

use the section 115 license to make and distribute DPDs for all musical works owned by that particular copyright owner (or all copyright owners represented by that particular agent)?

The Office takes note of the actions among interested parties to develop data exchange standards for information relating to media content, exemplified by the establishment of "Digital Data Exchange." (See www.ddex.net. Are there additional emerging business solutions that may efficiently aid the administration of "Database" Notices? Would the adoption of a uniform standard for the exchange of digital data allow for the use of a universal "Database" Notice? Are there legal impediments to allowing service of a universal "Database" Notice on agents of copyright owners?

b. Authority of Agents

Current regulations allow a potential licensee to choose to serve Notice on either the copyright owner or an agent of the copyright owner with authority to receive the Notice. Previous rulemaking proceedings have considered that the regulations may set a higher standard for establishing an agency relationship than that applied as a matter of agency law. 69 FR 11568 (March 11, 2004). Currently, the regulations provide for service of the Notice on either the copyright owner or an agent of the copyright owner with authority to receive the Notice. The Office seeks further input as to whether an agent with authority to accept Notices includes general registered agents of copyright owners of the sort that may be required as a condition of enjoying corporate or other similar legal status by copyright owners in their respective jurisdictions. And if not, whether the regulations should be so amended.

Participation and Filing Requirements

Parties wishing to observe or participate in the roundtable discussion must submit a written request no later than close of business on June 6, 2007. Requests to observe the roundtable or to participate as a member of the roundtable must indicate the following information:

1. The name of the person, including whether it is his or her intention to observe the roundtable or to participate as a member of the roundtable;
2. The organization or organizations represented by that person, if any;
3. Contact information (address, telephone, and e-mail); and
4. Information on the specific focus or interest of the observers or participants (or his or her organization) and any

questions or issues they would like to raise.

The capacity of the room in which the roundtable will be held is limited. If the Office receives so many requests that the room's capacity is reached, attendance will be granted in the order the requests are received.

The preferred method for submission of the requests to observe or participate is via email. If sent by e-mail, please send to musiclicense@loc.gov. Alternatively, requests may be delivered by hand or submitted by mail.

If hand delivered by a private party, an original and five copies of the request to observe or participate should be brought to Room 401 of the James Madison Building between 8:30 a.m. and 5 p.m. The envelope should be addressed as follows: Office of the General Counsel, Library of Congress, James Madison Building, LM-401, Washington, DC, 20559-6000.

If delivered by a commercial courier, an original and five copies of a request to observe or participate in the roundtable must be delivered to the Congressional Courier Acceptance Site ("CCAS") located at 2nd and D Streets, NE, Washington, DC between 8:30 a.m. and 4 p.m. The envelope should be addressed as follows: Office of the General Counsel, U.S. Copyright Office, LM 401, James Madison Building, 101 Independence Avenue, SE, Washington, DC. Please note that CCAS will not accept delivery by means of overnight delivery services such as Federal Express, United Parcel Service or DHL.

If sent by mail (including overnight delivery using U.S. Postal Service Express Mail), an original and five copies of a request to observe or participate should be addressed to U.S. Copyright Office, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, DC 20024. Please be aware that delivery of mail via the U.S. Postal Service or private courier is subject to delay. Therefore, it is strongly suggested that any request to observe or participate be made via email.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. Redacted; License Nos. Redacted; EA-07-082]

In the Matter of Certain 10 CFR Part 50 Licensees Who Transport Spent Nuclear Fuel Under the Provisions of 10 CFR PART 71; Order Modifying Licenses (Effective Immediately)

I.

The licensees identified in Attachment 1 to this Order have been issued a specific license by the U.S. Nuclear Regulatory Commission (NRC or Commission) authorizing the possession of spent nuclear fuel and a general license authorizing the transportation of spent nuclear fuel [in a transportation package approved by the Commission] in accordance with the Atomic Energy Act of 1954, as amended, and 10 CFR parts 50 and 71. Commission regulations for the shipment of spent nuclear fuel at 10 CFR 73.37(a) require these licensees to maintain a physical protection system that meets the requirements contained in 10 CFR 73.37(b), (c), (d), and (e).

II.

On September 11, 2001, terrorists simultaneously attacked targets in New

York, NY, and Washington, DC, utilizing large commercial aircraft as weapons. In response to the attacks and intelligence information subsequently obtained, the Commission issued a number of Safeguards and Threat Advisories to its licensees in order to strengthen licensees' capabilities and readiness to respond to a potential attack on a nuclear facility or regulated activity. The Commission has also communicated with other Federal, State and local government agencies and industry representatives to discuss and evaluate the current threat environment in order to assess the adequacy of security measures at licensed facilities. In addition, the Commission has been conducting a comprehensive review of its safeguards and security programs and requirements.

As a result of its consideration of current safeguards and security plan requirements, as well as a review of information provided by the intelligence community, the Commission has determined that certain additional security measures are required to be implemented by licensees as prudent, interim measures, to address the current threat environment in a consistent manner. Therefore, the Commission is imposing requirements, as set forth in Attachment 2 of this Order, on all licensees identified in Attachment 1 of this Order.¹ These additional security requirements, which supplement existing regulatory requirements, will provide the Commission with reasonable assurance that the common defense and security continue to be adequately protected in the current threat environment. These requirements will remain in effect until the Commission determines otherwise.

The Commission recognizes that licensees may have already initiated many of the measures set forth in Attachment 2 to this Order in response to previously issued Safeguards and Threat Advisories or on their own. It is also recognized that some measures may not be possible or necessary for all shipments of spent nuclear fuel, or may need to be tailored to accommodate the licensees' specific circumstances to achieve the intended objectives and avoid any unforeseen effect on the safe transport of spent nuclear fuel.

Although the additional security measures implemented by licensees in response to the Safeguards and Threat Advisories have been adequate to provide reasonable assurance of adequate protection of common defense and security, in light of the current

¹ Attachments 1 and 2 contain safeguards information and will not be released to the public.
