Shiloh Industries, Parma, OH; Dismissal of Application for Reconsideration

Pursuant to 29 CFR 90.18(C) an application for administrative reconsideration was filed with the Director of the Division of Trade Adjustment Assistance for workers at Shiloh Industries, Parma, Ohio. The application did not contain new information supporting a conclusion that the determination was erroneous, and also did not provide a justification for reconsideration of the determination that was based on either mistaken facts or a misinterpretation of facts or of the law. Therefore, dismissal of the application was issued.

TA-W-60,822; *Shiloh Industries, Parma, Ohio (May 22, 2007).*

Signed at Washington, DC, this 24th day of May 2007.

Director, Division of Trade Adjustment Assistance.

to a foreign country. The determination also stated that the subject firm sold the Puerto Rico facility to another company.

In the request for reconsideration, the workers alleged that the subject firm shifted production and support functions abroad.

Following the issuance of the negative determination, the Department received new information regarding activities at the subject firm and the affiliated Puerto Rico production facility.

Following a careful review of the workers' request for reconsideration and the above-referenced new information, the Department has determined that further investigation is appropriate.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 25th day of May 2007.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
