

soils; groundwater; surface water; wetlands and floodplains; biological resources; cultural resources; land use; aesthetics; transportation and traffic noise and vibration; utility systems; materials and waste management; human health, safety, and accidents; community services; socioeconomics; and environmental justice.

Availability of the Draft EIS

Copies of the draft EIS have been distributed to members of Congress, Federal, State, and local officials, and agencies, organizations, and individuals who may be interested or affected. The draft EIS will be available on the Internet at: <http://www.eh.doe.gov/nepa/>. Additional copies can also be requested by contacting the NEPA Document Manager, as indicated above under **ADDRESSES**. Copies of the draft EIS are also available for public review at the locations listed below.

Mattoon Public Library, 1600 Charleston Avenue, Mattoon, IL 61938.
Tuscola Public Library, 112 East Sale Street, Tuscola, IL 61953.
Fairfield City Library (near Jewett), 350 W. Main Street, Fairfield, TX 75480.
University of Texas of the Permian Basin, J. Conrad Dunagan Library, Main Floor, 4901 E. University Avenue, Odessa, TX 79762-0001.

Additional information about the FutureGen Project can be found at these web sites: <http://www.doe.gov>; <http://fossil.energy.gov/programs/powersystems/futuregen/>; or <http://www.futuregenalliance.org>.

Public Meetings

DOE will conduct public hearings near each of the four candidate sites to obtain comments on the draft EIS. Requests to speak at the public hearings can be made by calling or writing to the NEPA Document Manager (see **ADDRESSES**). Requests to speak that have not been submitted prior to the hearing will be accepted in the order in which they are received during the hearing. Speakers are encouraged to provide a written version of their oral comments or supplementary materials for the record. Each speaker will be allowed approximately five minutes to present comments. Those speakers who want more than five minutes should indicate the length of time desired in their request. Depending on the number of speakers, DOE may need to limit all speakers to five minutes initially and provide additional opportunities as time permits. Comments will be recorded by a court reporter and will become part of the public record. Oral and written comments will be given equal consideration.

Each hearing will begin with an information session at approximately 4 p.m., followed by formal presentations and a formal comment session beginning at approximately 7 p.m. DOE will begin each meeting's formal session with an overview of the proposed FutureGen Project, followed by oral statements by the scheduled speakers. Speakers may be asked questions to help ensure that DOE fully understands the comments. A presiding officer will establish the order of speakers and provide any additional procedures necessary to conduct the meetings.

All meetings will be accessible to people with disabilities. Any individual with a disability requiring special assistance, such as a sign language interpreter, or a translator, should contact Mr. Mark McKoy, the NEPA Document Manager, (See **ADDRESSES**) at least 48 hours in advance of the meeting so that arrangements can be made.

Meeting Schedule

Texas—Odessa Site.

Date: June 19, 2007.

Place: Center for Energy and Economic Diversification (CEED) Building, 1400 North FM 1788, Midland, TX 79707.

Texas—Jewett Site.

Date: June 21, 2007.

Place: Buffalo Civic Center, 941 North Hill Street, Buffalo, TX 75831
(Located near the intersection of US-79 and I-45).

Illinois—Mattoon Site.

Date: June 26, 2007.

Place: Riddle Elementary School, 4201 Western Avenue, Mattoon, IL 61938
(Located at the corner of Western Avenue and 43rd Street [CR 300E]).

Illinois—Tuscola Site.

Date: June 28, 2007.

Place: Tuscola Community Building, 122 W. Central Avenue, Tuscola, IL 61953. (From I-57, take exit 212 to U.S. Hwy 36 and continue to the intersection of North Central Ave. and South Main Street).

Issued in Washington, DC, on May 25, 2007.

Mark J. Matarrese,

Director, Office of Environment, Security, Safety and Health, Office of Fossil Energy.

Federal Energy Regulatory Commission

[Docket No. IC07-542-000; FERC-542]

Commission Information Collection Activities, Proposed Collection; Comment Request; Extension

May 25, 2007.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice.

SUMMARY: In compliance with the requirements of section 3506(c)(2)(a) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13), the Federal Energy Regulatory Commission (Commission) is soliciting public comment on the specific aspects of the information collection described below.

DATES: Comments on the collection of information are due August 3, 2007.

ADDRESSES: Copies of sample filings of the proposed collection of information can be obtained from the Commission's Web site (<http://www.ferc.gov/docs-filings/elibrary.asp>) or from the Federal Energy Regulatory Commission, Attn: Michael Miller, Office of the Executive Director, ED-34, 888 First Street, NE., Washington, DC 20426. Comments may be filed either in paper format or electronically. Those parties filing electronically do not need to make a paper filing. For paper filing, the original and 14 copies of such comments should be submitted to the Secretary of the Commission, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 and refer to Docket No. IC07-542-000.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at <http://www.ferc.gov>, choose the Documents & Filings tab, click on eFiling, then follow the instructions given. First time users will have to establish a user name and password. The Commission will send an automatic acknowledgement to the sender's e-mail address upon receipt of comments.

All comments may be viewed, printed or downloaded remotely via the Internet through FERC's homepage using the eLibrary link. For user assistance, contact FERConlinesupport@ferc.gov or toll-free at (866) 208-3676 or for TTY, contact (202) 502-8659.

FOR FURTHER INFORMATION CONTACT:

Michael Miller may be reached by telephone at (202) 502-8415, by fax at

(202) 273-0873, and by e-mail at michael.miller@ferc.gov.

SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC-542 "Gas Pipeline Rates: Rate Tracking" (OMB No. 1902-0070) is used by the Commission to implement the statutory provisions of Title IV of the Natural Gas Policy Act (NGPA), 15 U.S.C. 3301-3432, and Sections 4, 5 and 16 of the Natural Gas Act (NGA) (Pub. L.) 75-688) (15 U.S.C. 717-717w). These statutes empower the Commission to collect natural gas transmission cost information from interstate natural gas transporters for the purpose of verifying that these costs, which are passed on to

pipeline customers, are just and reasonable.

Interstate natural gas pipeline companies are required by the Commission to track their transportation associated costs to allow for the Commission's review and where appropriate, approval of the pass-through of these costs to pipeline customers. Most of these FERC-542 tracking filings are monthly accountings of the cost of fuel or electric power necessary to operate compressor stations. Others track the costs of (1) Gas Research Institutes fees; (2) annual charges of various types, and (3) other types of rate adjustments.

Tracking filings may be submitted at any time or on a regularly scheduled basis in accordance with the pipeline

company's tariff. Filings may be either: (1) Accepted; (2) suspended and set for hearing; (3) suspended, but not set for hearing; or (4) suspended for further review, such as technical conference or some other type of Commission action. The Commission implements these filing requirements in the Code of Federal Regulations (CFR) under 18 CFR part 154, §§ 154.4, 154.7, 154.101, 154.307, 154.201, 154.207-154.209 and 154.401-154.403.

Action: The Commission is requesting a three-year extension of the current expiration date, with no changes to the existing collection of data.

Burden Statement: Public reporting burden for this collection is estimated as:

Number of respondents annually (1)	Number of responses per respondent (2)	Average burden hours per response (3)	Total annual burden hours (1)×(2)×(3)
95	3.5	40	13,300

Estimated cost burden to respondents is \$780,972. (13,300 hours/2080 hours per year times \$122,137 per year average per employee = \$780,972). The cost per respondent is \$8,221. There is a significant increase in the number of respondents and number of filings per respondent since the last renewal request because in the last two years each pipeline has had to file for a change in annual charges whereas previously they did not. However, the annual charge filings are shorter than most other tracking filings which has resulted in a reduction in the burden hours per response.

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, and utilizing technology and systems for the purposes of collecting, validating, verifying, processing, maintaining, disclosing and providing information; (3) adjusting the existing ways to comply with any previously applicable instructions and requirements; (4) training personnel to respond to a collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise disclosing the information.

The estimate of cost for respondents is based upon salaries for professional and clerical support, as well as direct and indirect overhead costs. Direct costs include all costs directly attributable to

providing this information, such as administrative costs and the cost for information technology. Indirect or overhead costs are costs incurred by an organization in support of its mission. These costs apply to activities which benefit the whole organization rather than any one particular function or activity.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology e.g. permitting electronic submission of responses.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP07-459-000]

Algonquin Gas Transmission, LLC; Notice of Proposed Changes in FERC Gas Tariff

May 25, 2007.

Take notice that on May 22, 2007, Algonquin Gas Transmission, LLC (Algonquin) tendered for filing as a part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheets to be effective on June 22, 2007:

Second Revised Sheet No. 529
First Revised Sheet No. 563
First Revised Sheet No. 568

Algonquin states that copies of its filing have been served upon all affected customers of Algonquin and interested state commissions.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR
