

How may employers determine an employee's eligibility for employment once the automatic extension has expired on January 5, 2008?

Eligible TPS aliens will possess an EAD with an expiration date of January 5, 2009. The EAD will be a Form I-766 bearing the notation "A-12" or "C-19" on the face of the card under "Category," and should be accepted for the purposes of verifying identity and employment authorization.

What documents may a qualified individual show to his or her employer as proof of employment authorization and identity when completing Form I-9, Employment Eligibility Verification?

During the first six months of this extension, qualified individuals who have received a six-month automatic extension of their EADs by virtue of this **Federal Register** Notice may present their TPS-based EAD to their employer, as described above, as proof of identity and employment authorization through January 5, 2008. To minimize confusion over this extension at the time of hire or re-verification, qualified individuals may also present a copy of this **Federal Register** Notice regarding the automatic extension of employment authorization documentation through January 5, 2008.

After the first six months of this extension, and continuing until the end of the extension period, January 5, 2009, a qualified individual may present a new EAD valid through January 5, 2009.

In the alternative, any legally acceptable document or combination of documents listed in List A, List B, or List C of the Form I-9 may be presented as proof of identity and employment eligibility.
