additionally, prior to the *Preliminary Rescission*, Leping Lotai, Nanjing Merry, and Shanghai Strong all submitted letters to the Department indicating they would not permit verification of the information placed on the record of the reviews. By not permitting the Department to verify the accuracy of the information each submitted to the Department, Leping Lotai, Nanjing Merry, and Shanghai Strong each failed to establish that they qualified for a separate rate. See Memorandum to James C. Doyle, Director, AD/CVD Operations, Office 9, from Scot T. Fullerton and Prentiss Lee Smith, Case Analysis, through Christopher D. Riker, Program Manager, titled Freshwater Crawfish Tail Meat from The People's Republic of China: Intent to Rescind the New Shipper Review of Leping Lotai Foods Co. (February 22, 2007); Memorandum to James C. Doyle, Director, AD/CVD Operations, Office 9, from Scot T. Fullerton and Prentiss Lee Smith, Case analysts, through Christopher D. Riker, Program Manager, titled Freshwater Crawfish Tail Meat from The People's Republic of China: Intent to Rescind the New Shipper Review of nanjing Merry Trading Co., Ltd. (February 22, 2007); Memorandum to James C. Doyle, Director, AD/CVD Operations, Office 9, from Scot T. Fullerton and Prentiss Lee Smith, Case analysts, through Christopher D. Riker, Program Manager, titled Freshwater Crawfish Tail Meat from The People's Republic of China: Intent to Rescind the New Shipper Review of Shanghai Strong International Trading Co., Ltd. (February 22, 2007).

To establish whether a company operating in a non-market economy ("NME") is sufficiently independent from the Government to be eligible for a separate rate, the Department analyzes each exporting entity under the test established in the *Final Determination of Sales at Less Than Fair Value: Sparklers From the People's Republic of China*, 56 FR 20588 (May 6, 1991), as amplified by the *Notice of Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the*

People's Republic of China, 59 FR 22585 (May 2, 1994). Under the separate rates criteria, the Department assigns separate rates in NME cases only if the respondent can demonstrate the absence of both *de jure* and *de facto* governmental control over export activities.

By failing to allow the Department to verify the accuracy of their submissions, Leping Lotai, Nanjing Merry, and Shanghai Strong did not demonstrate that they are free of government control and, therefore, are not eligible to receive a separate rate. In the notices of initiation, the Department stated that an exporter unable to demonstrate the company's eligibility for a separate rate does not meet the requirements of 19 CFR 351.214(b)(2)(iii) and its new shipper review will be rescinded. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of Antidumping Duty New Shipper Reviews*, 71 FR 26453 (May 5, 2006) ("*May 5, 2006, Initiation Notice*"); see also *Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review*, 71 FR 30866 (May 31, 2006). Therefore, the Department preliminarily rescinded the new shipper reviews of Leping Lotai, Nanjing Merry, and Shanghai Strong. The Department received no comments on its preliminary decision that Leping Lotai's, Nanjing Merry's, and Shanghai Strong's reviews should be rescinded as they did not qualify for a separate rate.

Changes Since the Preliminary Results

We have made no changes to our preliminary decision to rescind the new shipper reviews of Weishan Hongrun, Leping Lotai, Nanjing Merry and Shanghai Strong.

Assessment of Antidumping Duties

A cash deposit of 223.01 percent *ad valorem* shall be collected for any entries produced/exported by Leping Lotai/Leping Lotai, Anhui Hengda Foodstuffs Co. Ltd./Nanjing Merry, Weishan Hongrun/Weishan Hongrun, and Jiangsu Hongda Aquatic Food Co., Ltd./Shanghai Strong.² The Department will issue appropriate assessment instructions directly to CBP within 15 days of the publication of this notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility

² The *Preliminary Rescission* erroneously indicated that Nanjing Merry produced the subject merchandise it exported during the POR. This merchandise, in fact, was produced by Anhui Hengda Foodstuffs Co. Ltd. See, e.g., *May 5, 2006, Initiation Notice*.

under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These reviews and notice are in accordance with sections 751(a)(1), 751(a)(2)(B) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

SUPPLEMENTARY INFORMATION:

Background

MBDA published a **Federal Register** notice on August 29, 2003 (68 FR 51981), as amended on September 30, 2003 (68 FR 56267), February 11, 2004 (69 FR 6644) and February 19, 2004 (69 FR 7726), soliciting competitive applications for operators of the following eight NABDCs (now NABECs): Arizona Statewide NABDC, California Statewide NABDC, Minnesota/Iowa Statewide NABDC, New Mexico Statewide NABDC, North Carolina/Cherokee/Ashville NABDC, North/South Dakota Statewide NABDC, Northwest NABDC and the Oklahoma Statewide NABDC. This competition resulted in financial assistance awards (cooperative agreements) being issued for all eight locations, with a three-year award period of January 1, 2004 through December 31, 2006.

On September 6, 2006, MBDA published a **Federal Register** notice (71 FR 52529) soliciting competitive applications for operators of four regional NABECs (in place of the eight prior NABECs) for the next three-year award period commencing January 1, 2007. However, on October 25, 2006, MBDA published a **Federal Register** notice (71 FR 62420) (i) cancelling the September 6, 2006 solicitation and (ii) amending the original competitive solicitation to extend the total project award period for all eight of the original NABECs from three years to four years. MBDA took these actions in order to provide the Agency with a sufficient opportunity to solicit input from its stakeholders regarding any proposed program changes to be implemented during the next three-year award period. Operators of five of the eight NABECs accepted MBDA’s invitation to extend the original award period for an additional year, while the operators of the North Carolina/Ashville/Cherokee NABEC, New Mexico Statewide NABEC and Oklahoma Statewide NABEC declined MBDA’s invitation.

This Notice solicits competitive applications for the North Carolina NABEC, New Mexico NABEC and the Oklahoma NABEC. This Notice replaces in its entirety the previously published competitive solicitation for the North Carolina NABEC, New Mexico NABEC and Oklahoma NABEC projects, although it generally adheres to

previous programmatic requirements with updates being made to the computer requirements.

Geographic Service Areas

The NABEC will be located and will provide services in the following geographic areas:

NABEC name	Location of NABEC	Geographic service area
North Carolina NABEC	Cherokee/Asheville, Charlotte, Lumberton or Pembroke, NC.	State of North Carolina.
New Mexico NABEC	Albuquerque, Farmington or Gallup, NM	State of New Mexico.
Oklahoma NABEC	Oklahoma City or Tulsa, OK	State of Oklahoma.

Electronic Access

A link to the full text of the Announcement of Federal Funding Opportunity (FFO) for this solicitation may be accessed at <http://www.Grants.gov>, at <http://www.mbda.gov>, or by contacting the appropriate MBDA representative identified above. The FFO contains a full and complete description of the NABEC Program requirements. In order to receive proper consideration, applicants must comply with all information and requirements contained in the FFO. Applicants will be able to access, download and submit electronic grant applications for the NABEC Program in this announcement at <http://www.Grants.gov>. MBDA strongly recommends that applicants not wait until the application deadline date to begin the application process through Grants.gov as in some cases the process for completing an online application

may require additional time (e.g., 3–5 working days). The date that applications will be deemed to have been submitted electronically shall be the date and time received at Grants.gov. Applicants should save and print the proof of submission they receive from Grants.gov. Applications received after the closing date and time will not be considered.

Funding Priorities

Preference may be given during the selection process to applications which address the following MBDA funding priorities:

(a) Applicants who submit proposals with a scope of work for the project exceeding the minimum work requirements in the FFO;

(b) Applicants who submit proposals that include performance goals that exceed the minimum performance goal requirements in the FFO; or

(c) Applicants who demonstrate an innovative approach (consistent with overall NABEC program requirements) to limit barriers to market and capital access for Native American- and other eligible minority-owned businesses.

Funding Availability

MBDA anticipates that a total of approximately \$611,000 will be available in FY 2007 for financial assistance awards under this competition. Specific funding levels for the North Carolina NABEC, New Mexico NABEC and Oklahoma NABEC are set forth in the below table. The anticipated start date for all awards under this competition is August 1, 2007 and the total award period is anticipated to be twelve (12) months (e.g., August 1, 2007 through July 31, 2008). The maximum Federal funding amount for each NABEC project is as follows:

Project name	August 1, 2007 through July 31, 2008

Oklahoma NABEC	235,000	235,000	N/A

* Encouraged, but not required.

Publication of this notice does not obligate the Department of Commerce or MBDA to award any specific cooperative agreement or to obligate all or any part of available funds.

Authority: Executive Order 11625 and 15 U.S.C. 1512.
Catalog of Federal Domestic Assistance (CFDA): 11.801, Native American Business Enterprise Centers.

Eligibility

For-profit entities (including sole-proprietorships, partnerships, and corporations), non-profit organizations, state and local government entities, American Indian Tribes, and

educational institutions are eligible to operate NABECs.

Program Description

MBDA is soliciting competitive applications from organizations to operate Native American Business Enterprise Centers (formerly known as Native American Business Development Centers) (NABDC) under its Native American Business Enterprise Center (NABEC) Program. The NABEC will operate through the use of trained professional business consultants who will assist Native American and other minority entrepreneurs through direct client engagements. Entrepreneurs eligible for assistance under the NABEC

Program are Native Americans, Eskimos, African Americans, Puerto Ricans, Spanish-speaking Americans, Aleuts, Asian Pacific Americans, Asian Indians and Hasidic Jews. References throughout this notice regarding a NABEC's provision of services and assistance to Native American clients also includes the eligible non-Native American clients listed in the preceding sentence. No service may be denied to any member of the eligible groups listed above.

The NABEC Program requirements increase the impact of the project by requiring that project operators deploy standardized business assistance services to the Native American and

minority business public directly, develop a network of strategic partnerships and provide strategic business consulting within the geographic service area. These requirements will be used to generate increased results with respect to financing and contracts awarded to Native American and minority-owned firms and thus, are a key component of this program.

The NABEC Program also incorporates an entrepreneurial approach to building market stability and improving quality of services delivered. This strategy expands the reach of the NABECs by requiring project operators to develop and build upon strategic alliances with public and private sector partners, as a means of reaching out and serving Native American and minority-owned firms with rapid growth potential within the project's geographic service area. The NABEC Program leverages the full benefit of telecommunications technology, including the Internet and a variety of online computer-based resources, to dramatically increase the level of service that the NABECs provide to Native American and minority-owned firms. In addition, MBDA will establish specialized advanced programs for growth assistance to clients with the capacity to grow and expand. These programs are designed to foster growth assistance for its clients. The NABEC will also encourage collaboration and referrals of clients and non-clients that meet the requirements of these specialized programs and other MBDA sponsored networks. This will provide a comprehensive approach to serving the emerging sector of the Native American business community.

MBDA's new strategic growth initiative is focused on serving emerging Native American and minority firms capable of impacting economic growth and employment. MBDA wants to ensure that NABEC clients are receiving a consistent level of service throughout its funded network. To that end, MBDA will require NABEC consultants to attend a series of training courses designed to achieve standardized services and quality expectations.

Please refer to the FFO for this competitive solicitation for additional programmatic information.

Match Requirements

It is not required that an applicant for a NABEC award propose a non-Federal cost share contribution. An applicant may, however, propose a cost-share contribution in any of the following four means or in any combination thereof: (1)

Client fees; (2) cash contributions; (3) non-cash applicant contributions; and/or (4) third party in-kind contributions. The NABEC may (but is not required to) charge client fees for services rendered. Client fees (if imposed) shall be used towards meeting cost share requirements and must be used in furtherance of the program objectives. Applicants will be awarded up to five (5) bonus points to the extent that the proposed project budget includes a non-Federal cost-share contribution, measured as a percentage of the overall project budget (see Evaluation Criteria below).

Evaluation Criteria

Applications will be evaluated and selected for funding based on the following criteria. An application must receive at least 70% of the total points available for each evaluation criterion, in order for the application to be considered for funding. The maximum number of total points for each evaluation criterion is provided below. The number of points assigned to each evaluation criterion will be determined on a competitive basis by the MBDA review panel based on the quality of the application with respect to each criterion. The maximum total of points that can be earned is 105, including a maximum of five (5) bonus points for applications proposing a non-federal cost share.

1. Applicant Capability (45 Points)

The applicant's proposal will be evaluated with respect to the applicant firm's experience and expertise in providing the work requirements listed. Specifically, the proposals will be evaluated as follows:

- Native American Community—experience in and knowledge of the Native American and minority business sector and strategies for enhancing its growth and expansion (5 points);
- Business Consulting—experience in and knowledge of business consulting of Native American and minority firms (10 points);
- Financing—experience in and knowledge of the preparation and formulation of successful financial transactions (5 points);
- Procurements and Contracting—experience in and knowledge of the public and private sector contracting opportunities for Native American and minority businesses (5 points);
- Financing Networks—resources and professional relationships within the corporate, banking and investment community that may be beneficial to Native American and minority-owned firms (5 points);

- Native American Advocacy—experience and expertise in advocating on behalf of Native American businesses, both as to specific transactions in which a Native American business seeks to engage, and as to broad market advocacy for the benefit of the Native American community at large (5 points); and

- Key Staff—assessment of the qualifications, experience and proposed role of staff who will operate the NABEC. In particular, an assessment will be made to determine whether proposed staff possesses the expertise in utilizing information systems as contemplated under the heading entitled, "Computer Requirements" (10 points).

2. Resources (20 Points)

The applicant's proposal will be evaluated according to the following criteria:

- Resources—discuss those resources (not included as part of the cost-sharing arrangement) that will be used (10 points);
- Partners—discuss how you plan to establish and maintain the network of five (5) Strategic Partners (5 points);
- Equipment—discuss how you plan to accomplish the computer hardware and software requirements (5 points).

3. Techniques and Methodologies (25 Points)

The applicant's proposal will be evaluated as follows:

- Performance Measures—relate each performance measure to the financial, information and market resources available in the geographic service area to the applicant and how the performance goals will be met. Specific attention should be placed on the Dollar Value of Transactions. This goal represents the sum of (a) Dollar Value of Financial Transactions and (b) Dollar Value of Gross Receipts. Dollar Value of Transactions, Dollar Value of Financial Transactions and Dollar Value of Gross Receipts are defined in Section I.F. of the FFO under Performance Measures. When proposing the minimum goal under Dollar Value of Transactions, the applicant is given the flexibility to address the percentage breakdown for items (a) and (b) above within a specific range—not more than 60% and not less than 40%. The applicant should consider existing market conditions and its strategy to achieve the goal. The applicant may vary the percentage breakdown for items (a) and (b) above as long as the sum meets the required performance goal as provided in the FFO (15 points);

- *Plan of Action*—provide specific detail on how the applicant will start operations. NABECs have thirty (30) days to become fully operational after an award is made. Fully operational means that all staff are hired, all signs are up, all items of furniture and equipment are in place and operational, all necessary forms are developed (e.g., client engagement letters, other standard correspondence, etc.), and the center is ready to open its doors to the public (5 points);

- *Work Requirement Execution Plan*—The applicant will be evaluated on how effectively and efficiently all staff time will be used to achieve the work requirements (5 points).

4. Proposed Budget and Supporting Budget Narrative (10 Points)

The applicant's proposal will be evaluated on the following sub-criteria:

- Reasonableness, allowability and allocability of costs. All of the proposed expenditures must be discussed and the budget line item narrative must match the proposed budget. Fringe benefits and other percentage item calculations must match the proposed budget line-item (5 points); and

- Performance Based Budget. Discuss how the budget is related to the accomplishment of the work requirements and the performance measures. Provide a budget narrative that clearly shows the connections (5 points).

Bonus for Non-Federal Cost Sharing (maximum of 5 points): Non-Federal cost sharing is not required under the NABEC program. However, applicants will be awarded bonus points to the extent that the proposed overall project budget includes non-Federal contributions, measured as a percentage of the overall project budget (i.e., Federal and non-Federal shares). Specifically, a maximum of five (5) bonus points will be awarded based on the following scale: more than 0—less than 5%—1 point; 5% or more—less than 10%—2 points; 10% or more—less than 15%—3 points; 15% or more—less than 20%—4 points; and 20% or more—5 points. The non-Federal contributions (if proposed) may consist of one or more of the following: (1) Client fees; (2) cash contributions; (3) non-cash applicant contributions; and/or (4) third party in-kind contributions, and must be adequately identified and documented in the application

Review and Selection Process

1. *Initial Screening*—Prior to the formal paneling process, each application will receive an initial screening to ensure that all required

forms, signatures and documentation are present.

2. *Panel Review*—Each application will receive an independent, objective review by a panel qualified to evaluate the applications submitted. MBDA anticipates that the review panel will be made up of at least three independent reviewers who are Federal employees who will review all applications based on the above evaluation criteria. Each reviewer will evaluate and provide a score for each proposal. In order for an application to be considered for funding, it shall need to achieve 70% of the available points for each evaluation criterion. Failure to achieve the minimum required points will deem the application as unsuccessful.

3. *Final Recommendation*—The MBDA National Director makes the final recommendation to the Department of Commerce Grants Officer regarding the funding of applications, taking into account the selection criteria as outlined in this notice and the following:

A. Evaluations and rankings of the independent review panel;

B. Funding Priorities. The National Director (or his designee) reserves the right to conduct a site visit (subject to the availability of funding) to applicant organizations receiving at least 70% of the total points available for each evaluation criterion, in order to make a better assessment of the organization's capability to achieve the funding priorities for this competition; and

C. Availability of funding.

Intergovernmental Review

Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Limitation of Liability

In no event will the Department of Commerce or MBDA be responsible for proposal preparation costs if this program is cancelled because of other Agency priorities. Publication of this announcement does not oblige the Department of Commerce or MBDA to award any specific project or to obligate any available funds.

Universal Identifier

Applicants should be aware that they will be required to provide a Dun and Bradstreet Data Universal Numbering system (DUNS) number during the application process.
