Proposed Collection; Comment Request; Physicians' Experience of Ethical Dilemmas and Resource Allocation

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute of Dental and Craniofacial Research (NIDCR), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: Physicians' Experience of Ethical Dilemmas and Resource Allocation.

Type of Information Collection Request: New.

Need and Use of Information Collection: Health care costs are rising ceaselessly and there are currently no generally accepted way of controlling them. This study will access the experience of physicians regarding resource allocation in clinical practice, and how allocation decisions made at other levels shapes this experience. The primary objectives of the study are to determine if physicians make decisions to withhold interventions on the basis of cost, how often they report doing so, what types of care are withheld, and what criteria are used in making such decisions. The findings will provide valuable information concerning: (1) The practice of resource allocation in clinical practice, (2) the possible effects of perceived constraints on this practice, and (3) international comparisons on these two aspects.

Frequency of Response: Once.

Affected Public: Individuals or households; Businesses or other for-profit; Not-for-profit institutions.

Type of Respondents: Physicians.
