SUPPLEMENTARY INFORMATION:

Regulatory History

On April 16, 2007, we published a notice of proposed rulemaking (NPRM) entitled "Safety Zone; Beverly Homecoming Fireworks, Beverly Harbor, MA" in the *Federal Register* (72 FR 18931). We did not receive any letters commenting on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

This rule establishes a safety zone on the navigable waters of Beverly Harbor within a 500 yard radius around the fireworks barge located at approximate position 42°32.650' N, 070°51.980' W. The safety zone is in effect from 8:30 p.m. EDT until 11:30 p.m. EDT on August 5, 2007.

The safety zone temporarily restricts movement within this portion of Beverly Harbor and is needed to protect the maritime public from the dangers posed by a fireworks display. Marine traffic may transit safely outside of the zone during the effective period. The Captain of the Port does not anticipate any negative impact on vessel traffic due to the event. Public notifications will be made prior to the effective period via marine information broadcasts and Local Notice to Mariners.

Discussion of Comments and Changes

The Coast Guard did not receive any comments from the public in response to the NPRM and as a result, no changes have been made to this temporary final rule.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that
