

experiments, Cognitive interviews, and Focus groups.

Since the types of surveys included under the umbrella of the clearance are so varied, it is impossible to specify at this point what kinds of activities would be involved in any particular test. But at a minimum, one of the types of testing described above or some other form of cognitive pretesting would be incorporated into the testing program for each survey.

We will provide OMB with a copy of questionnaires and debriefing materials in advance of any testing activity. Depending on the stage of questionnaire development, this may be the printed questionnaire from the last round of a survey or a revised draft based on analysis of other evaluation data. When the time schedule for a single survey permits multiple rounds of testing, the questionnaire(s) for each round will be provided separately. When split sample experiments are conducted, either in small group sessions or as part of a field test, all the questionnaires to be used will be provided. For a test of alternative procedures, the description and rationale for the procedures would be submitted. A brief description of the planned field activity will also be provided. Requests for information or comments on substantive issues may be raised by OMB within 10 working days of receipt.

The Census Bureau will send OMB an annual report at the end of each year summarizing the number of hours used, as well as the nature and results of the activities completed under this clearance.

The information collected in this program of developing and testing questionnaires will be used by staff from the Census Bureau and sponsoring agencies to evaluate and improve the quality of the data in the surveys and censuses that are ultimately conducted. None of the data collected under this clearance will be published for its own sake.

Because the questionnaires being tested under this clearance are still in the process of development, the data that result from these collections are not considered official statistics of the Census Bureau or other Federal agencies. Data will be included in research reports prepared for sponsors inside and outside of the Census Bureau. The results may also be prepared for presentations related to survey methodology at professional meetings or publications in professional journals.

Affected Public: Individuals or households, businesses or other for-profit organizations, farms.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Legal Authority: Authorizing legislation is based on the questionnaire being tested—Title 13, Sections 131, 141, 161, 181, 182, 193, and 301, for Census-Bureau sponsored surveys; and Title 13 and 15 for surveys sponsored by other Federal agencies.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Dated: June 4, 2007.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

**Submission for OMB Review;
Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Regional Economic Data Collection Program for Gulf Coast Alaska.

Form Number(s): None.

OMB Approval Number: 0648-xxxx.

Type of Request: Regular submission.

Burden Hours: 171.

Number of Respondents: 500.

Average Hours Per Response: Vessel surveys, 20 minutes; small business surveys, 15 minutes; fish processor surveys, 40 minutes.

Needs and Uses: The data to be collected via this project will be used for developing regional economic models for Gulf Coast Alaska fisheries. Much of the data required for regional economic analysis associated with Gulf Coast Alaska fisheries are either unavailable or unreliable. Accurate

fishery-level data on employment, labor income, and expenditures in the Gulf Coast Alaska fishery and related industries are not currently available but are needed to estimate the effects of fisheries on the economy of Gulf Coast region Alaska. In this survey effort, data on these important regional economic variables will be collected and used to develop models that will provide more reliable estimates and significantly improve policy-makers' ability to assess policy effects on fishery-dependent communities in Gulf Coast region Alaska. The respondents in this survey will be the owners of the vessels landing fish at ports in Gulf Coast region Alaska.

Affected Public: Business or other for-profit.

Frequency: One time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: June 4, 2007.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

North American Free-Trade Agreement (NAFTA), Article 1904 Binational Panel Reviews

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of decision of panel.

SUMMARY: On June 1, 2007, the binational panel issued its decision in the review of the final determination made by the International Trade Administration, respecting Oil Country Tubular Goods from Mexico Final Results of Sunset Review of Antidumping Duty Order, Secretariat

File No. USA-MEX-2001-1904-03. The binational panel remanded the redetermination on remand to the International Trade Administration. Copies of the panel decision are available from the U.S. Section of the NAFTA Secretariat.

FOR FURTHER INFORMATION CONTACT: Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of the final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter has been conducted in accordance with these Rules.

Panel Decision: The Panel ordered the Department as follows:

That this case be remanded to the Department for the Department to make a determination consistent with the decision of this Panel to the effect that the evidence on the record does not support a finding of likelihood of recurrence or continuation of dumping upon revocation of the antidumping duty order, and to make that determination within ten (10) days from the date of this Fifth Panel Decision, or not later than June 11, 2007.

Dated: June 4, 2007.

Caratina L. Alston,
United States Secretary, NAFTA Secretariat.

BILLING CODE 3510-GT-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Vessel Monitoring System Requirements in the Western Pacific Pelagic Longline Fishery

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before August 7, 2007.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Walter Ikehara, 808-944-2275 or Walter.Ikehara@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The commercial fishing vessels active in the Hawaii-based pelagic longline fishery must allow the National Marine Fisheries Service (NMFS) to install vessel monitoring system (VMS) units on their vessel when directed to do so by NMFS enforcement personnel. VMS units automatically send periodic reports on the position of the vessel. NMFS uses the reports to monitor the vessel's location and activities while enforcing longline fishing area closures. NMFS pays for the units and messaging.

II. Method of Collection

The only information collected is vessel position reports, which are automatically transmitted via the VMS.

III. Data

OMB Number: 0648-0441.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 164.

Estimated Time Per Response: 4 hours to install a VMS unit; 2 hours per year

to repair and maintain a VMS unit; and 24 seconds a day to transmit hourly automated position reports from a vessel.

Estimated Total Annual Burden Hours: 399.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: June 4, 2007.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.
