**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 203(o)(4) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act (CAFTA-DR Act); the Statement of Administrative Action (SAA), accompanying the CAFTA-DR Act; Presidential Proclamations 7987 (February 28, 2006) and 7996 (March 31, 2006).

**BACKGROUND:**

The CAFTA-DR Agreement provides a list in Annex 3.25 for fabrics, yarns, and fibers that the Parties to the CAFTA-DR Agreement have determined are not available in commercial quantities in a timely manner in the territory of any Party. Articles that otherwise meet the rule of origin to qualify for preferential treatment are not disqualified because they contain one of the products on the Annex 3.25 list.

The CAFTA-DR Agreement provides that this list may be modified pursuant to Article 3.25(4)-(5), when the President of the United States determines that a fabric, yarn, or fiber is not available in commercial quantities in a timely manner in the territory of any Party. The CAFTA-DR Act states that the President will make a determination on whether additional fabrics, yarns, and fibers are available in commercial quantities in a timely manner in the territory of any Party.

The CAFTA-DR Act requires the President to establish procedures governing the submission of a request and providing opportunity for interested entities to submit comments and supporting evidence before a commercial availability determination is made. In Presidential Proclamations 7987 and 7996, the President delegated to CITA the authority under section 203(o)(4) of the CAFTA-DR Act for modifying the Annex 3.25 list. On March 21, 2007, CITA published final procedures it would follow in

considering requests to modify the Annex 3.25 list (72 FR 13256).

On May 2, 2007, the Chairman of CITA received a request from Textiles Capuano, S.A. for certain synthetic staple fibers of the specifications detailed below. On May 4, 2007, CITA notified interested parties of, and posted on its website, the accepted request and requested that any interested entity provide, by May 16, 2007, a response advising of its objection to the request or its ability to supply the subject product, and rebuttals to responses by May 22, 2007.

No interested entity filed a response advising of its objection to the request or its ability to supply the subject product.

In accordance with Section 203(o)(4)(C)(iii)(II) of the CAFTA-DR Act, and its procedures, as no interested entity submitted a response objecting to the request or expressing an ability to supply the subject product, CITA has determined to add the specified fibers to the list in Annex 3.25 of the CAFTA-DR Agreement.

The subject fibers are added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities. A revised list has been published on-line.

**SUPPLEMENTARY INFORMATION:**

**Summary of Information Collection**

The Department of Defense Authorization Act, 1984, Pub. L. 98-94 amended Title 10, section 1079(j)(2)(A) of the U.S.C. and provided the Civilian Health and Medical Program of the Uniform Services (CHAMPUS) with the statutory authority to reimburse institutional providers based on diagnosis-related groups (DRGs). Institutional providers in the CHAMPUS DRG-based payment system, except for children's hospitals (whose capital and direct medical education costs are incorporated in the children's hospital differential), who want to be reimbursed for allowed capital and direct medical education costs must submit a request for payment to the TRICARE/CHAMPUS contractor. The request allows TRICARE to collect the information necessary to properly reimburse hospitals for its share of these costs. The information can be submitted in any form, most likely in the form of a letter. The contractor will calculate the TRICARE/CHAMPUS share of capital and direct medical education costs and make a lump-sum payment to the hospital.

The TRICARE/CHAMPUS DRG-based payment system is modeled on the Medicare Prospective Payment System (PPS) and was implemented on October 1, 1987. Initially, under 42 CFR 412.46 of the Medicare regulations, physicians were required to sign attestation and acknowledgment statements. These requirements were implemented to ensure a means of holding hospitals and physicians accountable for the information they submit on the Medicare claim forms. Being modeled on the Medicare PPS, CHAMPUS also adopted these requirements. The physicians attestation and physician acknowledgment required by Medicare under 42 CFR 412.46 are also required for CHAMPUS as a condition for payment and may be satisfied by the same statements as required for Medicare, with substitution or addition of "CHAMPUS" when the word "Medicare" is used. Physicians sign a physician acknowledgment, maintained by the institution, at the time the physician is granted admitting privileges. This acknowledgment indicates the physician understands the importance of a correct medical record,

and misrepresentation may be subject to penalties.

Dated: June 1, 2007.

*Title, Form, and OMB Number:* Registration for Scientific and Technical Information Services; DD Form 1540; OMB Control Number 0704-0264.

*Needs and Uses:* The data that the Defense Technical Information Center handles is controlled, because of either distribution limitations or security classification. For this reason, all potential users are required to register for service. DoD Instruction 3200.14, Principles and Operational Parameters of the DoD Scientific and Technical Information Program, mandates the registration procedure. Federal Government agencies and their contractors are required to complete the DD Form 1540, Registration for Scientific and Technical Information Services. The contractor community completes a separate DD Form 1540 for each contract or grant, and registration is valid until the contract expires.

*Affected Public:* Business or other-for-profit, Federal Government, and State, local, or tribal government.

*Annual Burden Hours:* 1,667.

*Number of Annual Respondents:* 10,000.

*Annual Responses to Respondent:* 10,000.

*Average Burden per Response:* 10 minutes.

*Frequency:* On occasion.

**SUPPLEMENTARY INFORMATION:**

**Summary of Information Collection**

The DD Form 1540 serves as a registration tool for Federal Government agencies and their contractors to access DTIC services. Potential users registering for services are required to obtain certification from a designated approving official. Collected information is verified by DTIC's Marketing and Registration Division.
