

Authorization

Accordingly, NMFS has issued an LOA to MBNMS authorizing the Level B harassment of marine mammals incidental to the authorization of fireworks display within the Sanctuary. Issuance of this LOA is based on findings, described in the preamble to the final rule (71 FR 40928, July 19, 2006), that the activities described under this LOA will have a negligible impact on marine mammal stocks and will not have an unmitigable adverse impact on the availability of the affected marine mammal stock for subsistence uses. No mortality or injury of affected species is anticipated.

Dated: May 17, 2007.
