Conduct on the Pentagon Reservation

AGENCY: Department of Defense, Washington Headquarters Services.

ACTION: Final rule.

SUMMARY: This rule administrative revises DoD policy concerning conduct

on the Pentagon Reservation and Raven Rock Mountain Complex. In 2003, Congress amended 10 U.S.C. 2674(g) so that the “Pentagon Reservation” also included the land and physical facilities at the Raven Rock Mountain Complex. Given this amendment, the Department has recognized the need to amend rules and regulations under 32 CFR Part 234 so that they are applicable to Raven Rock Mountain Complex. Therefore, minor and administrative changes to the rules and regulations were necessary.

DATES: *Effective Date:* May 25, 2007.

FOR FURTHER INFORMATION CONTACT: Bill Brazis, Office of General Counsel, Washington Headquarters Services, 1155 Defense Pentagon Room 1D197, Washington, DC 20301-1155.

SUPPLEMENTARY INFORMATION:

Justification for Final Rule

Because the amendments and revisions to this final rule are only administrative in nature, it is impracticable and contrary to the public interest to precede it with a notice of proposed rulemaking and an opportunity for public comment. The administrative corrections described in this rule are necessary to make the rules applicable to Raven Rock Mountain Complex, which is now part of the Pentagon Reservation. The additional changes are nonsubstantive in nature. Therefore, the Department finds that there is good cause under section 553(b)(3)(b) of the Administrative Procedure Act (5 U.S.C. 551 *et seq.*) to make these corrections and changes without first issuing a notice of proposed rulemaking. For the same reasons, the Department finds that there is good cause under section 553(d)(3) of the Administrative Procedure Act to make this final rule effective immediately.

The Department has identified six sections requiring minor changes and has recognized the need to add one additional section.

The first change is in the definition of “Authorized person” in § 234.1. The definition of “Authorized person” now refers to an employee or agent of the Pentagon Force Protection Agency, formerly known as the Defense Protective Service.

The second change is in the definition of “Pentagon Reservation” under § 234.1. Because Raven Rock Mountain Complex is now considered part of the “Pentagon Reservation,” as specified in 10 U.S.C. 2674(g), the description of the area of land known as Raven Rock Mountain Complex was added to the definition of “Pentagon Reservation” under § 234.1.

The third change is the amendment of the language of § 234.3. In § 234.3(d), the Department added “Installation Commander” to the list of authorized personnel who can review applications for permits for certain activities on the Pentagon Reservation, including Raven Rock Mountain Complex. Raven Rock Mountain Complex is under the custody and control of an “Installation Commander.”

The fourth change is the amendment of the language of § 234.8. This section prohibited willfully destroying or damaging private and government property. The word “and” was changed to “or” to prohibit damaging private or government property on the Pentagon Reservation. Courts have misconstrued this section to only prohibit the destroying or damaging of both private and government property, but not such property individually.

The fifth change is the amendment to § 234.9. Previously, this section prohibited using or possessing fireworks or firecrackers, except with permission of the Pentagon Building Management Office. The amendment seeks to prohibit using or possessing such items entirely. Furthermore, the words “Installation Commander” were added to paragraphs 234.9 (a) and (c) as authorized personnel who can review applications for permits for certain activities on the Pentagon Reservation, including Raven Rock Mountain Complex.

The sixth change is an amendment to the language of § 234.10. “Defense Protective Service” was changed to “Pentagon Force Protection Agency or the Installation Commander” as the agency or person who can authorize carrying of a weapon at the Pentagon or Raven Rock Mountain Complex.

The seventh change is an amendment to the language of § 234.11. “Defense Protective Service” was changed to “Pentagon Force Protection Agency”. In addition, the word “Installation Commander” was added as a person who can authorize the use of alcoholic beverages for certain events at Raven Rock Mountain Complex.

The eighth change is a revision to § 234.15, governing the use of visual and recording devices. Previously, the use of cameras and visual recording devices was prohibited in restricted areas or in internal offices without the approval of the Office of the Assistant to the Secretary of Defense for Public Affairs. This section was revised to prohibit all photography on the Pentagon Reservation and Raven Rock Mountain Complex without approval of the Pentagon Force Protection Agency, the Installation Commander, or the Office of

the Assistant to the Secretary of Defense for Public Affairs. Furthermore, it shall be unlawful to make any photograph, sketch, picture, drawing, map or graphical representation of the Pentagon Reservation and Raven Rock Mountain Complex without first obtaining the necessary permission.

The ninth change is a revision to § 234.18. Previously, parking regulations were enforced in accordance with Administrative Instruction (AI) Number 88.¹ This document has been renamed "The Pentagon Parking Program." This section was revised to reflect that change. In addition, the word "Installation Commander" was added to the list of personnel that can authorize new parking regulations or restrictions at the Pentagon and at Raven Rock Mountain Complex.

It has been certified that this rule is not a significant rule as defined under section 3(f)(1) through 3(f)(4) of Executive Order 12866. Further, it has been certified that this rule will not have a significant economic impact on a substantial number of small entities because it affects only those entities and persons who are on the Pentagon Reservation. Finally, it has been certified that this rule does not impose any reporting or record keeping requirements under the Paperwork Reduction Act of 1995.

■ Accordingly, chapter I of title 32 of the Code of Federal Regulations under the authority of 10 U.S.C. 301 is amended by revising part 234 to read as follows:

(2) Carrying or storing a bottle, can, or other receptacle containing an alcoholic beverage that is open or has been opened, or whose seal is broken, or the contents of which have been partially removed, within a vehicle on the Pentagon Reservation is prohibited.

(3) This section does not apply to:

(i) An open container stored in the trunk of a vehicle or, if a vehicle is not equipped with a trunk, an open container stored in some other portion of the vehicle designed for the storage of luggage and not normally occupied by or readily accessible to the operator or passengers; or

(ii) An open container stored in the living quarters of a motor home or camper.

(4) For the purpose of paragraph (a)(3)(i) of this section, a utility compartment or glove compartment is deemed to be readily accessible to the operator and passengers of a vehicle.

(c) *Operating under the influence of alcohol, drugs, or controlled substances.*

(1) Operating or being in actual physical control of a vehicle is prohibited while:

(i) Under the influence of alcohol, a drug or drugs, a controlled substance or controlled substances, or any combination thereof, to a degree that renders the operator incapable of safe operation; or

(ii) The alcohol concentration in the operator's blood or breath is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath. Provided, however, that if State law that applies to operating a vehicle while under the influence of alcohol establishes more restrictive limits of alcohol concentration in the operator's blood or breath, those limits supersede the limits specified in this paragraph.

(2) The provisions of paragraph (c)(1) of this section shall also apply to an operator who is or has been legally entitled to use alcohol or another drug.

(3) Tests.

(i) At the request or direction of an authorized person who has probable cause to believe that an operator of a vehicle within the Pentagon Reservation has violated a provision of paragraph (c)(1) of this section, the operator shall submit to one or more tests of the blood, breath, saliva, or urine for the purpose of determining blood alcohol, drug, and controlled substance content.

(ii) Refusal by an operator to submit to a test is prohibited and may result in detention and citation by an authorized person. Proof of refusal may be admissible in any related judicial proceeding.

(iii) Any test or tests for the presence of alcohol, drugs, and controlled substances shall be determined by and administered at the direction of an authorized person.

(iv) Any test shall be conducted by using accepted scientific methods and equipment of proven accuracy and reliability operated by personnel certified in its use.

(4) Presumptive levels.

(i) The results of chemical or other quantitative tests are intended to supplement the elements of probable cause used as the basis for the arrest of an operator charged with a violation of this section. If the alcohol concentration in the operator's blood or breath at the time of the testing is less than the alcohol concentration specified in paragraph (c)(1)(ii) of this section, this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(ii) The provisions of paragraphs (c)(3) and (c)(4)(i) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, a drug or drugs, or a controlled substance or controlled substances, or any combination thereof.

§ 234.18 Enforcement of parking regulations.

Parking regulations for the Pentagon Reservation shall be enforced in accordance with the Pentagon Reservation Parking Program and State law; violating such provisions is prohibited. A vehicle parked in any location without authorization, or parked contrary to the directions of posted signs or markings, shall be subject to removal at the owner's risk and expense, in addition to any penalties imposed. The Department of Defense assumes no responsibility for the payment of any fees or costs related to such removal which may be charged

to the owner of the vehicle by the towing organization. This section may be supplemented from time to time with the approval of the Director, Washington Headquarters Services, or his designee, or the Installation Commander, by the issuance and posting of such parking directives as may be required, and when so issued and posted such directive shall have the same force and effect as if made a part hereof.

§ 234.19 Penalties and effect on other laws.

(a) Whoever shall be found guilty of willfully violating any rule or regulation enumerated in this part is subject to the penalties imposed by Federal law for the commission of a Class B misdemeanor offense.

(b) Whoever violates any rule or regulation enumerated in this part is liable to the United States for a civil penalty of not more than \$1,000.

(c) Nothing in this part shall be construed to abrogate any other Federal laws.

Coast Guard

33 CFR Part 165

[CGD09-07-012]

RIN 1625-AA00

Safety Zone; Great Lakes Naval Training Center Harbor, North Chicago, IL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone around Great Lakes Naval Training Center Harbor. This zone is intended to control the movement of vessels on portions of Lake Michigan and Great Lakes Naval Training Center Harbor during the Spill of National Significance (SONS) exercise on June 19 and 20, 2007. This zone is necessary to protect the public from the hazards associated with ships and boats deploying oil containment equipment.

DATES: This rule is effective from June 19, 2007 through June 20, 2007.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [CGD09-07-012] and are available for inspection or copying at Coast Guard Sector Lake Michigan (spw), 2420 South Lincoln Memorial Drive, Milwaukee, WI 53207 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: CWO Brad Hinken, Prevention Department, Coast Guard Sector Lake Michigan, Milwaukee, WI at (414) 747-7154.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On April, 19, 2007, we published a notice of proposed rulemaking (NPRM) entitled Safety Zone, Great Lake Naval Training Center Harbor, North Chicago, IL in the **Federal Register** (72 FR 19675). We received no letters commenting on the proposed rule. No public meeting was requested and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This safety zone is necessary to protect the public from the hazards associated with ships and boats deploying oil containment equipment. Insufficient time existed to provide full notice, and delaying establishment of the zone would have increased risks to public safety and been contrary to the public interest.

Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and people from hazards associated with numerous vessels deploying oil containment booms and conducting diving operations. Based on the experiences in other Captain of the Port zones, the Captain of the Port Lake Michigan has determined that numerous vessels engaged in the deployment of oil containment booms in close proximity to watercraft pose significant risks to public safety and property. The likely combination of large numbers of recreation vessels and congested waterways could result in serious injuries or fatalities. Establishing a safety zone to control vessel movement around the location of the SONS exercise will help ensure the safety of persons and property at these events and help minimize the associated risks.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of vessels during the

deployment and recovery of oil containment booms in conjunction with the SONS exercise. The safety zone will be enforced between 8 a.m. and 6 p.m., each day, on June 19 and 20, 2007.

The safety zone for the SONS exercise will encompass all waters of Lake Michigan and Great Lakes Naval Training Center Harbor from the shoreline to 2,200 yards east, 1,900 yards north, and 2,900 yards south of Great Lakes Light 2 (Lightlist number 20285) and bounded by a line with of point of origin at 42°20'12" N, 087°48' W; then west to 42°20'12" N, 087°50' W; then south to 42°17' N, 087°50' W; then east to 42°17' N, 087°48' W; then north to the point of origin (NAD 83).

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or his designated on-scene representative. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary.

The Coast Guard will only enforce this safety zone for 10 hours a day on the two days specified. This safety zone has been designed to allow vessels to transit unrestricted to portions of the harbor not affected by the zone. The Captain of the Port will allow vessels to enter and depart Great Lakes Naval Training Center Harbor. The Coast Guard expects insignificant adverse impact to mariners from the activation of this zone.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and
