[60 Day-07-0669]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 or send comments to Maryam Daneshvar, Acting CDC Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Evaluation of State Nutrition and Physical Activity Programs to Prevent Obesity and Other Chronic Diseases—Revision—National Center for Chronic Disease Prevention and Health Promotion (NCCDHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The “State Nutrition and Physical Activity Programs to Prevent Obesity and Other Chronic Diseases” project was established by CDC to prevent and control obesity and other chronic diseases by supporting States in the development and implementation of nutrition and physical activity

interventions, particularly through population-based strategies such as policy-level changes, environmental supports and the social marketing process. The goal of the programs in this project is to attain population-based behavior change such as increased physical activity and better dietary habits; this leads to a reduction in the prevalence of obesity, and ultimately to a reduction in the prevalence of chronic diseases. The evaluation questions for “State Nutrition and Physical Activity Programs to Prevent Obesity and Other Chronic Diseases” have been designed to focus on the recipient activities as outlined in the original funding announcement:

- Capacity building
- Collaboration
- Planning
- Monitoring the burden of obesity
- Intervention
- Evaluation

Within each of these areas, the plan identifies specific evaluation questions that have been chosen for study. The evaluation questions are asked of the funded states via a web-based data collection system supported by an electronic database every 6 months during the funding cycle. The project will continue to be conducted over a 3-year period.

There are no costs to respondents except their time to participate in the survey.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number responses per respondent	Average burden per response (in hrs.)	Total burden (in hrs.)
State Project Coordinators of Funded State Programs	28	2	8	448
Assistants to State Project Coordinators of Funded State Programs	28	2	4	224
Total	56	672

Dated: May 7, 2007.
