

securing medical treatment for injuries, information on legal rights and proceedings, and referral to military and civilian shelters and other resources available to victims.

§ 635.36 Notification.

(a) In addition to providing crime victims and witnesses a DD Form 2701, law enforcement personnel must ensure that individuals are notified about—

(1) Available military and civilian emergency medical care.

(2) Social services, when necessary.

(3) Procedures to contact the staff judge advocate victim/witness liaison office for additional assistance.

(b) Investigating law enforcement personnel, such as military police investigators—

(1) Must ensure that victims and witnesses have been offered a DD Form 2701. If not, investigating personnel will give the individual a copy.

(2) In coordination with the Provost Marshal/Director of Emergency Services victim witness coordinator, provide status on investigation of the crime to the extent that releasing such information does not jeopardize the investigation.

(3) Will, if requested, inform all victims and witnesses of the apprehension of a suspected offender.

§ 635.37 Statistical reporting requirements.

(a) DOD policies on victim witness assistance require reporting of statistics on the number of individuals who are notified of their rights. The DA Form 3975 provides for the collection of statistical information.

(b) The COPS system supports automated reporting of statistics. HQDA, Office of the Provost Marshal General (DAPM-PD-LE) as the program manager may require periodic reports to meet unique requests for information.

(c) It is possible that a victim or witness may initially decline a DD Form 2701. As the case progresses, the individual may request information. If a case is still open in the Provost Marshal Office/Directorate of Emergency Services, the Provost Marshal/Director of Emergency Services victim witness coordinator shall provide the DA Form 2701 to the individual and update the records. Once the case is referred to the staff judge advocate or law enforcement activity ceases, COPS will not be updated without prior coordination with the installation Staff Judge Advocate office.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2006-0985-200625; FRL-8318-1]

Approval and Promulgation of Implementation Plans Georgia: Enhanced Inspection and Maintenance Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving two revisions to the Georgia State Implementation Plan (SIP), submitted by the Georgia Department of Natural Resources (GA DNR), through the Georgia Environmental Protection Division (GA EPD), on July 25, 2006, and January 25, 2007. The revisions include modifications to Georgia's Air Quality Rules found at Chapter 391-3-20, pertaining to rules for Enhanced Inspection and Maintenance (I/M). Enhanced I/M was required for 1-hour nonattainment areas classified as serious and above, under the CAA as amended in 1990. The I/M program is a way to ensure that vehicles are maintained properly and verify that the emission control system is operating correctly, in order to reduce vehicle-related emissions. This action is being taken pursuant to section 110 of the Clean Air Act (CAA).

DATES: This direct final rule is effective July 23, 2007 without further notice, unless EPA receives adverse comment by June 25, 2007. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID Number, "EPA-R04-OAR-2006-0985," by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.

2. *E-mail*: harder.stacy@epa.gov.

3. *Fax*: 404-562-9019.

4. *Mail*: "EPA-R04-OAR-2006-0985," Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.

5. *Hand Delivery or Courier*: Stacy Harder, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street,

SW., Atlanta, Georgia 30303-8960. Such deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding federal holidays.

Instructions: Direct your comments to Docket ID Number, "EPA-R04-OAR-2006-0985." EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through www.regulations.gov or e-mail, information that you consider to be CBI or otherwise protected. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the electronic docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency,

Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding federal holidays.

FOR FURTHER INFORMATION CONTACT: Stacy Harder, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The telephone number is (404) 562-9042. Ms. Harder can also be reached via electronic mail at harder.stacy@epa.gov.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. EPA's Action
- II. Analysis of the State's Submittal
- III. Final Action
- IV. Statutory and Executive Order Reviews

I. EPA's Action

EPA is approving two SIP revisions submitted by the State of Georgia, through the GA EPD, on July 25, 2006, and January 25, 2007, pertaining to rules for I/M. These revisions became State effective on January 10, 2007. The proposed revisions in the July 25, 2006, submittal include changes made by the State of Georgia to its Air Quality Rules, found at Chapters 391-3-20-.01, .02, .03, .04, .05, .07, .08, .09, .10, .11, .12, .13, .15, .16, .17(1), .17(2)(a)1, .17(2)(b), .17(e), .18, .19, .20, .21, and .22. The proposed revisions in the January 25, 2007, submittal include changes to Chapters 391-3-20-.01(m), and 391-3-20-.17(2)(a)1.

II. Analysis of the State's Submittal

July 25, 2006 Submittal

Rule 391-3-20, Inspection and Maintenance, is being revised for the purpose of removing outdated requirements, updating portions for consistency with the CAA, enhancing enforcement capabilities, and performing overall housekeeping edits associated with such an extensive rule revision. Additionally, clarifying language is being added to the rule, which includes clarification of applicability and of inspector qualifications, the establishment of common terms, and the removal of outdated language. Finally, the "Waivers" section of this rule, is being revised to make the annual adjustment of the repair waiver limit using the consumer price index data as published by the Federal Bureau of Labor Statistics. For the test year 2006, the

waiver limit shall be \$710.00 of qualifying repairs.

January 25, 2007 Submittal

Rule 391-3-20-.01 "Definitions," is being revised for the purpose of incorporating the most recent version of the GA DNR motor vehicle emission I/M policy ("Enforcement Policy"), dated July 28, 2006. Additionally, the "Waivers" section of this rule (391-3-20-.17(2)(a)1), is being revised to make the annual adjustment of the repair waiver limit using the consumer price index data as published by the Federal Bureau of Labor Statistics. For the test year 2007, the waiver limit shall be \$738.00 of qualifying repairs. For vehicles which otherwise qualify for waivers during the 2006 test year, the waiver limit shall be \$710.00 of qualifying repairs.

III. Final Action

EPA is taking direct final action to approve the aforementioned revisions, specifically, Chapters 391-3-20-.01, .02, .03, .04, .05, .07, .08, .09, .10, .11, .12, .13, .15, .16, .17(1), .17(2)(a)1, .17(2)(b), .17(e), .18, .19, .20, .21, and .22 into the Georgia SIP. These revisions were submitted by GA EPD on July 25, 2006, and January 25, 2007.

EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should adverse comments be filed. This rule will be effective July 23, 2007 without further notice unless the Agency receives adverse comments by June 25, 2007.

If EPA receives such comments, EPA will then publish a document withdrawing the direct final rule and informing the public that such rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. EPA will not institute a second comment period. Parties interested in commenting should do so at this time. If no such comments are received, the public is advised that this rule will be effective on July 23, 2007 and no further action will be taken on the proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the CAA. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority

to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the CAA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and

the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 23, 2007. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide,

Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: May 14, 2007.

Russell L. Wright, Jr.,

Acting Regional Administrator, Region 4.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart L—Georgia

■ 2. Section 52.570(c) is amended by revising the entry for "391-3-20" to read as follows:

§ 52.570 Identification of plan.

 - L. Approval by the Office of the Secretary

I. Background

The Department contracts for the management and operation of its Government-owned or -controlled research, development, special production, or testing facilities through the use of management and operating (M&O) contracts. The Department historically expends approximately 73 percent of its annual appropriations through these M&O prime contracts. Thus, it is imperative for the Department to develop approaches which permit oversight of M&O contractor expenditures in order for the Department to satisfy its oversight responsibility and to ensure that DOE funds are expended on allowable costs.

The creation and maintenance of rigorous business, financial, and accounting systems by contractors are crucial to assuring the integrity and reliability of the cost data used by the DOE's Chief Financial Officer (CFO), the Inspector General (IG), and contracting officers (COs). To ensure the reliability of these systems, DOE requires some of its contractors to maintain an internal
